

Performing a Query to Get a List of Last Inspection Dates by Firm and Site in [REDACTED]

In order to track establishment sites that are in need of an in-depth inspection, an *ad hoc* report was created from the [REDACTED] database. This report does not list the firms needing inspections; however, it indicates the date of the last in-depth inspection. It is up to CVB personnel to determine which firms are in need of an inspection.

Below are the steps in retrieving this *ad hoc* report.
