

Biologics Sample Submissions - (APHIS 2020) "Special Request"

* **Special Test Request (STR)** applies to samples pre-authorized by the CVB, such as those for prelicense testing, or testing of Master Seeds or Master Cells.

Only users with the **Sampler Role** can enter sample information and generate Packing Slips to be shipped with samples.

For all types of sample submissions, start by entering the CVB section of the Portal and then navigating to the Sample Submission Form.

You will be taken to the Biologics Sample Submission Form.

Packaged Shipped With - Samples shall be kept under refrigeration at 35° - 45°F (2° - 7°C) unless otherwise speci-fied in the approved Outline of Production (9 CFR 114.11).

Size:

Number of Containers—See VSM 800.59 for guidance (9 CFR 113.3)

Amount Per Container – The number of doses/mLs/Units per container.

If more than one sample size is submitted, use the smallest volume for entry. However, multiple dose sizes submitted should be entered into the Remark Section.

If the volume is less than 1 unit, round the number up to 1. If the volume is not a whole number, but is greater than 1 (i.e. 10.5 mL), round down to the nearest whole number.

Type – Doses, mL Units. For diagnostic test kits, use units.

Sample Type—Final samples should be submitted in most cases, unless directed by the CVB.

Contains Thimerosal?—Utilize this check box if the product contains Thimerosal.
