Director
Center for Veterinary Biologics

SUBJECT: Extension of Dating for Pasteurella Multocida Type A Standard Reference
Bacterin, IRP PMA 169 Serial 3

I. PURPOSE

This notice informs interested parties that the Center for Veterinary Biologics (CVB) is extending the dating of Pasteurella Multocida Type A Standard Reference Bacterin, IRP PMA 169 Serial 3.

II. BACKGROUND

The CVB has initiated the process of establishing and validating a new Standard Reference Bacterin for porcine Pasteurella Multocida Bacterins tested in accordance with 9 CFR 113.121. To facilitate continued serial release of product until the new Standard Reference is made available to stakeholders, the CVB is extending the dating of the current Standard References for porcine products.

III. ACTION

The expiration date for Pasteurella Multocida Type A Standard Reference Bacterin, IRP PMA 169 Serial 3 is extended until June 30, 2009. A phase-in period and further guidance will be announced as the new references become available.
