

Inedible Beef Tallow

APHIS only certifies tallow not produced under FSIS supervision. The product description must note that the tallow is “inedible.”

The material must be exported on a VS Form 16-4 stating:

“Certified materials have been tested and found to have a level of insoluble impurities of 0.15 percent or less.”

This certification must NOT be provided on the basis of an affidavit.

Other certification requirements have not been determined.
