Commenting Opportunities: Animal Health

Last Modified:

Tell us what you think!

Public participation is vital to the regulatory and decision-making process at APHIS. Your input helps us make better-informed decisions about actions that may interest or impact you. We offer many opportunities for public comment on animal health issues. You can view and provide feedback on proposed rules, concept papers, pest

and disease lists, and more.

Ongoing Opportunities for Comment

Animal and Plant Diseases and Pests of Concern

For the 2018 Farm Bill, APHIS developed a list of 59 pests and diseases that pose the most significant threat to U.S. agriculture. If you have information about a pest not included on our list or has the potential to harm agriculture, please let us know here.
