## How to Obtain a Premises Identification Number (PIN) or Location Identifier (LID) - State Specific Information:

Last Modified:

[Print](#)

A premises identification number (PIN) or location identifier (LID) is a unique code that is permanently assigned to a single physical location. PIN or LID registration is administered by each State and allows animal health officials to quickly and precisely identify where animals are located in the event of an animal health or food safety emergency. A PIN or LID is required to purchase official animal identification tags.

**Click on a State to learn more about how to obtain a PIN or LID in that State:**

State list
