

Welcome to VSPS
Accredited Veterinarians

Thank you for your interest in the *Veterinary Service Process Streamlining (VSPS)*.

USDA is transitioning from USDA eAuthentication to Login.gov effective September 11, 2023.

If you only need to access the Vet Accreditation/National Veterinary Accreditation Program (NVAP) module in VSPS to renew your accreditation, update your address information, update your Category level, and/or add an additional authorization State you **DO NOT** need to go through the identity verification step. (Step 2 below).

The login.gov identify verification step (Step 2 below) is only required if you want to create Interstate Certificates of Veterinary Inspection (CVI)s in VSPS and/or create Equine Infectious Anemia (EIA)/Coggins test records.

Step 1: Creating a Login.gov Account

USDA is transitioning from USDA eAuthentication to Login.gov ([more information here](#)).

As of September 11, 2023, new users who need a login to VSPS must register for a login.gov account:

- Login.gov has step-by-step instructions here:
<https://www.login.gov/help/get-started/create-your-account/>
- Note that when you use login.gov, in addition to entering your password, you will be prompted to enter an authentication code depending on the multi-factor authentication methods selected when you created the Login.gov credentials.

If you need help with obtaining your login.gov account, visit: [Contact us | Login.gov](#)

Step 2: Verify your identity for your Login.gov account

****This step is only required if you want to create Interstate CVI's and Coggins in VSPS****

After you have created your login.gov account, you must verify your identity by going to the link below.
<https://www.eauth.usda.gov/eauth/b/usda/registration/oidp/elevate>

For reference, the steps required to verify your identity are located on this Login.gov Help Center page:
<https://www.login.gov/help/verify-your-identity/how-to-verify-your-identity/>

Step 3: Creating a VSPS Profile and requesting the Veterinarian Role

Log into VSPS with your login.gov account by going to the following web address and click LOG IN:

<https://vsapps.aphis.usda.gov/vsps/>

Welcome to VSPS: Veterinary Services Process Streamlining

VSPS provides a consistent and standard method of data capture at all levels and provides data dissemination to the appropriate existing databases. This provides a more comprehensive analysis tool for animal tracking and disease analysis which in turn, would allow VS to respond quickly to any threats to animal health in the United States.

VSPS Users:
Login here **LOG IN**
No login necessary when performing a public search. Use the search link to the right.
