

# **BRS International Collaboration Group**

Janet Bucknall  
Associate Deputy Administrator  
APHIS BRS  
BRS Stakeholder Meeting  
November 19, 2014

Biotechnology Regulatory Services  
Animal and Plant Health Inspection Service

# BRS International Collaboration

- BRS International Collaboration group formed in 2014
- Ensures knowledge and consideration of APHIS' biotechnology regulatory process, science, status in the international arena
- Increases our knowledge of other countries' processes and priorities

# BRS International Collaboration

- To clarify the APHIS biotech regulatory system, so other countries:
  - Can improve/create their own systems
  - Have current information about our science-based regulatory process

# BRS International Collaboration

- Venues:
  - Bi-/Tri-lateral meetings
  - Multinational organizations
  - Trade agreements
  - Workshops
  - International delegations

# BRS International Collaboration

## *Supports:*

- Biotech-related trade
- Capacity building
- Global, science-based approach to safety

# Any Questions?
