

NCAH PORTAL news for CVB

There've been some changes in the NCAH Portal... did you spot them already?

Some eagle-eyed users have already noticed a few of the changes and they were quick to ask questions; which is why we were quick to post updated user guides! Check the [NCAH Portal Guidance webpage](#) or the [Newly Published Information webpage](#) to see new versions.

Changes were made to the 2008 Submission Form and the 2007 Submission Form so pay special attention to User Guides #4 and #5.

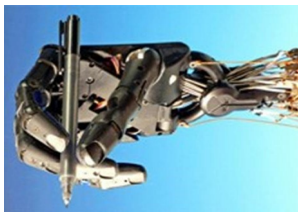

Also new is the ability for NCAH Sample Processing staff to enter more descriptive "Rejection Remarks" when samples are rejected. They are also able to send Reference Slips back to sample submitters via the NCAH Portal now in the event that there are opportunities for improvement on future sample submissions. We are hoping that providing this information will help you in your sample submission process and to better understand why your samples were rejected (if that happens).

Here's a list of the user guides that have been recently updated:

	UPDATED
• User Guide #4 Qualifications of Veterinary Biologics Personnel	3/1/2017
• User Guide #5 General Guide for Submission of Veterinary Biologics Production and Test Report	3/1/2017
• User Guide #6 Submitting Routine Biologics Samples	2/17/2017
• User Guide #10 General Guide for E-Submissions to CVB-Policy, Evaluation and Licensing	2/17/2017
• User Guide #11 Submitting Labels to CVB-Policy, Evaluation and Licensing	2/22/2017
• User Guide #13 Using the CVB Template for a Label Mounting Sheet	2/22/2017

>>>> We list the changes made to each user guide on the very first page so it's easy to see what's new since you last looked. <<<<

What we're working on for future issues...
