Submit your Application

Foreign Service Appointment

Now that you’ve found an APHIS Foreign Service position you’re interested in, the next step is to apply in USAJOBS.gov.

Certificate of Eligibles

Candidates who pass the assessment will be placed on the Certificate of Eligibles (list of eligible candidates) and referred to the hiring manager. If selected, you’ll receive a tentative offer of employment. If you are not selected, we’ll keep you in our applicant inventory for up to 24 months and consider you for future positions as they become available.

Clearances—Medical & Security

Your tentative offer letter will include instructions about medical and security clearances. You must obtain these clearances to continue as a candidate for the Foreign Service.

Attend the Assessment Center

We will invite qualified candidates to take an assessment that includes a writing exercise, a structured interview, and an exit interview. This is an opportunity for you to show you have what it takes to be a successful Foreign Service Officer. Your experience, motivation, cultural adaptability, judgment, and communication skills are just a few of the qualities we consider.

Review by APHIS Human Resources

A review panel will evaluate your application and qualifications. If you meet the minimum qualifications for the position you’ll move to the next step in the selection process.
