Need Training Assistance with VS Surveillance Data Management Applications?

Did you know Surveillance Data Management Training Network Associates are available to assist you with VS surveillance data management applications, including SCS, SCS-Scrapie, CLSM, and VSLS? Network Associates can assist with day-to-day training needs in addition to scheduled formal training sessions. If you use VS Surveillance Data Management applications and need training assistance or have a question, please email or call a network associate.

To reach the first available SDM Training Network Associate, email:
