

**U.S. Department of Agriculture (APHIS) – U.S. Customs and Border Protection (AI)
SOUTHERN BORDER VEHICLE- AQI MONITORING DATA**

Port: _____ Bridge/Crossing: _____ Date: _____

IMPORTANT: With multiple passengers in vehicle, determine if driver is just "giving a ride". If so, gather data on passengers going to or staying at US destination.

- a) Time: _____ b) Pax Origin: _____ c) Origin: Local Distant d) Pax Destination: City: _____ State: _____
(list Mexican State) (no abbreviations)
- e) Destination: Local Distant f) Number of Pax: _____ g) Status: U.S. Citizen Res. Alien Other
Vehicle License: _____
- h) Reason for Travel: Business/ Tourist Family Visit Visit Friends Shop/Dine School Gambling/ Other i) State/Country: _____ Lic .Number: _____
Work Entertainment
- j) Vehicle Type : Car/Station Wagon Sport Utility Commercial Van Family Van Truck Recreational Vehicle Inspected By: _____
- k) **Have been** on a farm or ranch/near livestock? No Yes l) Going to a farm or ranch? No Yes m) **Any item(s) of agricultural interest?** No Yes

*Action: S - Seized ; IR – Inspect & Release CT – Clean/Treatment			** Found in Vehicle:: 1 – Passenger Seating Area; 2 – Trunk; 3 – Storage Area; 4 – Truck Bed; 5 – Concealed					***Found In: 1-Luggage; 2- Grocery/Shopping Bag 3- Cooler; 4- Carton/Box; 5- Other		
Item	Amount	Declared No Yes	Action Taken*	Found In Vehicle **	Found In***	Pest Pres. No Yes	Contaminant No Yes	Pest Number	Pest Identification Or Contaminant

INSTRUCTIONS – SOUTHERN BORDER VEHICLE AQIM

IMPORTANT

- Data fields A through M must be filled in for a completed monitoring record even if no agriculture item(s) are found.
- If answer to data field M is Yes, then record Item, Origin of Item, Amount, Declared, Action Taken, Where Found in Vehicle, Found In, Pest Present, Contaminant, and if appropriate, Pest Number and Pest Identification or Contaminant. All QMIs found need to undergo 100% inspection for pests.
- All pest types and quantities found on QMIs must be recorded on pest interception form(s). Also record “NONE” if no pests were found. See Pest Number explanation below.
- **IMPORTANT: BE SURE DATA CAPTURED IS ABOUT THE PASSENGER(S) WHO HAD ITEMS OF AG INTEREST, MAY NOT BE DRIVER**

Record Port, Bridge/Crossing, and Date of Inspection.

- a) Time: Record, in military time, the time of day the inspection began.
- b) PAX Origin: Determine the vehicle occupants who are actually going to a (and/or staying at a) US destination. Then record the vehicle's/passenger's country of origin and, if Mexico, record the Mexican State of origin. Spell out the origin name.
- c) Origin: Check if the vehicle/passenger origin was Local (port discretion but less than 50 miles) or Distant.
- d) PAX Destination: Record the passenger's primary City and State of destination in US. Do not use letter codes for city name. **Spell city fully and consistently. Use 2 letter State code.** If going to multiple destinations, record last or final city/state destination. If in transit to foreign country, indicate “in transit” (IT) for City and State.
- e) Destination: Check if the vehicle/passenger destination was Local (port discretion but less than 50 miles) or Distant.
- f) Number of PAX: Record the number of ALL passengers in the vehicle **INCLUDING** the driver.
- g) Status: If not the driver, determine the vehicle occupants who are actually going to a US destination and check the appropriate response. If multiple status types, indicate the majority type.
- h) Reason for Travel: Check only one response. Check the primary purpose for going to US. If returning home to US, check reason for travel to Mexico. Examples: Attending wedding, religious services=Visit Friends; golf, fishing & other recreation/sports activities = Tourist; shows, movies, etc.
- i) Vehicle License Plate: Record (U.S. State or Mexican State) & Number of plate.
- j) Vehicle Type: Check the appropriate response.
- k) Have been on a Farm or Ranch or Near Livestock? Check Yes or No to if vehicle/passenger(s) were on a farm (whether animal or crop farm) or near livestock within the last 30 days while in a foreign country.
- l) Going to a Farm or Ranch in United States? Check Yes or No to if vehicle/passenger(s) will be going to a farm environment (whether animal or crop farm) within the next 30 days.
- m) Any Item(s) of Agricultural Interest? Check whether the passenger(s) has an item of agriculture interest. Agriculture interest is defined as items (such

as plants, plant products, meat or animal products, shoes, .etc.) that require CBP's attention for purposes of regulation, inspection for pests, seizure, cleaning, verifying paperwork...etc.

Inspected By: Print the name or badge number of the person responsible for the inspection of the passenger(s) selected. This data is for local office use, it is not recorded in the monitoring database.

List Item: Record the name of each item of agricultural interest found during the inspection. List one item per line, beginning with item seized then items cleaned or treated and finally items inspected and released.

Amount: Weight data is important as a standard for risk analysis. Most items can be recorded as a weight. Indicate the weight in kilograms, up to a TENTH (.0) OF A KILOGRAM. Obtain or accurately estimate weight of items (apple, orange, etc.) whenever possible. For plant items (flowers, etc) record number of stems or pieces. For items not practical for obtaining weight (shoes, trophies, etc.), record the quantity of these as unit EACH.

Declared: Check the appropriate response to indicate if item was officially declared to CBP.

Action Taken: Record the appropriate response using codes

Where Found In Vehicle: Record the appropriate response using codes.

Found In: Record the appropriate response using codes.

Pest Pres(ent): Check correct response to indicate if a pest was found.

Record if Reportable or Actionable pests, if status not known yet, make sure to update record.

Contaminant: Check the appropriate response.

Pest Number: If a pest is found, send all pests intercepted to identifier personnel for identification. Mark the interception “**PROMPT: AQI**

MONITORING”. Record Reportable or Actionable pests

only. Make sure to update record with interception number(s). This may need to be done at a later time or by local identification personnel.

Pest Identification or Contaminant: Record the official ID for all reportable / actionable pests or list the contaminant.
