State Regulatory Official (SRO) Role

Safeguarding Animal Health

With the SRO Role you can:

- Search for and View International Animal Imports that have a Destination of your State.
- View Interstate CVIs that have an Origin or Destination of your State and process Interstate Certificates coming into your State.
- Manage State Certification Statements for your State so Veterinarians entering Interstate Health Certificates can easily add the required statements.
- View Coggins tests completed in your State.
- View details on Accredited Veterinarians including accredited status, renewal date, category, etc.
- Export search results to an Excel file for Coggins and CVI searches.

Safeguarding Animal Health

When you login to VSPS the Home screen will show any notices about the system. You must select view and confirm you have read the notice before it will let you continue.
