RIN 1625-AA01

Anchorage; Captain of the Port Puget Sound Zone, WA

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

II. Background, Purpose, and Legal Basis

Previous rulemakings defined a number of anchorages and one non-anchorage area throughout the greater Puget Sound area. Since those rulemakings, additional informal anchorages, holding areas, and a non-anchorage area have been utilized to accommodate the wide variety of vessels now calling on Puget Sound ports. Coast Guard Vessel Traffic Service (VTS) Puget Sound, working with shipping agents, pilots, and other stakeholders, identified and started using these anchorages and areas to improve the safety of maritime traffic. Because these anchorages and areas are not formally established, however, they are not included on nautical charts, referenced in the Coast Pilot, or subject to regulations. Accordingly, this proposed rule would formally designate these anchorages and areas. In addition, it would establish new and clarify existing regulations governing the use of all anchorages and areas in the Puget Sound area. The purpose of these actions is to improve the safety of all Puget Sound waterway users. The Coast Guard proposes this rulemaking under the authority established in 33 U.S.C. 471, 1221 through 1236, 2071; 33 CFR 1.05-1; and Department of Homeland Security Delegation No. 0170.1.

III. Discussion of Proposed Rule

This rulemaking proposes the creation of several new anchorages, holding areas, and a non-anchorage area as well as the expansion of one existing general anchorage in the Puget Sound area, as detailed in the proposed regulatory text. Graphic depictions of the anchorages, holding areas, and non-anchorage area are included in the docket. In general, they are located in the vicinity of Port Townsend, Commencement Bay, Port Angeles, Vendovi Island, Quartermaster Harbor, and Budd Inlet. The proposed anchorages and areas have been used for many years informally, however, they
