See the attached document below for additional information requesting records.

2021-APHIS-00838-F	Tucker, Bruce	Navajo County Sheriff's Office	11/16/2020	12/15/2020	Mr. Caldwell is alleging that this yellow helicopter flew over his personal property, resulting in his feral swine stampeding through the fence surrounding his property and upon exiting the fenced property, were subsequently shot by the occupants of the helicopter. Deputies from the Navajo County Sheriff's Office did observe various animals as reported by Mr. Caldwell, who had been shot and were deceased. Other animals were not deceased but had sustained gunshot wounds, some mortally wounded and suffering, others only wounded and who returned inside of Mr. Caldwell's fenced property. Many of the deceased or wounded animals were left to die or already dead, in a waterway known as the Little Colorado River canyon. Investigators with the Navajo County Sheriff's Office need to have verification that this was or was not an operation conducted by the US Department of Agriculture. Furthermore, investigators need to determine if this was a sanctioned operation of the US Department of Agriculture (as described in the National Feral Swine Damage Management 5 Year Report found on the USDA Animal and Plant Health Inspection Service website). As this aircraft entered Navajo County at very low altitudes and a firearm was fired from this aircraft without any advanced notice to local or state law enforcement, it is believed that such actions may have endangered the lives of persons on the ground, the shooting of the feral swine may be considered as cruelty to animals according to Arizona Revised Statutes 13 - 2910, and may have violated other local laws. As a result, please see the included Grand Jury subpoena for records from the United States Department of Agriculture in relation to this on-going investigation. These records are anticipated to be of assistance the Navajo County Sheriff's Office in determining what further course of action, if any, need be taken by law enforcement regarding Mr. Caldwell's allegations as a private citizen who has suffered the loss of property and potentially been the victim of inappropriate conduct. Please provide the requested records in compliance with the subpoena as directed.

Examination determined the cargo and/or solid wood packaging material (SWPM) of these shipments were infested with live pests. As a safeguarding measure, all cargo and SWPM was tarped immediately by a USDA compliant firm to prevent the spread of pests. These shipments were placed on hold with U.S. Customs and Border Protection Agriculture and not manipulated or removed from the Port of Entry until they were re-exported. We are kindly requesting photos of the live insects found during the Customs examination as well as the photos from the USDA lab. (Date Range for Record Search: From 11/08/2020 To 11/20/2020)

2021-APHIS-00642-F	(b) (6)	People for the Ethical Treatment of Animals	11/2/2020	12/2/2020	Dear FOIA Officer, I hope this e-mail finds you well. This request is made on behalf of People for the Ethical Treatment of Animals (PETA) under the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552.
