Health Certificate No._____
Valid only if the USDA Veterinary Seal Appears Over the Certificate No.

VETERINARY CERTIFICATE FOR MILK AND MILK PRODUCTS EXPORTED TO TURKEY FROM THE UNITED STATES

I. Name and address of the exporter

II. Product (quantity, unit of measure, and kind)

III. Identification of shipment / Conveyance

IV. Name and address of the consignee

This is to certify that:

Products come from a facility officially authorized to process milk and milk products by the competent authority in the United States. The raw materials and pasteurized milk derivatives used to produce their product are from clinically healthy animals, free from signs of any disease transmissible by pasteurized milk products. The products were produced and packaged under the US system of rules and regulations for dairy products.

The United States is free of foot-and-mouth disease (and has been for greater than 24 months).

The certified products are free for sale for human consumption in the United States.
