

## TB and Brucellosis Regulatory Input

Public Meetings  
May and June, 2011  
8:00am- 4:00pm  
Locations: Various

### Meeting Purpose

The purpose of these meetings is to provide stakeholders an opportunity to offer input on a new framework being developed for the bovine tuberculosis and brucellosis programs in the United States.

### **Morning (Registration, 7:30-8:00am)**

Morning (Meeting will start at 8:00am)

#### **Welcome and Opening Remarks**

Meeting Moderator  
APHIS Official  
Regulatory Working Group Representative

#### **Presentations**

Regulatory Working Group Members Perspective

Description: Provide a summary of the working groups discussion and thought processes regarding the new framework and proposed rule being considered.

Framework for the TB/Brucellosis Regulations

Description: Share the new components and concepts of the TB/Brucellosis framework with interested parties.

Mid-morning-Early Afternoon (With breaks)

#### **Small Group Sessions**

Description: Meeting participants will be asked to share suggestions for solutions on current discussion of concepts and conceptual ideas. Discussion of small group may be shared with the larger group. Groups will rotate topics and have the opportunity to provide input into the following areas:

- Program requirements, zoning and surveillance
- Affected herd management, importation requirements and interstate movement
- Indemnity and test approval procedures

**Formal Comment Period**, Moderated by APHIS and transcribed for official record

**Closing Remarks**, APHIS Official

**Adjourn**
