

Veterinary Services Process Streamlining

<https://vsps.aphis.usda.gov/vsps/>

How to Create eEIA

Two part process:

- *Set up Animals*
- *Create New Submittal*

Welcome to VSPS: Veterinary Services Process Streamlining

VSPS provides a consistent and standard method of data capture at all levels and provides data dissemination to the appropriate existing databases. This provides a more comprehensive analysis tool for animal tracking and disease analysis which in turn, would allow VS to respond quickly to any threats to animal health in the United States.

VSPS Users:

Business Profile Module

Animals Address Book Practices

This module provides access to the business profile functions for animals, address book, and practices.

Begin in your Business Profile Folder. Features:

- Animal Address Book
- Address Book – Personal and Practice
- Practice Groups

Step 1:
Select Animal Address Book
Create New or Find Animals
Enter requested data and submit to continue.

Help Desk:
877-944-8457: select option 3, then option 2
