January 2019	40	0	20804
February 2019	50	0	20854

There were 5 surveillance inspections conducted at 5 different sites for a total of 50 fish sampled this month. Samples are targeted to moribund and fresh mortalities when possible. The water temperatures continued to decrease in response to the colder air temperatures. There were no cages confirmed this month. All of the sites with fish in the water remained Category 1 and were scheduled for monthly sampling (weather prohibited testing of some sites).
