*The HPA regulations require Designated Qualified Persons (DQPs) to inspect all Tennessee Walking Horses and racking horses before the horses participate in an HPA-covered event, any Tennessee Walking Horse and racking horse that places first in a class at a horse show, and any horse a DQP has reason to believe may be sore. When USDA is present, USDA may select additional horses for inspection to assess HPA compliance including any horse that: 1) was inspected and tied other than 1st place (i.e., 2nd, 3rd, 4th, 5th, etc.) and (2) USDA selected for inspection while monitoring the barn or warm up areas.

HIO REPORTED INSPECTIONS BY GENERAL CLASS TYPE
