participate fully in the work of the Committee. Such experience could come from involvement with industry/trade groups, farming/ranching, marketing, teaching, studying, as well as other forms of relevant expertise. All members of the Committee may be designated representatives or Special Government Employees under FACA rules. They shall serve on a voluntary basis and without compensation. Members shall be entitled to receive reimbursement for travel expenses and per diem in accordance with Standard Government Travel Regulations. Other aspects of Committee membership and designation are as follows:

- a. This Committee will be fairly balanced in its membership in terms of the points of view represented and the functions to be performed. Steps will be taken to encourage divergent points of view, such as establishing staggered membership terms and limiting the number of renewed memberships. The Committee shall consist of no more than twenty people appointed by the Secretary of Agriculture.
- b. USDA APHIS shall select a Chairperson and Vice Chair upon consultation with the members of the Committee. The chairperson should be an individual recognized for their ability to lead a group in a fair and focused manner and who has been briefed on the mission of this Committee. A co-chairperson may be assigned to facilitate chairperson succession.
- c. Equal Employment Opportunity practices in accordance with USDA policies will be followed in all appointments to the Committee. To ensure that the recommendations of the Committee have taken into account the needs of the diverse groups served by USDA, membership will include to the extent possible, individuals with demonstrated ability to represent minorities, women, and persons with disabilities.
- d. The USDA prohibits discrimination in all of its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, political beliefs, genetic information, reprisal, or because all or part of an individual's income is derived from any public assistance program.
- e. To maintain the highest levels of honesty, integrity and ethical conduct, no Committee or subcommittee member shall participate in any "specific party matters". For example, matters which are narrowly focused and typically involve specific transactions between identified parties; such as a lease,

license, permit, contract, claim, grant, agreement, or related litigation with the Department in which the member has a direct or indirect financial interest. This includes the requirement for Committee or Subcommittee members to immediately disclose to the DFO (for discussion with USDA's Office of Ethics) any specific party matter in which the member's immediate family, relatives, business partners or employer would be directly seeking to financially benefit from the Committee's recommendations. Members of the Committee shall be required to disclose their direct or indirect interest in leases, licenses, permits, contracts, or claims that involve lands or resources administered by the USDA or in any litigation related thereto.

All members will receive ethics training to identify and avoid any actions that would cause the public to question the integrity of the Committee's advice and recommendations. Members who are appointed as "Representatives" are not subject to Federal ethics laws because such appointment allows them to represent the point(s) of view of a particular group, business sector, or segment of the public.

Members appointed as "Special Government Employees" (SGEs) are considered to be intermittent Federal employees and are thus subject to Federal ethics laws. SGE's are appointed due to their personal knowledge, academic scholarship, background, or expertise. No SGE may participate in any activity in which the member has a prohibited financial interest. Appointees who are SGEs are required to complete and submit a Confidential Financial Disclosure Report (OGE-450 form) and, upon request, USDA will assist SGEs in preparing these financial reports. To ensure the highest level of compliance with applicable ethical standards USDA will provide ethics training to SGEs on an annual basis. The provisions of these paragraphs are not meant to exhaustively cover all Federal ethics laws and do not affect any other statutory or regulatory obligations to which advisory committee members are subject.

13. Subcommittees

USDA APHIS has the authority to create subcommittees and may form subcommittees for purposes consistent with this charter. All subcommittees must report back to the parent committee and may not provide advice or work products directly to the Agency.

Subcommittee on Aquatic Animal Health

APHIS created the Subcommittee on Aquatic Animal Health and was guided by the Snowe Amendment (United States Cong. S. Amdt. 3702 to H.R. 2419 *Food*,
