

**Tribal Nations:  
National Animal Disease Preparedness  
and Response Program (NADPRP)  
2022 Cooperative Agreements**

---

**Fiscal Year 2022 Funding Opportunity Announcement**

**Funding Opportunity Number:** USDA-APHIS-10025-VSSP0000-23-0001

**Publication Date:** October 13, 2022

**Application Due Date:** January 13, 2023, 11:59 PM Eastern Daylight Time

# Funding Opportunity: USDA Tribal Nations National Animal Disease Preparedness and Response Program 2022

The United States Department of Agriculture's (USDA) Animal and Plant Health Inspection Service (APHIS) Veterinary Services (VS) is announcing the availability of cooperative agreement funding for Tribes and Tribal partners to conduct projects to support the National Animal Disease Preparedness and Response Program (NADPRP) as described in Section 12101 of the [Agriculture Improvement Act of 2018](#) (aka "2018 Farm Bill"). Through the NADPRP program, APHIS provides funds to support high-value projects that will help prevent the introduction and spread of foreign and emerging animal diseases that threaten U.S. agriculture. Additional details about the program and this funding opportunity, including instructions for applicants, are available on the [USDA APHIS NADPRP website](#).

## SYNOPSIS

**Funding Opportunity Title:** Tribal Nations: National Animal Disease Preparedness and Response Program (NADPRP) 2022

**Funding Opportunity Number:** USDA-APHIS-10025-VSSP0000-23-0001

**Funding Type:** Cooperative Agreements

**Catalog of Federal Domestic Assistance Number:** 10.025, Plant and Animal Disease, Pest Control, and Animal Care

**Application Due Date:** Applications must be submitted in the USDA's [ezFedGrants system](#) by January 13, 2023, at 11:59 PM Eastern Daylight Savings Time. Applications received after this deadline will not be considered for funding.

**Funding Opportunity Description:** The U.S. Department of Agriculture (USDA), Animal and Plant Health Inspection Service (APHIS), Veterinary Services (VS) is announcing the availability of up to \$500,000 in funds in the National Animal Disease Preparedness and Response Program (NADPRP) to support Tribal projects in the topic areas listed below.

**Topic 1:** Projects to Deliver **Outreach & Education** on Animal Disease Prevention, Preparedness, and Response

**Topic 2:** Projects to Increase Livestock and Poultry **Biosecurity**

**Topic 3:** Projects that Support **Training & Exercises** for Tribal Nations Animal Agriculture Sector Responders

**Topic 4:** Projects to Develop, Enhance, and Exercise Tribal Animal Disease **Emergency Response Plans**

**Topic 5:** Projects to Enhance **Animal Disease Traceability** for a Disease Outbreak

**Eligible Applicants:**

1. Native American Indian Tribes<sup>1</sup>
2. Tribal Organizations<sup>2</sup>
3. Tribal Colleges & Universities (TCUs)<sup>3</sup>

**Cost Sharing:** Not required

---

<sup>1</sup>Federally recognized Native American Tribal governments listed by the Bureau of Indian Affairs, Interior.

[Federal Register :: Indian Entities Recognized by and Eligible To Receive Services From the United States Bureau of Indian Affairs](#)

<sup>2</sup>25 CFR § 900.6 defines Tribal organization as the recognized governing body of any Indian Tribe; any legally established organization of Indians which is controlled, sanctioned, or chartered by such governing body or which is democratically elected by the adult members of the Indian community to be served by such organization and which includes the maximum participation of Indians in all phases of its activities: Provided, That in any case where a contract is let or grant made to an organization to perform services benefiting more than one Indian Tribe, the approval of each such Indian Tribe shall be a prerequisite to the letting or making of such contract or grant.

<sup>3</sup>As recognized by the American Indian Higher Education Consortium (AIHEC) [AIHEC: Who We Serve](#)

## FULL ANNOUNCEMENT

### A. PROGRAM DESCRIPTION

**Awarding Agency Name:** United States Department of Agriculture (USDA), Animal and Plant Health Inspection Service (APHIS), Veterinary Services (VS)

**Funding Opportunity Title:** Tribal Nations: National Animal Disease Preparedness and Response Program (NADPRP) 2022

**Announcement Type:** Initial Announcement

**Catalog of Federal Domestic Assistance Number:** 10.025

**Key Dates:** Applications must be submitted in USDA's [ezFedGrants](#) (eFG) system by January 13, 2023, 11:59 PM Eastern Daylight Savings Time. Applications received after this deadline will not be considered for funding. Submissions through [Grants.gov](#) will not be accepted.

The agreement performance period is estimated to begin between May 1 through June 30, 2023, and end no later than 24 months after the start date.

Applicants can find the funding opportunity information on the [ezFedGrants](#) website and the [Grants.gov](#) website by searching CFDA number 10.025 or Funding Opportunity Number USDA-APHIS-10025-VSSP0000-23-0001. Information is also available on the [USDA APHIS NADPRP website](#).

Eligible applicants must submit all application materials electronically using the [ezFedGrants](#) system.

#### A.1 FUNDING OPPORTUNITY DESCRIPTION

This funding opportunity is provided to carry out the NADPRP as described in Section 12101 of the [Agriculture Improvement Act of 2018](#) (aka "2018 Farm Bill"). Through the NADPRP program, APHIS provides funds to support high-value projects that will help prevent the introduction and spread of foreign and emerging animal diseases that threaten U.S. agriculture. Each year, APHIS makes funding available to support projects in animal disease preparedness and response priority topic areas that are identified through consultation with eligible entities and stakeholders. Additional details about the program are available on the [USDA APHIS NADPRP website](#).

APHIS will make available up to \$500,000 in funds to support NADPRP Tribal projects in 2022. In this funding opportunity, the NADPRP is seeking proposals for projects that address the funding priority topics described in [Section A.2](#) and funds will be awarded to eligible entities described in [Section C](#). Eligible applicants may submit multiple proposals for this funding opportunity.

#### A.2 2022 FUNDING PRIORITIES

APHIS will consider project proposals that clearly and directly support one of the animal disease preparedness and response topics described below. Regardless of the priority topic, applicants are encouraged to submit proposals that:

- Focus on animal disease preparedness and response.

- Leverage existing resources through partnerships with local, State, and/or Federal government agencies, Native American Tribal governments, Native American Tribal organizations, Native American Colleges & Universities, industry organizations, professional associations, producer groups, and/or non-profit organizations with direct and significant interest in livestock and poultry disease prevention, preparedness, and response.
- Address known gaps, problems, and areas of concern related to prevention, preparedness, and response for animal disease outbreaks.
- Build on scientifically based innovation, existing tools/techniques, and findings from projects previously funded by NADPRP.
- Address animal disease preparedness and response concerns and needs of Tribal communities.

## **2022 NADPRP Tribal Nations Priority Topics**

### **TOPIC 1: PROJECTS TO DELIVER OUTREACH & EDUCATION ON ANIMAL DISEASE PREVENTION, PREPAREDNESS, AND RESPONSE**

APHIS will support projects that will deliver outreach and education on livestock and poultry disease prevention, preparedness, and response topics to Tribal communities. Target audiences may include but are not limited to backyard livestock and poultry owners as well as owners, personnel, volunteers, visitors, and others who are associated with aquaculture facilities, managed bison or cervid herds, demonstration farms, agricultural exhibits/shows/fairs, wildlife sanctuaries or rehabilitation facilities, and other locations or facilities that include domestic livestock and poultry. APHIS VS encourages outreach and education projects that leverage or expand on existing educational materials and use innovative delivery methods to entice audiences to engage with the educational materials.

Examples of proposals that will be considered in this area include but are not limited to projects that:

- Deliver outreach & education to Tribal communities in areas of animal disease prevention, biosecurity, early disease detection recognition and reporting, and raising awareness about roles & responsibilities and what happens in an animal disease outbreak.
- Identify and address information gaps among Tribal communities in the outreach & education areas listed above.
- Develop and conduct Tribal agri-business and community-level outreach on critical community and business roles in animal disease prevention, preparedness, and response and the roles of other entities and agencies at local, Tribal, State, and/or Federal levels.
- Develop outreach & education to increase the number of Tribal livestock and poultry premises that have [premises identification numbers \(PINs\) or other location identifiers](#) to help identify where animals are located in an animal disease outbreak.

### **TOPIC 2: PROJECTS TO INCREASE LIVESTOCK AND POULTRY BIOSECURITY**

APHIS VS will support projects to enhance biosecurity in Tribal communities, including Tribal livestock and poultry owners and the target audiences described in Topic 1 (Outreach & Education). APHIS VS encourages projects that leverage or expand on existing biosecurity educational and training materials that are available online and supported by Tribal communities, universities and extension services, industry organizations, offices of State Animal Health Officials, and other trusted sources.

Examples of proposals that will be considered in this area include but are not limited to projects that:

- Develop and deliver outreach and education to Tribal communities to improve awareness and understanding of biosecurity measures and the importance of biosecurity.
- Help Tribal livestock and poultry owners and other key audiences develop herd / flock / premises plans to prevent the introduction and spread of animal diseases through biosecurity and other activities. Projects may include developing and delivering outreach materials and templates to guide biosecurity plan development and educating audiences about the importance and value of these plans. Projects may target biosecurity planning for all types of livestock or poultry premises.
- Encourage Tribal livestock and poultry owners to participate in industry-driven biosecurity programs and develop and implement biosecurity plans. This may include projects to assist in socializing and implementing biosecurity programs among Tribal Nations livestock and poultry owners, veterinarians, and others.
- Develop, improve, and/or validate biosecurity methods. Proposals in this area may include methods to increase livestock and poultry owners' and managers' implementation of effective biosecurity measures and whole community approaches to increase the adoption and use of biosecurity practices (e.g., see something, say something).
- Develop and validate biosecurity assessment tools that may help identify gaps in current biosecurity activities and solutions to improve biosecurity for individual producers and at the community level.

### **TOPIC 3: PROJECTS THAT SUPPORT TRAINING & EXERCISES FOR TRIBAL NATIONS ANIMAL AGRICULTURE SECTOR RESPONDERS**

APHIS VS will support projects that will enhance capabilities and capacity of Tribal governments and Tribal communities for animal health emergency response situations through training and exercises. Proposals in this area should target training towards Tribal responders or potential responders in an animal disease outbreak response, including livestock and poultry owners and veterinarians. The scope of training and exercises may include, but is not limited to, instruction in the following [animal health emergency response critical activities](#).

- Incident Coordination and Management – National Response Framework (NRF), National Incident Management System (NIMS) Incident Command System (ICS), and Incident Management Teams (IMT)
- Communication, including public messaging
- Information Management
- Logistics
- Health, safety, and security of responders
- Biosecurity
- Mass depopulation and euthanasia
- Disposal (carcass and waste management)
- Cleaning and disinfection (decontamination of premises and equipment)

Examples of proposals that will be considered in this area include but are not limited to projects that:

- Support registration and travel costs for Tribal representatives to participate in animal disease emergency management training and/or exercises including but not limited to events hosted by the [USDA APHIS VS Training and Exercise Program](#) and emergency management conferences.
- Train and exercise Tribal responders or potential responders to collaborate in animal disease response events and conduct critical activities for incident response such as those listed above.
- Assess and address gaps in animal disease response capabilities of Tribal Nations.
- Build Tribal Nations capabilities and knowledge of the National Response Framework (NRF), National Incident Management System (NIMS) and the Incident Command System (ICS).
- Deliver position specific Incident Management Team (IMT) training to Tribal animal agriculture responders. Practice and test abilities through emergency response exercises to identify and address gaps and additional needs for training.
- Develop, conduct, and evaluate emergency management exercises to practice and strengthen Tribal animal agriculture sector responders training. Exercises may be discussion-based or operations-based and should validate the animal health emergency preparedness and response activities listed above.

#### **TOPIC 4: PROJECTS TO DEVELOP, ENHANCE, AND EXERCISE TRIBAL ANIMAL DISEASE EMERGENCY RESPONSE PLANS**

APHIS VS will support projects to develop, update, enhance, test, and/or exercise Tribal emergency response plans for livestock and poultry animal disease outbreaks. These response plans should be realistic, adaptable to different situations, align with USDA plans and guidelines, and easily coordinated with plans from other States or Tribes.

Examples of proposals that will be considered in this priority area include but are not limited to projects that:

- Develop, update, enhance, test, and/or exercise Tribal Nations emergency response plans for livestock and poultry animal diseases such as:
  - Plans for managing, coordinating, and collaborating with other agencies to conduct critical response activities for an animal disease outbreak.
  - Logistics plans to support animal disease preparedness and response activities, such as plans to:
    - Acquire and use resources from the [National Veterinary Stockpile](#), such as personal protective equipment (PPE), in a livestock or poultry animal disease outbreak.
    - Inventory current resources, acquire additional resources, and maintain and/ or store resources so they are available and ready for emergency response. Plans may include human resources, supplies such as PPE, or materials such as carbon sources to support carcass disposal.
    - Collect and transport movement and disease surveillance samples for diagnostics using the National Animal Health Laboratories Network (NAHLN) diagnostics.
  - Operational and logistic plans for collaboration or coordination across Tribal, Federal, and State entities to rapidly support livestock and poultry disease response.
  - Plans for initial livestock and poultry disease containment in an animal disease outbreak.

- Plans to implement and coordinate animal depopulation and disposal activities during an animal disease outbreak response to enhance capabilities for timely performance of these activities for livestock and poultry.
- Plans to implement livestock and poultry movement controls and continuity of business activities in coordination with State animal health officials.
- Plans for disease control and response for agricultural fairs, shows, and exhibitions that includes identifying and mitigating risks and what actions will be taken in the event of disease exposure.
- Develop and implement processes to inventory and analyze the types, numbers, and locations of livestock and poultry on Tribal lands, including processes for maintaining and updating this information over time.
- Develop animal emergency response communication plans, including animal disease detection notification processes and plans for sharing information with stakeholder groups within and outside of the Tribal Nations network during an animal disease outbreak. Communication plans may also include enhancing stakeholder understanding of Tribal animal disease emergency response plans and addressing community concerns during response activities. Plans may also include community emotional preparation and mitigation in preparation of response activities.
- Enhance Tribal animal disease outbreak response planning and coordination among multiple groups, including but not limited to Federal, State, Tribal, animal industry, wildlife, environmental, public health, university extension services, and other entities. This may include proposals to support workshops for Tribal Nations’ audiences on animal disease preparedness and emergency response topics. Priority will be given to proposals that include exercises or produce materials that Tribal Nations can use in an outbreak.
- Assess and identify mitigations and develop solutions for obstacles that may hinder effective response to a high-consequence animal disease outbreak on Tribal lands and in Tribal communities. This may include but is not limited to social or cultural concerns, wildlife or invasive species that may hinder emergency response, and other topics.

#### **TOPIC 5: PROJECTS TO ENHANCE ANIMAL DISEASE TRACEABILITY FOR A DISEASE OUTBREAK**

[Animal disease traceability \(ADT\)](#) is a critical part of national preparedness for animal disease outbreaks and aligns with the purpose of the NADPRP. APHIS VS will support projects that will improve ADT capabilities as described below.

Examples of proposals that will be considered in this area include but are not limited to projects that:

- Plan, implement, evaluate, enhance, and/or exercise approaches and systems to enhance animal disease traceability. USDA approved EID tags, EID readers, and associated equipment may be included in proposals. This may include panel (stationary) and hand-held readers, USDA approved official Radio Frequency ID tags (RFID), data loggers to integrate data from panel readers, equipment installation, and consultation for set up of traceability systems and record management.
- Establish processes to quickly trace livestock and poultry during an animal disease outbreak, improve accuracy and efficiency of animal identification, reduce the overall number of animals involved in a disease investigation, and quickly identify “at-risk” movements.

- Establish processes for data quality and reporting livestock and poultry inventories and movements during an animal disease outbreak to access possible exposure/ infection and help identify where disease is likely to impact next based on susceptible species.

**Application packages that include EID tags and/ or tag reading equipment should describe :**

- How the project will enhance Tribal Nations’ ability to capture, store, access, and share animal disease traceability data with regulatory authorities in an animal disease outbreak.
- Procedures and guidelines for Tribes to correctly collect, handle, store, and use traceability information.
- Training and/or exercises to assure that users are trained to use and maintain equipment and trained to access and share traceability data with regulatory officials in an animal disease outbreak.

**A.3 ALIGNMENT WITH USDA APHIS GOALS**

This funding opportunity supports APHIS Veterinary Services’ (VS) mission to protect animal health as well as [USDA APHIS Strategic Plan](#) Goal 2: Safeguard American Agriculture, Objective 2.2: Manage plant and animal pests and diseases once established in the United States to promote plant and animal health and Objective 2.3: Ensure effective emergency preparedness and response systems.

**A.4 LEGISLATIVE AUTHORITY**

The NADPRP program is authorized under Section 12101 of the 2018 Farm Bill.

**B. FEDERAL AWARD INFORMATION**

**Total Amount to be Awarded:** APHIS will make available up to \$500,000 in funds to support projects that address the funding priorities described in [Section A.2](#). There is no commitment by USDA to fund any application or to make any Federal award as a result of this announcement.

**Type of Assistance Instrument:** Awards will be funded via cooperative agreements. Cooperative agreements include substantial involvement by APHIS to assist in the completion of the goals and objectives of the work.

**Anticipated Awards:** APHIS anticipates that most agreements awarded will range from \$10,000 to \$100,000.

**Anticipated Award Start Date:** APHIS anticipates that work covered under these agreements will start between May 1 and June 30, 2023, but flexibility may be allowed to accommodate specific project needs.

**Period of Performance:** Projects must be completed within 24 months. The period of performance will depend on the nature of the work; one to two years from date of award is the typical NADPRP project period of performance. Funding will not be allowed, nor activities approved to occur, either before or after the designated period of performance. A pre-award must be established if activities need to occur before the period of performance.

**Competitive Process:** Funds will be awarded to high quality proposals through a competitive review and award process. The proposal review process is described in [Section E](#). The number of awards is contingent on the submission of a sufficient number of meritorious applications. Final funding decisions are at the discretion of USDA.

Based on reviewer recommendations, APHIS may award less than the requested amount of funds for a project. In these cases, applicants may accept or decline the award that is offered. If applicants accept a reduced funding level, applicants will submit a revised application that addresses reviewer concerns and aligns with the award amount. APHIS will provide additional guidance to applicants in these situations.

## B.1 COST GUIDANCE

All APHIS awards are subject to the terms and conditions, cost principles, allowable and unallowable costs, direct and indirect costs, cost share and matching, and other considerations as described and defined in:

- [NADPRP Guidelines for Use of Funds](#) for APHIS Veterinary Services Farm Bill Cooperative Agreements. This document includes information on how to calculate indirect costs for NADPRP Awards, and
- [2 CFR Subpart E](#), Cost Principles – General Provisions for Selected Items of Cost.

All applicants must submit a detailed Financial Plan that adheres to the documents referenced above.

## C. ELIGIBILITY INFORMATION

### C.1 ELIGIBLE APPLICANTS

NADPRP eligible applicants are:

1. Native American Indian Tribes<sup>1</sup>
2. Tribal Organizations<sup>2</sup>
3. Tribal Colleges & Universities (TCUs)<sup>3</sup>

**Note:** This list does not preclude award Recipients from collaborating with other entities who may have direct and significant interest in livestock and poultry animal disease prevention, preparedness, and response, such as land grant or other universities, State departments of agriculture, livestock organizations, or veterinary associations.

---

<sup>1</sup>Federally recognized Native American tribal governments are listed on the Bureau of Indian Affairs, Interior.

[Federal Register :: Indian Entities Recognized by and Eligible To Receive Services From the United States Bureau of Indian Affairs](#)

<sup>2</sup>25 CFR § 900.6 defines tribal organization as the recognized governing body of any Indian tribe; any legally established organization of Indians which is controlled, sanctioned, or chartered by such governing body or which is democratically elected by the adult members of the Indian community to be served by such organization and which includes the maximum participation of Indians in all phases of its activities: Provided, That in any case where a contract is let or grant made to an organization to perform services benefiting more than one Indian tribe, the approval of each such Indian tribe shall be a prerequisite to the letting or making of such contract or grant.

<sup>3</sup>As recognized by the American Indian Higher Education Consortium (AIHEC) [AIHEC: Who We Serve](#)

### C.2 COST SHARING

Cost sharing, matching, or cost participation is not required for NADPRP projects. If an applicant includes contributions as part of a cost share in their budget proposal and it is accepted by APHIS, the commitment of funds becomes legally binding, must be reported on the SF-425, and is subject to audit. Additional information about cost sharing is available in the [NADPRP Guidelines for Use of Funds](#) for APHIS Veterinary Services Farm Bill Cooperative Agreements.

### C.3 THRESHOLD ELIGIBILITY CRITERIA

Application packages must meet these initial screening criteria to be considered for further review. Proposals that do not meet these initial screening criteria will not be considered.

1. Proposals must be submitted by eligible entities in [Section C.1](#).
2. Proposals must address the funding priorities described in [Section A](#).
3. All required documents and forms listed in [Section D.2](#) must (a) be included in the application package, and (b) comply with the submission instructions described in [Section D](#) of this announcement. Any application package with missing or incomplete documents or forms will not be considered for review.
4. Proposals, including all associated documents and forms, must be received in the USDA [ezFedGrants](#) system on or before the proposal submission deadline. Proposals received after the submission deadline will not be considered.

## D. APPLICATION AND SUBMISSION INFORMATION

We urge applicants to submit their application packages early and to complete the following activities as soon as possible: (1) Register and maintain an active System for Awards Management (SAM) account, (2) create a USDA eAuthentication Account, and (3) establish an ezFedGrants (eFG) account. Instructions for these steps are available in [Appendix 1](#) and on NADPRP's [Here's How to Get Ready Now](#) web page.

Applicants may submit more than one project proposal. Applicants who submit more than one proposal must submit each proposal as a separate application package.

### D.1 OBTAINING AN APPLICATION PACKAGE

Applicants can find all application materials on the [ezFedGrants](#) (eFG) website or the [Grants.gov](#) website by searching CFDA number **10.025** or Funding Opportunity Number **USDA-APHIS-10025-VSSP0000-23-0001**. Information is also available on the [USDA APHIS NADPRP website](#).

### D.2 CONTENT AND FORM OF THE APPLICATION PACKAGE

The application package must include the following:

- Project proposal WORK PLAN. *See below.*
- Project proposal FINANCIAL PLAN. *See below.*
- SF-424, "Application for Federal Assistance".
- SF-424A, "Budget Information – Non-Construction Programs".
- Certification Regarding Lobbying. This is required if the Federal Assistance portion of the project's financial plan / budget is greater than \$100,000.
- SF-LLL "Disclosure of Lobbying Activities". This is required if the Federal Assistance portion of the project's financial plan / budget is greater than \$100,000.
- A signed copy of the current Negotiated Indirect Cost Rate Agreement (NICRA must be attached to the Application in ezFedGrants if indirect costs are assessed).

Applicants should refer to [Appendix 2: Tips for Applicants](#) when preparing a proposal package for submission. Any proposal with missing or significantly incomplete documents or forms will result in a rejected application.

### **Project Proposal Work Plan**

Applicants must submit a project proposal Work Plan that provides details on all aspects of the project and includes all information that is requested in the NADPRP Project Proposal Work Plan Template. The template is available on the [USDA APHIS NADPRP website](#). Applicants are strongly encouraged to use the NADPRP Project Proposal Work Plan Template. Applicants who do not use the template must include all the information requested in the template in their Work Plan. Work Plans should not exceed 25 pages.

### **Project Proposal Financial Plan**

Applicants must submit a project proposal Financial Plan that matches the information in the required form SF-424A, aligns with and supports the Work Plan, and includes details about the project budget. The NADPRP Project Financial Plan Template and an example are available on the [USDA APHIS NADPRP website](#). Applicants are strongly encouraged to use the NADPRP Project Proposal Financial Plan template. Applicants who do not use the template must include all the information requested in the template in their Financial Plan.

When preparing a Financial Plan, applicants must comply with the guidance and funding restrictions described in [Section B.1](#).

## **D.3 UNIQUE ENTITY IDENTIFIER AND SYSTEM FOR AWARD MANAGEMENT (SAM)**

### **System for Award Management (SAM)**

All applicants (except Federal agencies) are required to register in the System for Award Management (SAM) prior to applying and continue to maintain an active SAM registration with current information throughout the award period of performance (2 CFR §200.205). To register, go to the [SAM website](#). Please allow two weeks to complete the SAM registration. Frequently Asked Questions, User Guides, Demonstration Videos, etc., can be found on the SAM website, under the “Help” tab. Registration is free. Be sure to complete the Marketing Partner ID (MPIN) and Electronic Business Primary Point of Contact fields during the registration process. These are mandatory fields that are required when submitting grant applications. During the SAM registration process, it is mandatory to complete the Financial Assistance Certification Report to receive Federal financial assistance.

When creating a SAM account, it may take up to two weeks before the account appears in Federal systems. Applicants who are not already registered in SAM are encouraged to complete this task as soon as possible. Additional instructions for SAM registration are available in [Appendix 1](#) and on NADPRP’s [Here’s How to Get Ready Now](#) web page.

The full announcement can be viewed at [APHIS Agreements Services Center](#).

## **D.4 SUBMISSION DATES AND TIMES**

The closing date and time for receipt of proposal submissions is January 13, 2023, 11:59 PM Eastern Daylight Savings Time. Application packages must be submitted in eFG by this date and time. Proposals submitted by email will not be considered. Proposals submitted after the deadline will not be considered.

**All applicants** must submit all application materials electronically using [ezFedGrants](#). We urge applicants to submit their application early.

- To submit an application in ezFedGrants, applicants must have a USDA eAuthentication Account and an ezFedGrants Account. Applicants who do not already have these are encouraged to create the accounts as soon as possible. Additional instructions on these activities are available on NADPRP's [Here's How to Get Ready Now](#) web page.
- eFG will not permit applicants to apply package after the deadline of January 13, 2023, 11:59 PM Eastern Daylight Savings Time. Late application packages cannot be accepted.
- Applicants who encounter problems with the eFG application process may contact [VS.NADPRP@usda.gov](mailto:VS.NADPRP@usda.gov) – at least 48 hours before the deadline – for additional assistance with applying package.

All applications must be complete and submitted by the deadline without exception.

## **D.5 FUNDING RESTRICTIONS**

Funding restrictions, including unallowable costs, indirect cost cap, and cost restrictions, are provided in the [NADPRP Guidelines for Use of Funds](#) for APHIS Veterinary Services Farm Bill Cooperative Agreements and described in [2 CFR Subpart E](#), Cost Principles – General Provisions for Selected Items of Cost.

## **D.6 OTHER SUBMISSION REQUIREMENTS**

Letters of support are not required but may be included in the application package. Applicants should not request letters of support from APHIS Veterinary Services employees; NADPRP will solicit input from APHIS VS experts during the review process. If included, letters of support should be uploaded separately from the Work Plan as attachments in the ezFedGrants system.

Applicants experiencing technical difficulties should contact [VS.NADPRP@usda.gov](mailto:VS.NADPRP@usda.gov) as soon as possible and well before the application deadline. APHIS complies with [Section 508 of the Rehabilitation Act of 1973](#).

Applicants may not use resources provided by the USDA APHIS National Veterinary Stockpile to complete their projects.

# **E. APPLICATION REVIEW INFORMATION**

The USDA is responsible for approving NADPRP funded projects. This is a competitive funding opportunity. Applications that meet the threshold eligibility criteria in [Section C](#) will compete for available funds with all other eligible applications submitted in response to this funding opportunity announcement.

## **E.1 EVALUATION CRITERIA**

### **Evaluation Criteria**

Proposals will be evaluated based on the criteria listed below. Applicants should explicitly address these criteria in their project Work Plan.

1. Clear, strong, and direct alignment with one or more of the priority topics described in [Section A](#) of the funding opportunity announcement.
2. Extent to which the project addresses one or more critical current needs directly related to a funding priority topic or addresses an important gap in knowledge or capabilities directly related to a funding priority topic.
3. Feasibility of success demonstrated by a well-organized plan of action, a technically sound approach, a reasonable timeline to complete activities, and consideration of key partnerships and collaborations needed for project success.

4. Extent to which the project outcomes and deliverables are likely to have significant impact and value to Tribal communities.
5. Costs effectiveness, including whether all project costs are reasonable and necessary to produce expected outcomes and whether the project makes good use of existing resources.

## **E.2 SELECTION AND REVIEW PROCESS**

Eligible proposals will be evaluated by a review team consisting of internal and external subject-matter experts. To avoid potential conflicts of interest, reviewers may have no association with projects they are reviewing. In the event of a real or perceived conflict of interest, a reviewer shall recuse themselves as appropriate. The review team may seek counsel from additional subject-matter experts as appropriate. USDA will consider the review team's recommendations in making final funding determinations.

During the application review process, APHIS will conduct a risk assessment for applicants. Applicants will be verified in the System for Award Management (SAM) to ensure they have not been disbarred or suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency. APHIS may not issue Federal award to an applicant until the applicant has complied with all applicable unique entity identifiers and SAM requirements. If an applicant has not fully complied with the requirements, APHIS may determine that the applicant is not eligible to receive a Federal award.

When anticipated total Federal share exceeds the simplified acquisition threshold, APHIS is required to review and consider information about the applicant included in the designated integrity and performance system accessible through SAM. An applicant, if desired, may review and comment on any information about their organization previously entered and currently in the system. When completing the risk assessment, APHIS will consider applicant comments in addition to other information in the designated integrity and performance system to assess applicant's integrity, business ethics, and record of performance under Federal awards.

## **F. FEDERAL AWARD ADMINISTRATION INFORMATION**

APHIS will administer the agreements and collaborate with project recipients to provide advice, receive and review project documents, offer comments and suggestions, track project performance, and communicate with recipients as necessary to ensure progress in accomplishing the project, identifying obstacles, and resolving concerns.

Recipients will track performance and expenditures, provide progress reports and project deliverables in accordance with the project Work Plan, and communicate with VS staff to assess and evaluate progress.

### **F.1 AWARD NOTICES**

All applicants will be notified by email after the spending plan is approved by the Secretary of Agriculture and announced by USDA. Awards will be executed as quickly as possible after the spending plan is announced. Pre-awards may be requested in circumstances where there is urgency to begin work before the award can be executed.

Applicants selected for funding will receive instruction on next steps to process a Notice of Award (NOA) via [ezFedGrants](#). The Notice of Award will provide pertinent instructions and information including but not limited to the information described in [2 CFR § 200.210](#) and a reference to the [APHIS General Terms and Conditions](#).

## **F.2 ADMINISTRATIVE AND NATIONAL POLICY REQUIREMENTS**

Successful applicants must comply with the requirements contained in the [2 CFR Part 200](#) Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Successful applicants also must comply with the [APHIS General Terms and Conditions](#), the approved project Work Plan, and the approved project Financial Plan.

## **F.3 REPORTING**

The Recipient's Project Coordinator shall provide quarterly program reports to the APHIS Project Manager through the [ezFedGrants](#) system and in compliance with the [APHIS General Terms and Conditions](#). Two quarterly reports are due each quarter, including a performance report describing progress towards accomplishing the objectives and activities outlined in the project's approved Work Plan and a Federal Financial Report, SF-425. The reports will be used to verify compliance with provisions of the Cooperative Agreement.

## **F.4 PROJECT EVALUATION**

The Recipient's performance will be evaluated through the review of quarterly performance and financial reports, as well as periodic discussions of project progress with the VS Program Manager. Performance is evaluated based on the following criteria to determine if the Recipient met the project standards included in the proposal Work and Financial Plans and if expected results and benefits were achieved:

1. Adherence to the project objectives.
2. Adherence to project schedule.
3. Adherence to project budget.
4. Delivery of results that meet the agreement performance standards and achieve stated outcomes.

## **G. FEDERAL AWARDING AGENCY CONTACTS**

For questions about the NADPRP program and about this funding opportunity, required documents, or the ezFedGrants application process, please contact [VS.NADPRP@usda.gov](mailto:VS.NADPRP@usda.gov). You may also contact the following APHIS VS program staff: Julie Wallin, NADPRP Program Coordinator, [julie.e.wallin@usda.gov](mailto:julie.e.wallin@usda.gov), 970-494-7258.

## **H. OTHER INFORMATION**

The USDA is not obligated to make any award as a result of this announcement nor to make any changes to future announcements. Only the APHIS Authorized Departmental Officer can bind the Government to an expenditure of funds and this obligation of funds shall only occur in writing by authorized officials and under the approved USDA, APHIS Cooperative Agreement format.

### **H.1 DEFINITIONS**

This announcement uses definitions as described in [Section 8302 of the Animal Health Protection Act](#). Per the Animal Health Protection Act, the term "livestock" means all farm-raised animals.

## APPENDIX 1. NEW APPLICANT INFORMATION

Applicant organizations must complete and maintain the following registrations to be eligible to apply for or receive a NADPRP award. These registrations must all be completed prior to the application being submitted. Registration can take several weeks, so applicants should begin the registration process as soon as possible. Failure to complete registrations in advance of a due date is not a valid reason for a late submission.

Take these steps before submitting your application in [ezFedGrants](#).

1. **Register with System for Award Management (SAM):** Organizations who wish to apply for NADPRP funding are required to be registered with SAM. Instructions for registering with SAM are available here: [Register With SAM](#). Please allow at least 10 business days after you submit your registration for it to become active in SAM plus at least an additional 24 hours for your registration to become available in other government systems. You can register in SAM any time, and entities interested in applying for NADPRP funding should register now to avoid any future delays associated with mandatory SAM registration.
2. **Create a USDA eAuthentication Account:** All applicants must have a Level 2 USDA eAuthentication Account to submit proposals for NADPRP funding opportunities. USDA eAuthentication is the system used by USDA agencies to enable customers to obtain accounts for accessing USDA Web applications and services via the Internet. Please note that USDA will only accept eAuthentication Accounts from individuals.
  - a. Visit <https://www.eauth.usda.gov/eauth/b/usda/home> to create an account.
  - b. For help with **existing** eAuthentication accounts or passwords, you can [visit the USDA eAuthentication Website](#) for help. Additional information is also available here: [eAuthentication Frequently Asked Questions](#)
3. **Establish an ezFedGrants (eFG) Account:** Applicants must have an active account in the USDA ezFedGrants system to submit their application for NADPRP Funding. The ezFedGrants system requires each applicant to have a minimum of at least one Grants Administrative Officer (GAO) and one Signatory Official (SO). We recommend identifying these individuals prior to submitting proposals to help speed up the application process. For help with the USDA ezFedGrants system, applicants may contact the ezFedGrants help desk at [ezFedGrants-cfo@usda.gov](mailto:ezFedGrants-cfo@usda.gov).

This information is also available on NADPRP's [Here's How to Get Ready Now](#) web page.

## APPENDIX 2. TIPS FOR APPLICANTS

### Best Practices

- Get started early. Do not wait until the day of the application deadline.
- Complete the following registrations **as soon as possible** to avoid delays in submitting your application to ezFedGrants: (1) Register and maintain an active System for Awards Management (SAMs) account, (2) create a USDA eAuthentication Account, and (3) establish an [ezFedGrants](#) (eFG) account. Instructions are available in [Appendix 1](#) and on NADPRP's [Here's How to Get Ready Now](#) web page.
- Read and follow all application instructions in this FOA.
- If you wish to submit proposals for more than one project, submit each proposal in a separate application package. This makes it easier for reviewers to score and rank proposals and improves the likelihood of funding.
- Remember that it's the reviewer's job to ensure that Government funds are well spent. Make sure that each item in the Budget and Financial Plan is reasonable and justifiable.
- Check that the total requested and budget details in the Work Plan, Financial Plan, SF-424, and SF-424A are aligned. Verify that the total amount of funding requested is the same in all of these documents.

### ezFedGrants Tips

- When uploading attachments in [ezFedGrants](#), click the "Add Attachments" button.
- Attachment titles must be 8 characters or less in [ezFedGrants](#).
- Accept all tracked changes in documents before adding an attachment in [ezFedGrants](#).
- Avoid special characters in attachment file names (\$, %, &, \*, Spanish "ñ", etc.).
- Do not password-protect attached documents.

### Work Plan Tips

- Make sure your project Work Plan includes all information requested in the Work Plan template and make sure the project Work Plan is no more than 25 pages total when complete.
- Verify that the proposal directly and clearly supports one or more of the funding priority topics listed in this Funding Opportunity Announcement.
- Ensure that the document is in final format with no tracked changes or passwords.
- Ensure that the point of contact information is correct. We may not be able to reach you if your information is incorrect.
- A proposal that is well written and easy to follow will be well received by the review panel. Take some time to think out the proposal's objectives, the deliverables and outcomes that will be produced from each objective, and the activities and methods that will be conducted to achieve each objective. Check that the project's objectives are measurable, lead to specific results, and are attainable and realistic. Provide sufficient detail for a reviewer to be convinced that you have thought out the process well and understand the resources needed to complete the proposed tasks.

- Do not exceed the 350-word limit for the executive summary; only the first 350 words of the executive summary will be shared with reviewers.
- Check your proposal against the review criteria described in [Section E](#).
- Use the Work Plan to describe how the project results, findings, and deliverables will be shared among Tribal Nations.

#### **SF-424 Tips**

- Check the SF-424, Box 16 to ensure the congressional district for the Applicant and Project are listed.
- Ensure that point of contact information is correct. The APHIS NADPRP team may not be able to reach you if your information is incorrect.

#### **Financial Plan Tips**

- Make sure the Financial Plan total budget is the same as the budget information in the SF-424, SF-424A, and the Work Plan.
- Clearly link items in the Financial Plan to the Work Plan objectives.
- Refer to the Guidelines for Use of Funds for calculating indirect costs accurately.
- If there are cost sharing/Recipient contributions, remember to list those values in the Financial Plan.
- Use only whole dollar amounts, no cents, for all entries into the Financial Plan.
- Submit the Financial Plan in Excel file format, not PDF.
