Veterinary certificate to EU

Part I: Details of dispatched consignment	I.1. Consignor Name Address Tel. No		I.2. Certificate reference number	I.2.a.			
			I.3. Central Competent Authority				
			I.4. Local Competent Authority				
	I.5. Consignee Name Address Postal code Tel. No		I.6. Person responsible for the consignment in EU Name Address Postal code Tel. No				
	I.7. Country of origin	ISO code	I.8. Region of origin	Code	I.9. Country of destination	ISO code	I.10.
	I.11. Place of origin Name Address Approval number		I.12. Place of destination Custom warehouse <input type="checkbox"/> Name Address Approval number Postal code				
	I.13. Place of loading		I.14. Date of departure				
	I.15. Means of transport Aeroplane <input type="checkbox"/> Ship <input type="checkbox"/> Railway wagon <input type="checkbox"/> Road vehicle <input type="checkbox"/> Other <input type="checkbox"/> Identification: Documentary references:		I.16. Entry BIP in EU I.17.				
	I.18. Description of commodity			I.19. Commodity code (HS code) 30.02			
				I.20. Quantity			
I.21. Temperature of product Ambient <input type="checkbox"/> Chilled <input type="checkbox"/> Frozen <input type="checkbox"/>			I.22. Number of packages				
I.23. Identification of container/Seal number			I.24. Type of packaging				
I.25. Commodities certified for: Technical use <input type="checkbox"/>							
I.26. For transit to third country vis-à-vis EU <input type="checkbox"/> 3rd country		I.27. For import or admission into EU <input type="checkbox"/> ISO code					
I.28. Identification of the commodities Species (Scientific name) Approval number of establishments Manufacturing plant							

COUNTRY

Serum from equidae for technical purposes including pharmaceuticals,
in vitro diagnosis and laboratory reagents

		II.a.	Certificate reference number	II.b.
Part II: Certification	II. Health attestation	I, the undersigned official veterinarian, declare that I have read and understood Regulation (EC) No 1774/2002 ⁽¹⁾ and certify that the serum of equidae described above:		
	II.1.	consist of serum from equidae that satisfy the health requirements below;		
	II.2.	consist exclusively of serum of equidae not intended for human nor animal consumption;		
	II.3.	comes from a country where the following diseases are compulsorily notifiable: African horse sickness, dourine, glanders, equine encephalomyelitis (all types including VEE), equine infectious anaemia, vesicular stomatitis, rabies, anthrax;		
	II.4.	was obtained, under the supervision of a veterinarian, from equidae which, at the time of collection, were free from clinical signs of infectious disease or were obtained from equidae that passed ante-mortem inspection at the time of slaughter;		
	II.5.	was obtained from equidae that have remained since birth in the territory or, in case of official regionalisation according to Community legislation, in parts of the territory of a third country in which:		
		(a) Venezuelan equine encephalomyelitis has not occurred during the last two years;		
		(b) dourine has not occurred during the last six months; and		
		(c) glanders has not occurred during the last six months;		
	II.6.	was obtained from equidae that had never been present on a holding that had been subject to prohibition for animal health reasons or where:		
(²) either	[(a) in the case of equine encephalomyelitis, the date on which all the equidae suffering from the disease were slaughtered was at least six months before the date of collection;			
	(b) in the case of infectious anaemia, all the infected animals had been slaughtered and the remaining animals showed a negative reaction to two Coggins tests carried out three months apart;			
	(c) in the case of vesicular stomatitis, the prohibition was lifted at least six months before the date of collection;			
	(d) in the case of rabies, the last recorded case was at least a month before the date of collection; and			
	(e) in the case of anthrax, the last recorded case was at least 15 days before the date of collection;]			
(²) or	[all the animals of species susceptible to the disease located on the holding were slaughtered and the premises disinfected, at least 30 days before the date of collection (or, in the case of anthrax, at least 15 days before);]			
II.7.	has undergone all precautions to avoid contamination with pathogenic agents during production, handling and packaging;			
II.8.	was packed in sealed impermeable containers clearly labelled 'serum from equidae' and bearing the registration number of the establishment of collection.			
<i>Notes</i>				
Part I:				
—	Box reference I.6: Person responsible for the consignment in EU: this box is to be filled in only if it is a certificate for transit commodity; it may be filled in if the certificate is for import commodity.			
—	Box reference I.12: Place of destination: this box is to be filled in only if it is a certificate for transit commodity. The products in transit can only be stored in free zones, free warehouses and custom warehouses.			
—	Box reference I.15: Registration number (railway wagons or container and lorries), flight number (aircraft) or name (ship); information is to be provided in case of unloading and reloading.			
—	Box reference I.23: for bulk containers, the container number and the seal number (if applicable) should be included.			
—	Box reference I.26 and I.27: fill in according to whether it is a transit or an import certificate.			
—	Box reference I.28: Manufacturing plant: provide the veterinary control number of the registered establishment of collection.
