CENTER FOR VETERINARY BIOLOGICS NOTICE NO. 16-04

TO: Biologics Licensees, Permittees, and Applicants
Directors, Center for Veterinary Biologics
Veterinary Services Leadership Team

FROM: Byron E. Rippke
Director

SUBJECT: Issuance of a production platform-based license for Prescription Product,
RNA Particle

The Animal and Plant Health Inspection Service (APHIS) has issued a United States Veterinary Biological Product License to Harrisvaccines Inc., Establishment No. 592, Ames, Iowa, for the manufacture and distribution of Prescription Product, RNA Particle, Product Code 9PP0.00, based on a production platform manufacturing system.

A prescription product license may be issued for production platform-based products as described in Veterinary Services Memorandum 800.213. These products offer the licensed Veterinarian the flexibility to prescribe biological products based on well-defined production methods and components.

This license will expire 2 years from the date of the issue. The license may be renewed upon request by the firm and at the discretion of APHIS, based on product performance, safety profile, manufacturing consistency, and inspections by the Center for Veterinary Biologics.
