

**Basis for changes to the Potato Cyst Nematode (PCN) regulated area
March 21, 2008**

Since the last update to the PCN Regulated Area on January 8, 2008, 24 fields (approximately 1403 acres in total) have been released from regulation under the Federal PCN Interim Rule (published Nov 1, 2007).

The locations of the deregulated fields as follows: T01N R37E sections 21, 22, 23, 26, 28, 29, 31, 33, 34, and 36 (Bingham County), T01N R37E sections 10, 12, 14, and 15 (Bonneville County), and T01N R38E section 19 (Bonneville County).

These fields were deregulated after completing the release protocol (comprised of a sequence of surveys with negative lab results), in accordance with the Federal PCN Interim Rule subpart 301.86-3(d)(2) *Removal of fields from quarantine – Associated Fields*.
