

## **Pork Blood Products for use in Pet Food Production**

Poland has agreed to allow pork blood to be imported into Poland on the Regulation (EC) 1774/2002 Chapter 3(B) “*Health certificate for processed pet food other than canned pet food, intended for dispatch to or transit through the European Union*” if the pork blood is intended for the production of pet food.

For information on obtaining the Chapter 3(B) Health Certificate please visit the general information file on the European Union.
