USDA-APHIS NATIONAL VETERINARY ACCREDITATION PROGRAM SUPPLEMENTAL TRAINING MODULE COMPLETION CERTIFICATE

Module 23: Use of Antibiotics in Animals

Content Finalized: May 2012

The content in this module has been approved expressly to serve as one unit of supplemental training for participants in USDA's National Veterinary Accreditation Program. Please ensure you complete, sign, and retain this certificate stating that you have read the contents of this web-based module. This certificate will be your only proof of having completed this module and will need to be provided to the appropriate official should APHIS audit your accreditation supplemental training records in the future. Contact your USDA Veterinary Services (VS) Area Office for more details on accreditation renewal.
