Health Certificate

Gesundheitsbescheinigung

VETERINARY CERTIFICATE FOR THE EXPORT OF LIVE FISH, FERTILIZED EGGS, AND GAMETES FROM TILAPIA LAKE VIRUS (TILV) - SUSCEPTIBLE SPECIES FROM THE NETHERLANDS TO THE UNITED STATES

I. IDENTIFICATION OF THE ANIMALS

Product no.	Product	Species (Scientific name)	Identification number	Country of origin	Quantity

Total quantity of animals :
Total number of :
packages/containers :
Intended use of the animals :
Container number :
Import permit number :

II. ORIGIN OF THE ANIMALS

Product no.	Approval no.	Name and address

Name and address consignor :
Date of veterinary inspection :
Port of embarkation :

III. DESTINATION OF THE ANIMALS

Means of conveyance :
Identification of the means of :
conveyance :
Country of transit :
Port of entry :
Name and address consignee :

IV. HEALTH INFORMATION

The official veterinarian of the exporting country's competent authority must certify the following statements:

- Either^(*) Tilapia from this population to be exported tested negative for TiLV within thirty (30) days prior to export;
Or^(*) The facility of origin participates in an ongoing TiLV monitoring program for species susceptible to TiLV, by testing negative twice annually for a minimum of two (2) consecutive years, with at least three (3) months between tests;
- And Populations were sampled using an assumed pathogen prevalence of two (2) percent, with a corresponding confidence level of ninety-five (95) percent, and found negative for TiLV;
- And Samples were collected by an official veterinarian, or certifying official, representing the Competent Authority;
- And Either^(*) Samples were tested per the OIE;
Or^(*) Samples were tested per a laboratory testing method reviewed and approved

- by the USDA prior to export;
2. No OIE-listed disease(s) affecting tilapia was/were diagnosed at the premises of origin within sixty (60) days prior to export;
 3. Either^(*) The tilapia originate in the exporting country;
Or^(*) The tilapia were legally imported and verified to be of equal health status before entering the population for export;
 4. The tilapia were inspected by an official veterinarian of the exporting country's competent authority within seventy-two (72) hours prior to export, and showed no clinical signs of disease;
 5. Either^(*) All shipping containers are new;
Or^(*) All shipping containers have been properly cleaned and disinfected prior to use to ensure removal of organic material and mitigation of diseases of concern the species is susceptible to;
 6. The shipment will ship directly to the United States with no stops en route other than those provided for on the USDA import permit per Chapter I.

After the animal inspection, the health certificate is valid for seventy-two (72) hours prior to export.

Note:
