Inspection

Type: ROUTINE INSPECTION

Date: FEB-06-2003

All redactions on this page are pursuant to (b)(6) & (b)(7)(c).

NO NONCOMPLIANCES NOTED

The location is at the Gateway Shopping Center in Jacksonville, Florida.

The tigers are owned by [redacted] and being exhibited under Mitchel Kalmanson's license number which is above. The group is traveling with the Universal Soul Circus. The circus has no license with the USDA. The individual animal acts traveling with the circus each have their own exhibitor's license.

This inspection was precipitated due to the escape of a tiger (Chad) the day before yesterday. The escape has already been investigated by the State Fish and Game Commission of Florida and found to be due to human error (new employee). The employee has been reprimanded and received further training. The tiger was recaged immediately with no injuries to the public. A cage door to the exercise pen was inadvertently left open when a transport cage was removed from the opening.

NOTE - One tiger (Mikel) has a bite injury on back left foot. It is under treatment prescribed by the attending veterinarian.

NOTE - Left several blank copies of APHIS FORM 7019 RECORD OF ANIMALS ON HAND to better organize their inventory.

INVENTORY - TIGERS - 8 (6 WHITE & 2 ORANGE); (Two tiger cubs and one black leopard cub are traveling with the group but not being exhibited. These are owned by [redacted])
