2023-APHIS-02458-F	Leung, Das	-	I wanted to reach out for APHIS records of plant imports. I do not know which inspection station it passed through. To be more precise, I am looking for records on Musa spp. (banana/plantain) propagules being imported from Sinaloa, Mexico in the 1980s by a now defunct business called Stallings Nursery in Encinitas. I spoke with (b) (6) who ran Stallings, and he recalled that there were phytosanitary certificates accompanying the samples. (b) (6) also told me there were at least 3 varieties brought over, but the one crucial to my research is a variety called Ha'a/Haahaa/Haa Haa or derivatives based off that name. Other records on banana varieties imported by Stallings Nursery would be beneficial, as there may be other varieties that are understudied or currently considered extinct as Ha'a is (Kepler & Rust, 2011, p. 88).	3/7/2023
