C.O.D. SHIPMENTS.

No carrier or intermediate handler shall accept any animal for transportation, in commerce, upon any C.O.D. or other basis where any money is to be paid and collected upon delivery of the animal to the consignee, unless the consignor guarantees in writing the payment of all transportation, including any return transportation, if the shipment is unclaimed or the consignee cannot be notified in accordance with paragraphs (b) and (c) of this section, including reimbursing the carrier or intermediate handler for all out-of-pocket expenses incurred for the care, feeding, and storage or housing of the animal.

There was no statement included on the air bill number 35983544 that the consignor would pay for all charges incurred during transport for the puppies being transported.

The consignor must guarantee to the carrier all charges that may be incurred during transport to ensure the health and wellbeing of the animals being transported.

The dealer must sign a statement guaranteeing all charges incurred for animals shipments made through carriers.

Correct immediately. This affects 8 puppies indirectly.

3.16 (a)

FOOD AND WATER REQUIREMENTS.

Each dog and cat that is 16 weeks of age or more must be offered food at least once every 24 hours. Puppies and kittens less than 16 weeks of age must be offered food at least once every 12 hours. Each dog and cat must be offered potable water at least once every 12 hours. These time periods apply to dealers, exhibitors, research facilities, including Federal research facilities, who transport dogs and cats in their own primary conveyance, starting from the time the dog or cat was last offered food and potable water before transportation was begun. These time periods apply to carriers and intermediate handlers starting from the date and time stated on the certificate provided under Sec. 3.13(c) of this subpart. Each dog and cat must be offered food and potable water within 4 hours before being transported in commerce. Consignors who are subject to the Animal Welfare regulations (9 CFR parts 1, 2, and 3) must certify that each dog and cat was offered food and potable water within the 4 hours preceding delivery of the dog or cat to a carrier or intermediate handler for transportation in commerce, and must certify the date and time the food and potable water was offered, in accordance with Sec. 3.13(c) of this subpart.

The animals shipped under air bill number 35983544 did not have food and water instructions clearly written on the labels of the crates containing 8 puppies.

Food and watering instructions are required to ensure that animals shipped by carriers receive the food and water required for their health and wellbeing during transit.

Provide food and water instructions on all animal shipments via carriers.

Correct immediately. This affects 8 puppies indirectly.

This inspection was conducted at the Cargo Transfer Area of the Minneapolis-St. Paul International Airport.

End of report.
