October 2020	45	0	23381
November 2020	35	0	23416

There were 7 surveillance inspections conducted at 7 different sites for a total of 35 fish sampled this month. Samples are targeted to moribund and fresh mortalities when possible. The water temperatures continued to decrease in response to the cooler temperatures. All sites with fish in the water remained Category 1 and were scheduled for monthly sampling. No cages were confirmed positive this month.
