

# Veterinary Services Process Streamlining (VSPS)

# What is VSPS

Multipurpose system of the USDA/APHIS/Veterinary Services (VS) associated with animal and animal product movement into and out of the US as well as interstate and intrastate movements.

## VSPS Modules:

- NVAP
- ***Interstate - This web-based Interstate Module for Certificates of Veterinary Inspection (CVI) and supporting documents are USDA provided at no cost to states and accredited veterinarians. Accredited Veterinarians may set up a practice to allow document sharing among practice members including CVI data, test record information, business contact and animal information.***
- Animal Import
- Animal Import Center Reservation
- Product Import
- Product Export

# Who can use VSPS

- USDA-accredited veterinarians
- Need level 2 e-Authentication credentials (see handout for instructions)
- Approved under accredited veterinarian role
- Veterinary assistant role – can create CVI, but cannot issue

# Topics

- Creating a practice
- Creating an animal
- Creating a test record
- Creating a certificate of veterinary inspection (CVI)

### Welcome to VSPS: **Veterinary Services Process Streamlining**

VSPS provides a consistent and standard method of data capture at all levels and provides data dissemination to the appropriate existing databases. This provides a more comprehensive analysis tool for animal tracking and disease analysis which in turn, would allow VS to respond quickly to any threats to animal health in the United States.

### VSPS Users:

Login here - **LOG IN**

No login necessary when performing a public search. Use the search link to the right.

Don't know what to do, or how to use VSPS? Click on the questions below for an introduction to the system.
