FEDERAL AGENCY ANNUAL EEO PROGRAM STATUS REPORT

Animal and Plant Health Inspection Service (APHIS)

For Period Covering October 1, 2013 to September 30, 2014

Executive Summary

Organization

The Animal and Plant Health Inspection Service (APHIS) is an integral part of the U.S. Department of Agriculture's overall mission to provide leadership on food, agriculture, natural resources, and related issues based on sound public policy, the best available science, and efficient management. APHIS is a dynamic and diverse organization whose employees work in a wide variety of positions, grades, and pay plans.

The APHIS Administrator continues to be a champion of diversity and an advocate for Cultural and Organization transformation. He has established his commitment to create a workplace culture that is open to new ideas, new perspectives and new solutions. As part of his commitment, the APHIS Administrator supports Civil Rights and Diversity and Inclusion initiatives and allocates resources to ensure the vision is achieved.

The Director, Office of Civil Rights, Diversity and Inclusion (OCRDI) is the principal Equal Employment Opportunity Official responsible for managing and administering APHIS' Civil Rights, Diversity and Inclusion Program. Twenty-Five employees are assigned to the OCRDI Director with five of the staff are on the Management Team (MT). The Director, OCRDI reports directly to the APHIS Administrator and is a member of the APHIS Management Team (AMT). The AMT and Senior Leaders continue to champion the Secretary's commitment to Cultural Transformation and Diversity and Inclusion.

OCRDI's overall mission is to conduct outreach to minority organizations and institutions, manage the APHIS formal and informal complaints program, supports and implements the Cultural Transformation efforts, the APHIS-wide Diversity and Inclusion Program, Special Emphasis Programs, and provides national policy and leadership on Tribal Consultation.

OCRDI has three branches--Counseling and Resolution (CR), Compliance and Evaluation (CE), and the Office of Diversity and Inclusion (ODI). In FY 2013, the Office of National Tribal Liaison (ONTL) was added to strengthen partnerships with tribal communities and The Outreach and Communications Staff and the Resource Management Staff were created to better align operations and the mission of OCRDI with USDA and our stakeholders.

APHIS Civil Rights and Diversity Advisory Committee

OCRDI worked with the AMT to complete a realignment of the Agency's diversity and inclusion-related committees. The APHIS National Civil Rights and Diversity Advisory Committee were created as a twelve member committee with at least one representative from each program in APHIS. This committee serves as the primary advisory board for Cultural Transformation Action Plan Initiatives, CRDACs, and Diversity and Inclusion Guidance. The Committee finalized the Special Emphasis/Civil Rights Guidance Document, revised the SEP MOU's, and created a new performance standard for all APHIS CRDAC members.

Administrator's Civil Rights Diversity and Inclusion Training

OCRDI provided the Administrator's Annual Civil Rights, Diversity and Inclusion Training for APHIS leaders, managers, and supervisors. The focus areas were "The Interactive Process and Reasonable Accommodation," and "Unconscious Bias: Managing Differences and Building an Inclusive Workplace." This year's training was facilitated at the five APHIS Hub locations, and Puerto Rico, and provided supervisors and managers with vital tools that are needed in our everyday efforts to accomplish prescribed missions. The training received rave reviews, and most managers in attendance believed the subject matters to be "critical" to every successful leader, and organization. More than 230 managers and supervisors attended the sessions.

Administrator's Civil Rights Awards

The Administrator's Civil Rights Award is among the Agency's most prestigious awards, given in honor of employees who've made outstanding contributions to APHIS' Civil Rights program. For the thirteenth year, the APHIS Administrator continued to award individuals who stand out due to their exceptional leadership and contributions.

The award is a demonstration of the value in which management places upon employees, supervisors, and managers, who actively and effectively contribute to the civil rights program; gives due and proper honor and distinction to those who excel in providing equal opportunity to others seeking employment, or employees currently in the Federal service; and effectively gives impetus to the civil rights program, by publicizing the superior accomplishments of the award recipients, and recognizing the positive impact those accomplishments have had on other individuals.

Outreach and Partnerships

APHIS maintained its proactive partnering with numerous diverse organizations to expand service delivery and outreach to underrepresented and underserved groups. FY 2014 APHIS continued to partner with community based organizations or universities with funding for partnerships totaling over \$2.5 million dollars. The partnerships involved outreach, capacity building, student internship opportunities, scholarships, conference support, and research and development. Student internship opportunities were significantly expanded thru the partnership with the Thurgood Marshall Scholarship fund.

Model EEO Program Essential Elements

As required by the MD-715 annual Status Report, the Self-Assessment Checklist, Part G was completed and is attached. The Agency conducted the required review and all agency documents are in place, however data

systems to capture applicant flow data is still being incorporated into the Human Resources application process/recruitment process to capture disability data.

APHIS' FY 2014 commitment and progress are examined through the six essential elements prescribed by the Equal Employment Opportunity Commission. Each element is described below along with supporting actions and accomplishments for each area. This report also includes a summary of the Agency's MD-462 Report and a summary of workforce data.

Element A. Demonstrated Commitment From Agency Leadership:

The APHIS Administrator issued the Civil Rights Policy statement, the Diversity and Inclusion statement and the Anti-Harassment Policy statement on June, 18, 2013. The Civil Rights Policy statement, the Anti-Harassment Policy statement and Diversity and Inclusion statement were signed on July 26, 2013 and distributed by email on 9/5/2013, to all APHIS employees. All three statements are posted in every APHIS office.

APHIS created the Program Leaders Group (PLG) whose primary purpose is to monitor and assist in the implementation of Agency priority projects known as "The APHIS Operational Plan." The PLG also serves as the management body for vetting, deciding, and communicating resolutions on other agency operational issues as they arise. The Deputy Director of Civil Rights, OCRDI, is a member of the PLG. Individual members act as internal champions for the projects within their purview. OCRDI membership communicates the leadership's continuing commitment to the principals of diversity, inclusion and equal employment opportunity within the constructs of its operations.

APHIS has successfully established two-way communication with senior management and employees. Management actively seeks out and listens to employee opinions and concerns, through town hall meetings, forums, and on-line portals that allow for open communication. APHIS LPA has conducted quarterly focus groups to gauge the effectiveness of internal communications in an effort to shape internal employees communication.

The APHIS administrator is using written and audio blogs to communicate with employees. APHIS has also encouraged senior leadership to engage with employees with "Up the Chain," an internal Internet idea space where employees can post comments on any topic of concern to them. In addition a feedback channel called "Tell Us What You Think" is available which employees can use to provide feedback—anonynously, if they choose—to the Administrator's Office and other senior agency leadership.

The Agency uses the APHIS Portal continues to provide state of the art single sign on access to agency information and news for all employees. The portal content evolves daily. To ensure employees feel integrated with their own career development and management, APHIS has made the portal a virtual HR tool. Access has grown to include communications directly from the agency administrator, via blogs, audio announcements, and sharing of minutes with the AMT. In addition, direct connection to GovTrip, WebTA, eOPF, TSP, HR Connection and AgLearn, has made taking care of training to retirement seamless.

Annual performance plans for managers and supervisors are aligned with USDA and APHIS policies and strategic goals and objectives and allow for an annual evaluation of their contributions in support of USDA and APHIS' civil rights and equal opportunity programs and initiatives such as Hiring Reform and USDA's Cultural Transformation. Performance elements and standards addressing support of civil rights and equal opportunity programs and cultural transformation initiatives have been developed and added to all supervisory plans. Managers and supervisors are

also held accountable for ensuring employee performance plans are aligned with USDA and APHIS goals and objectives for civil rights and equal opportunity

In line with USDA and APHIS policies, strategic goals and objectives, performance plans for managers and supervisors allow for an annual evaluation of their contributions in support of USDA and APHIS' civil rights and equal opportunity programs and initiatives such as Hiring Reform and USDA's Cultural Transformation. Performance elements and standards addressing support of civil rights and equal opportunity programs and initiatives have been developed and added to all supervisory plans.

Element B. Integration of EEO into the Agency's Strategic Mission:

APHIS operates in accordance with MD-715 and 29 Code of Federal Regulation Part 1614. The Director for the Office of Civil Rights, Diversity and Inclusion (OCRDI), Animal and Plant Health Inspection Service, reports directly to the head of the Agency (Administrator, APHIS). OCRDI serves under the direct and personal supervision of the Administrator. This close collaboration enables APHIS leadership to execute its mission in accordance with EEO, Civil Rights, and Diversity laws, regulations, and policies.

The OCRDI Director is a member of the APHIS Management Team (AMT), which consists of the APHIS Administrator, Associate Administrator, Deputy Administrators for each program area and other senior management officials. The AMT meets weekly, to include at least one full day monthly meeting. The OCRDI Director provides expert guidance to the senior leaders in APHIS, and also reports on EEO initiatives, goals, and accomplishments as they impact the strategic mission.

The OCRDI Director provides quarterly briefings to the Administrator and other senior officials, as well as an annual "Status of the Agency" briefing. These briefings provide management officials with civil rights updates and other valuable tools to ensure EEO compliance. Also, APHIS provided sufficient resources to ensure adequate staffing and funding to operate the agencies EEO program in an effective manner. The OCRDI Director is the fund holder and manages those resources. This includes the staffing of trained personnel.

APHIS also offers mentoring programs that are available to all employees, including those with disabilities. The *Open Mentoring Network* is an on-line learning tool which allows users to share knowledge, select mentoring partners, create learning plans, share learning resources, and more. It allows for learning across geographical boundaries, job function, position, and/or demographics.

In FY 2014, the Human Resources Workplace Resolutions and Wellness Branch sponsored fifteen training opportunities on reasonable accommodation-related topics, including an overview of the reasonable accommodation process, hidden disabilities, and medical confidentiality. This year, two additional training sessions were added to provide an overview of the requirements for telework as a reasonable accommodation. Reference guides and pamphlets are also available, which provide answers to critical questions about employees with disabilities on a range of topics such as: incentives and return on investment; interviewing and hiring; achieving workplace success; and retaining valued employees.

On a quarterly basis, the HR Broadcast Newsletter is published and provides valuable information to managers, supervisors and employees on a variety of topics, including disability hiring. HRD and OCRDI continued to review existing and projected attrition/retention and related issues of the advancement of disabled employees, and identified any barriers that needed to be removed and/or improved in the employment of the disabled.

Element C. Management and Program Accountability:

APHIS ensures that Departmental Regulation 4300-010, Civil Rights Accountability Policy and Procedures, effective January 18, 2006, is administered to current and new employees. This accountability policy reinforces USDA's and APHIS' no tolerance stance in regard to workplace discrimination. This regulation can be obtained in hard copy and also on line at www.aphis.usda.gov/civil_rights/downloads/dr4300-010.pdf.

Senior Executive Service (SES) members have performance plans in place with a mandatory critical Civil Rights element designed to measure the executive's success in meeting USDA civil rights strategic goals. Each plan includes specific performance measures that have been implemented to ensure that executives are successful in the enforcement of civil rights laws, rules, and regulations. In addition, executive leadership is focused on, and held accountable for, ensuring subordinate supervisors/managers are in compliance and successful in meeting these goals and objectives. An example of the measures can be found at http://www.aphis.usda.gov/civil_rights/downloads/guidance_on_civil_rights_element.pdf.

APHIS manages a comprehensive Reasonable Accommodation (RA) program, and maintains an informative RA website http://www.aphis.usda.gov/mrpbs/hr/reasonable_accommodation.html. Components of the site include links to the USDA Reasonable Accommodation Departmental Directive; disability parking, forms, and other resources. APHIS, Marketing and Regulatory Programs Business Services (MRPBS) has a full-time Reasonable Accommodation Program Coordinator and a full-time Reasonable Accommodation Specialist for handling requests for accommodations. During FY 2014, APHIS' RA program opened a total of 201 cases with 199 cases closed. As a result of a changing workforce that includes veterans, and other groups, the RA program presented a total of seven training sessions on topics such as: Medical Confidentiality/RA Overview, Hidden Disabilities, and the RA Process.

The OCRDI and Human Resources staffs meet monthly to ensure the effective coordination of programs such as the Federal Equal Opportunity Recruitment Program (FEORP), and the Disabled Veterans Affirmative Action Program (DVAAP). Mid-Year and End-of-Year Special Emphasis Program Analysis are also distributed to the EEO Advisory Committee and management officials. In an effort to maintain a knowledgeable workforce and to increase awareness quarterly EEO updates are provided to management officials through the Office of Civil Rights, Diversity and Inclusion Operational Plan and the Annual EEO Program Status Report.

Element D. Proactive Prevention of Unlawful Discrimination:

The Animal and Plant Health Inspection Service (APHIS) emphasizes the use of Alternative Dispute Resolution (ADR) efforts through two distinct programs: the Human Resources Division's Collaborative Resolution (CR) Early Intervention Program for non-EEO ADR and the Alternative Dispute Resolution Program within the Office of Civil Rights, Diversity and Inclusion (OCRDI).

The Human Resources Division, Workplace Resolutions and Wellness Branch (WRWB) houses the CR Early Intervention Program. WRWB, CR is a confidential early intervention program that utilizes effective conflict resolution and communication tools in compliance with the USDA ADR regulation, DR 4701-001. The CR Program provides ADR services including: Mediation/Facilitation/Conciliation, Team Collaboration Services, Conflict Advice/Guidance/Coaching, and, Conflict Management Training. There are five (5) Collaborative Resolution

Specialists dedicated to providing ADR services as required and necessary to serve all APHIS employees and other USDA employees as deemed necessary. Services are provided through a variety of means including on-site/in person, telephonically, through video conference, and by webinar. For FY 2014, there were 788 requests for the CR Early Intervention Program services.

The Administrator continues to provide support to OCRDI and CRB in promoting ADR to all employees in an effort to resolve workplace disputes at the earliest stage possible. The APHIS intranet website alerts APHIS' employees of the Title VII ADR process through a mediation video that was developed through collaboration with Justice Center of Atlanta mediation training and services.

Also, in adherence to Departmental ADR Regulation, DR 4710-001 and the USDA policy to prevent conflicts whenever possible and, when conflicts do occur, to make every effort to reach the earliest possible, consensual resolution of conflicts and issues, APHIS uses ADR as an essential tool toward achieving that goal via the Workplace Resolutions and Wellness Branch (WRWB) Collaborative Resolution (CR) Early Intervention Program and the ADR program within the APHIS, Office of Civil Rights, Diversity and Inclusion (OCRDI) Counseling and Resolution Branch. APHIS continues to provide training to all managers in managing workplace conflict in good faith; that conflict management training is offered to all employees; and the availability of ADR is publicized throughout the entire Agency.

In our continuing effort to eliminate discrimination through education, APHIS OCRDI continues to educate not only managers and supervisors, but all agency employees in Equal Employment Opportunity issues through substantive, informative articles published in its quarterly Civil Rights Communicator, as well as through its Administrator's Annual Civil Rights and Diversity Training. The training presented this fiscal year focused on "The EEO Interactive Process with Reasonable Accommodation" and "Managing Differences and Building an Inclusive Workplace". The training was conducted in Riverdale, Maryland; Ft. Collins, Colorado; Ames, Iowa; Minneapolis, Minnesota; and Puerto Rico. The Agency remains steadfast in its efforts to ensure that managers and supervisors immediately address employment concerns and issues. In furthering our objective now and in the future, the APHIS, OCRDI Counseling and Resolution Branch plans to present quarterly updates to agency Deputy Administrators and Managers which provide a detailed synopsis of informal and formal EEO activity within their respective program areas which will identify existing and potential EEO concerns.

OCRDI will continue to educate APHIS employees about ADR and its effectiveness. The venues for promoting ADR include having webinar sessions where participants can log onto their computers; podcasts, giving illustrations of ADR; training provided in person by ADR experts; providing pamphlets and bulletins; and placing information about ADR on the intranet. The Directors of OCRDI and HR will collaborate to incorporate conflict prevention and resolution to New Employee Orientation.

In addition to the mandatory civil rights training on alternative dispute resolutions mandated for all APHIS personnel, WRWB, CR offers specialized conflict management training. APHIS supports a proactive approach to help employees learn how to effectively manage conflict. The training is a mix of lecture, discussion, and group exercises designed to help the participants identify and effectively manage conflict. CR conducted Conflict Management Training for the Minorities in Agriculture, Natural Resources and Related Sciences (MANRRS) organization on May 15, 2014. The four objectives of the training included: Conflict & Conflict Response Modes, Effective Communication, Dimensions of Trust, and Generational Differences and Conflict. APHIS held 17 conflict management training sessions with a total of 809 participants.

At the request of the Assistant Secretary Office of Civil Rights, the WRWB, CR Program also provided a two hour onsite training and webinar called "Communication Strategy for Effective Working Relationships" on May 25, 2014. There were 186 participants Department-wide.

The APHIS Portal continues to provide state of the art single sign on access to agency information and news for all employees. The portal content evolves daily. To ensure employees feel integrated with their own career development and management, APHIS has made the portal a virtual HR tool. Access has grown to include communications directly from the agency administrator, via blogs, audio announcements, and sharing of minutes with the AMT. In addition, direct connection to GovTrip, WebTA, eOPF, TSP, HR Connection and AgLearn, has made taking care of training to retirement seamless.

In FY 2014, OCRDI facilitated the delivery of the following agency trainings via webinar sessions to APHIS employees in an effort to broaden Civil Rights and Diversity awareness. A total of 512 employees participated.

Fundamentals of Human Resources Management (FHRM) is APHIS' premiere leadership program for probationary supervisors and is intended to build competencies early in a supervisor's career in human resources management, accountability, conflict management, leveraging diversity, and developing others. The classroom portion of FHRM has a module on Cultural Transformation and Diversity and Inclusion Concepts are woven throughout the week. The addition of Situational Frontline Leadership focused on building skills that positively impact employee performance and engagement. All FHRM participants are required to engage with a mentor of their choice. Additional updates to the FHRM curriculum included hiring reform and flexibilities in addition to the performance management cycle. As part of the ongoing effort to provide resources outside of the classroom, FHRM participants have access to the FHRMers Almanac SharePoint Site for use after completion of the FHRM program.

In FY 2014, 150 APHIS employees participated in six FHRM sessions. The following table shows the race and gender of the participants:

White male	White female	African American male	African American Female	Hispanic female	Hispanic male	Asian female	Asian male	NOPHI male	NOPHI female	2 or more female	Total
53	48	7	20	3	6	2	7	2	1	1	150
35.33%	32.00%	4.67%	13.33%	2.00%	4.00%	1.33%	4.67%	1.33%	0.67%	0.67%	100.00%

The Agency offers the following targeted leadership development programs available for all grades levels:

The Basic Leadership Development Program (BLDP) targets employees at the 4 to 6 grade levels to prepare participants with the essential knowledge, skills and abilities to meet the Agency's succession planning needs and to achieve excellence, regardless of position or grade level. The curriculum was converted to a web based format to increase employee access while reducing the travel costs associated with the program.

Cohort (group) 7 training began on January 15, 2014 and will conclude on June 25, 2014. Cohort 8 began on July 11, 2014 and will conclude on December 17, 2014. Participation for Cohort 7 consisted of 21 employees – 57.0% White males, 33.3 White females and 4.76% African Am. females; and Cohort 8 consisted of 23 employees – 26.0% White males, 43.5% White females, 8.7% African Am. males, 13.0% African Am. females, 4.4% Hispanic males and 4.4% Hispanic females.

The Intermediate Leadership Development Program (ILDLP) targets employees at the 7 to 11 grade levels and consists of a blended learning curriculum, shadow assignments and learning team projects. The training began on July 24, 2013 and concluded on January 29, 2014. FY 2014 participation consisted of 32 employees – 31.3% White males, 43.8% White females, 6.3% African Am. males, 9.4% African Am. females, 3.1% Hispanic males, 3.1% Hispanic females and 3.1% Asian Am. females.

The Leadership Development for Project/Program Managers (LDPM) targets employees at the 12 to 14 grade levels and consists of development of project and program management skills for those who lead teams. Cohort 4 training began on September 5, 2013 and ended on June 6, 2014. FY 2014 participation consisted of 25 employees – 52.0% White males, 36.0% White females, 4.0% African Am. males, 4.0% African Am. females, and 4.0% Hispanic males.

The Advanced Leadership Development Program (ALDP) targets employees at the 12 to 14 grade levels and consists of helping participants perform successfully in advanced supervisory and managerial level positions. The ALDP is filled via a competitive process open to full-time GS 12 -14 employees in supervisory or managerial positions. FY 2014 participation consisted of 16 employees – 43.8% White males, 18.9% White females, 12.5% African Am. females, 6.25% Hispanic males, 12.5% Hispanic females, and 6.25% Asian Am. males.

The Federal Executive Institute (FEI) – Leadership for a Democratic Society targets employees at the 15 grade level and Senior Executive Service level. FY 2014, participation consisted of 17 employees – 53.0% White males, 29.4% White females, 5.9% African Am. females, 5.9% Hispanic male and 5.9% Asian Am. female.

Element E. Efficiency:

APHIS continues to provide training to ADR practitioners, employees and customers to increase their knowledge of the use of ADR as an alternate and effective tool to aid in the resolution of EEO discrimination complaints. APHIS seeks resolution at the earliest stage possible and actively engages management officials in resolution discussions, if feasible, throughout the entire EEO process, up to and including hearing before EEOC.

APHIS, OCRDI, Counseling and Resolution Branch offers ADR to all contacts seeking counseling and resolution services and this is documented in the iComplaints database system. In accordance with 29 CFR 1614, Management Directive 110, and DR 4701-001, all contacts were advised in writing of their choice between counseling and ADR. In addition to receiving an oral explanation of ADR with the Intake Specialist and the ADR/EEO Counseling Specialist, new contacts are mailed a Guide to the Employment Discrimination Complaint Process, which includes a description of ADR (Enclosure). The same guide is shared with Management Officials who participate in the mediation. OCRDI, Counseling and Resolution Branch also modified the election process by asking informal contacts to identify their reason for not participating in mediation during the intake stage. In addition to the informal EEO stage, the ADR offer is reiterated and documented at the formal EEO stage. This information will be gathered and analyzed to determine how the agency can address expressed concerns regarding participation in mediation.

During fiscal year 2014, there were a total of 66 individuals who contacted the APHIS ADR Center with employment concerns. Each of the 66 individuals was offered the opportunity to participate in a face-to-face ADR Mediation session if he/she chooses. During the fiscal year, efforts at the ADR Center culminated in 14 cases being voluntarily withdrawn while 6 cases were resolved via settlement. Mediation and facilitation were two (2) of the ADR techniques implemented, during fiscal year 2014.

APHIS had a decrease of 30% in informal complaints filed for FY14 (66) compared to FY13 (94). This was attributed to the substance of training offered to managers and employees, as well as, the knowledge and more in-depth information that the Specialist is providing. In addition, APHIS utilizes the "Cradle-to-Grave" approach in handling EEO complaints. All EEO Counseling and Resolution Branch EEO Specialists are effectively utilized in processing an EEO complaint from informal counseling through the formal stage ensuring a more sufficient process of EEO complaints from start to finish.

APHIS utilizes the MicroPact iComplaints System (maintained by the Department's Office of the Assistant Secretary for Civil Rights) as well as our own internal OCRDI database to monitor and report on EEO discrimination complaint activity at all stages of the EEO process.

The Employment Investigation Division at the Department level assumed responsibility for the investigation of all USDA EEO discrimination complaints. The number of days on average to complete investigations slightly increased from 188.15 average days for FY 2013 compared to 189.22 for FY 2014. OCRDI developed an internal database which tracks the processing time for EEO investigations, which enables OCRDI to closely monitor timeframes.

OCRDI Compliance and Evaluation Branch conducted civil rights compliance reviews in five states to include in-person confidential interviews with over 250 employees. The interviews included supervisory and non-supervisory employees at all levels of APHIS' primary program areas. All employees in each of the five states visited were also

provided with the opportunity to participate in a confidential web-based survey, which also provided valuable information to assess compliance with civil rights and equal opportunity laws and regulations. The reviews included out-briefings for the management officials on-site to provide them with information on any equal opportunity issues that were cited by the employees. OCRDI also worked with VS, WS, and PPQ senior level management to develop strategies to address any identified issues.

The compliance review process also included providing briefings for members of the APHIS Management Team (AMT) and other SES officials responsible for managing the APHIS program areas. Whenever a serious EEO or workplace issue(s) requiring immediate attention was identified in the compliance review process, the Director, OCRDI and compliance team staff briefed the appropriate AMT member and assisted in developing strategies to address the issue(s).

APHIS conducted Civil Rights Impact Analysis (CRIAs) on all actions impacting employees to identify any adverse civil rights impact on any protected class of persons or members of any protected class who were subject to the actions. CRIAs were completed on eight actions including office closures/relocations, directed reassignments, and organizational restructuring. The CRIAs included detailed requirements for the program areas involved to provide for mitigating strategies to assist the employees in transitioning to new duty stations, assignments, training, and supervision in the work environment.

OCRDI worked in collaboration with the Office of the Assistant Secretary for Civil Rights (ASCR) and all APHIS program areas to ensure a thorough civil rights impact analysis for a wide range of agency actions. CRIAs were conducted for organizational restructuring, regulations, federally chartered committees, and office closures. APHIS incorporated impact analyses into the broadest possible scope, and works closely with managers and supervisors at headquarters, regional, and state/local levels to ensure full consideration of civil rights impact in APHIS decision making for employment and programs.

CRIAs were also completed on the following Federally Chartered Committees: National Poultry Improvement Plan General Conference Committee, Secretary's Advisory Committee on Animal Health, and National Wildlife Services Advisory Committee. To provide for diversity in the applicant pool for those committees, APHIS developed detailed outreach plans to contact underserved groups to help recruit persons interested in serving on the committees. The outreach efforts for the National Poultry Improvement Plan General Conference Committee (NPIP GCC) recent election resulted in a doubling of the percentage of representation of women/minorities on the GCC, and the first representation of person with a disability.

OCRDI expanded its role in ensuring equal opportunity in the hiring process by participating on numerous interview panels as an EEO observer. Additionally, OCRDI staff were featured as speakers at several meetings and conferences; both internal to APHIS and external to include several national organizations such as the National Image Youth Symposium. A new employee training program was developed and began with more than 30 new VS employees and supervisors. The training was provided by the Director, OCRDI and staff members and included an overview of the activities of OCRDI and ended with a question and answer session. Employees and supervisors were provided with information on the EEO complaint process and other aspects of OCRDI operations.

Element F. Responsiveness and Legal Compliance:

The Office of Diversity and Inclusion (ODI) serves as the leader and primary advisor within APHIS for the Department's Cultural Transformation Initiative that supports Executive Order 13583, a government-wide initiative to promote and manage Diversity and Inclusion in the Federal Workforce. ODI will provide support and guidance to special emphasis programs and managers represented throughout the APHIS workforce, by sponsoring training/educational opportunities and cultural programs to enhance the diversity and inclusion mission.

ODI is in the process of finalizing the re-alignment of Special Emphasis Programs which included consolidating the following committees: Civil Rights Committees, Cultural Transformation Committees, Diversity and Inclusion Committees and EEO Advisory Committees; and developing a Special Emphasis Program Guidance document. All committees will now operate under one title Civil Rights and Diversity Committees (CRDAC). "Input sessions" via webinar, conference call and in person meetings from all programs in APHIS to gain information from their perspective on the effectiveness of Special Emphasis Programs within the agency. Based on the sessions, the SEP re-alignment plan was developed, presented and approved by the AMT. The re-alignment formalizes an APHIS structure and system of accountability for SEPs, establishes consistency of purpose, adds a management support role for each CRDAC, incorporates Diversity Liaisons and creates an APHIS SEP Guidance document for all APHIS programs.

The APHIS National Civil Rights and Diversity Advisory Committee (NCRDAC) have also been constituted. The purpose of the NCRDAC is to serve as a strategic advisor to ODI in providing management officials and employees with a vehicle that enhances equal opportunity employment and program delivery issues. Each program in APHIS will have one member serve on the NCRDAC for two years. The NCRDAC also establishes lines of communication between employees and management through views on civil rights issues. The CRDAC at the field units are connected to the NCRDAC. Two initiatives for FY 2014 were identified: Creation of Diversity Councils and Revised Special Emphasis Program Procedures. The Diversity Councils consist of trained personnel to advise and assist management in conducting outreach and recruitment activities for diversity in applicants for APHIS positions. The Revised Special Emphasis Program Procedures will transition the Special Emphasis Programs to more centralized program administration implemented by the APHIS Office of Civil Rights, Diversity, and Inclusion. Special Emphasis and Disability programs continue to be implemented in accordance with federal law. APHIS funded the programs, and OCRDI staff members were designated to administer each program, ensuring implementation. This year some of the APHIS National SEP programs were offered via webinar and video teleconference which increased participation and accessibility to the events. In addition, funding was provided for training programs to include the highly successful training provided to managers and supervisors at Headquarters in Riverdale, MD, Regional offices and other locations throughout the APHIS organization.

APHIS is focused on providing students with opportunities to gain valuable experience through employment and scholarship opportunities. During FY 2014 APHIS participated in and supported numerous scholarship and work experience programs across educational spectrum, including high school, undergraduate, and graduate students. Examples of APHIS' levels of commitment to these programs include the following:

Ag-Discovery Program (\$759,866).

APHIS sponsored its 10th year of the Ag-Discovery Summer outreach program, In FY 2014, 17 universities hosted the program. Funding for the FY 2014 Ag-Discovery programs exceeded \$700,000. Ag-Discovery is an outreach program designed to introduce student's ages 12–17, from limited resourced communities, to careers in plant and animal science, wildlife management, and agribusiness. The program allows students to live on a college campus

and learn about agriculture from university professors, scientists, and administrative professionals who work for the U.S. Government in a variety of fields. The following lists the participating Universities' in FY 2014.

USDA/1890 National Scholars (\$200,000).

The USDA/1890 National Scholars Program offers 4-year scholarships to U.S. Citizens who are seeking a bachelor's degree in agriculture or a related science at one of the 1890 Land Grant Institutions. The purpose of the National Scholars Program is to strengthen the long-term partnership between the Department of Agriculture and the 1890 Institutions; increase the number of students studying agriculture, food and nutrition, and natural resource sciences; and offer career opportunities at USDA. In FY 2014, APHIS had a total of fourteen 1890 National Scholars. Six graduated in May 2014 and 4 were selected in September 2014.

Public Service Leadership Scholars (PSLS) (\$10,000).

USDA provides a combined scholarship and internship opportunity designed to promote public service, and to create access to higher education for undergraduate and graduate students. All scholarships are tied to a specific job placement in a specific location. APHIS had a total of five Scholars.

Washington Internships for Native Students (WINS) (\$65,400).

WINS was developed in response to the White House Initiative on American Indians and Alaska Natives. The program offers students of sovereign American Indian, Alaska Native, and Native Hawaiian (AI/AN/NH) nations the opportunity to build leadership skills while living, studying, and interning in Washington, DC. American University manages the program. APHIS sponsored six WINS interns in the Washington metro area.

Thurgood Marshall College Fund Internship Program (\$450,000).

The TCMF-APHIS Internship Program is a 10-week summer program designed to employ selected scholarship recipients (undergraduate and graduate students) from the TCMF database that have an interest in agricultural related disciplines through hands-on experience within the selected program area. The purpose of this agreement is to: Strengthen the long-term partnership between USDA-APHIS and the TCMF; and, Increase the number of students studying agriculture, food, natural resources or other related disciplines; and Offer career opportunities to TCMF Scholars within USDA-APHIS. This was the first year APHIS partnered with the Thurgood Marshall College Fund and the agency sponsored 35 interns across the various program areas.

Florida A&M University Veterinary Technology Program (\$450,000).

This is a capacity building initiative between USDA-APHIS, other Agencies and animal health organizations to continue the need for trained vet professionals and paraprofessionals to maintain healthy animals in order to aid in protecting the health, safety, and welfare of humans.

Martin Luther King Essay Contest (\$5,000)

Designed to inspire students to reflect on the life of Dr. Martin Luther King, Jr. and share their thoughts and insights in an essay or pictorial format. Students chosen are hired for summer employment with APHIS. In the summer of 2014, APHIS had three students to work in Riverdale, MD.

The Patriots Technology Training Center (PTTC) (\$5,000).

The PTTC is a 501 c (3) charitable and educational organization dedicated to "Empowering Students through Technology". The PTTC accomplishes its mission by providing students (grades 5-12) training and exposure to professionals in the areas of science, mathematics, engineering, and computer technology. APHIS also sponsored a Career Shadowing Day for the students in at the Riverdale, MD facility. Students spent half a day with an APHIS program and at the end of the day, presented a power point presentation on what they learn. There were approximately 35 students in attendance.

The Safeguarding Natural Heritage Program (\$78,000).

Designed to enhance youths' exposure to agriculture, natural resources, and wildlife biology, through activities within communities of the Navajo Nation, and surrounding areas. The program exposes students to sustainable agriculture and farming, with a view to preserve their natural heritage, as well as increase students' awareness of invasive and toxic plants. Additionally, students learn about potential job opportunities for college graduates, not only within their own Tribal community, but potentially within APHIS, as well. The 12-day program is open to high school students, 14 to 17 years of age, through a competitive application process. Students chosen to participate will gain practical hands-on experience through labs, workshops, and field trips. APHIS collaborates with Navajo Technical College and Diné College to sponsor the *Safeguarding Natural Heritage Program: Native Plant, Animal & Wildlife Summer Camp Program*. Two students participated in the program at the Navajo Technical College, in Crownpoint, New Mexico.

In addition to student program and partnerships, APHIS provided the following support through cooperatives, grants and sponsorships with the following Universities and Professional Organizations:

Society for Advancement of Hispanics/Chicanos and Native Americans in Science (SACNAS) Conference Sponsorship (\$10,000).

SACNAS is a society of scientists dedicated to fostering the success of Hispanic/Chicano and Native American scientists—from college students to professionals—to attain advanced degrees, careers, and positions of leadership in science.

Fort Valley State University (\$68,200).

APHIS Veterinary Services continues to provide support through a grant with Fort Valley State University's Veterinary Technician Program. APHIS Veterinary Services Support Program is committed to providing developmental activities that interface USDA Veterinary Services Program with Veterinary technical students. This funding will allow for zoonotic disease surveillance, transmission and control to be demonstrated through field trips to the Center for Disease Control and other communicable disease/quarantine facilities and centers. The Molecular Biology Lab will emphasize veterinary diagnostic technology which is needed by the Veterinary Services Programs, and allow for the demonstration of sample collection and testing techniques.

Professional Agricultural Workers Conference (PAWC) (\$10,000).

PAWC is sponsored by Tuskegee University. This is a forum that values and promotes equal opportunity, equitable access to information and technology for sustainable development of communities and natural resources.

Federal Asian Pacific American Council (FAPAC) (\$10,000).

FAPAC is a 501(c)(3) organized to serve as an interagency association within the Federal and District of Columbia Governments, providing a focus for over 30 ethnically distinct groups originating from Asian and Pacific regions as recognized by the United States Bureau of the Census.

Federation of Southern Cooperatives/Land Assistance Fund (\$105,000).

The Federation of Southern Cooperatives/Land Assistance Fund is a 501(c)(3) community based organization. The Federation's programs include land retention, cooperative development, marketing, outreach, technical assistance, research, and training. They work primarily with the Socially Disadvantaged Farmers and Ranchers in the Black Belt Region (13 states in the southern region) of the United States. The Federation continues to assist APHIS in conducting regulatory reviews and outreach to socially disadvantaged farmers and ranchers. APHIS is also a sponsor of the Federation's Annual Conference in August.

Rural Coalition (\$90,000).

The Rural Coalition is an alliance of regionally and culturally diverse organizations working to build a more just and sustainable food system to: Bring fair returns to minority and other small farmers and rural communities; Ensure just and fair working conditions for farm workers; Protect the environment; and Deliver safe and health food to consumers. APHIS continues to enter into a cooperative agreement with the Coalition for assistance in conducting outreach to small socially disadvantaged farmers and ranchers and regulatory review. The Rural Coalition will enter

into subcontracts with the National Latino Farmers and Ranchers and Trade Association and National Hmong American Farmers, Inc. to assist APHIS in conducting outreach to small socially disadvantaged farmers and ranchers and regulatory review.

National Hmong American Farmers (NHAF), Inc. (\$75,000).

The National Hmong American Farmers, Inc. assists Hmong farmers with business and farming skills. NHAF's mission is to promote better health and economic welfare in the Hmong Community. NHAF delivers effective and culturally appropriate programs to meet the needs of the Hmong Community. NHAF also seeks to empower the Hmong to make systematic changes in their health and lives. In doing so, NHAF is committed to: Preserving health education, leadership training, and participation in events and issues, which affect the daily lives of community members; providing viable social and economic development programs that will help sustain the community and lead to self-sufficiency; and being recognized as a provider of effective changes. APHIS continues its partnership with the Hmong Farmers through the Rural Coalition to assist in conducting outreach to small socially disadvantaged farmers and ranchers and regulatory review. APHIS also sponsored Fall NHAF Meeting in Albemarle, NC in September. The outcome of the September meeting resulted in APHIS funding \$25,000 toward the production of a Hmong Radio Farm Broadcast.

National Latino Farmers and Ranchers Trade Association (NLFRTA) (\$45,000).

NLFRTAT engages and empowers Latino/Hispanic farmer advocacy groups throughout the United States and beyond to protect and promote sustainable farm policy issues for quality and safe food systems for the future. APHIS continues its partnership with the NLFRTA through the Rural Coalition to provide assistance in conducting outreach to small socially disadvantaged farmers and ranchers and regulatory review.

Common Good City Farm (\$5,000). Common Good City Farm is an urban farm and education center growing food with and for low-income residents in Washington, DC and providing educational opportunities for all people that help increase food security, improve health, and contribute to environmental sustainability.

Native American Wildlife Society Conference Sponsorship (\$5,000). The Native American Fish & Wildlife Society (NAFWS) is a national tribal organization established informally during the early 1980's. NAFWS was incorporated in 1983 to develop a national communications network for the exchange of information and management techniques related to self-determined tribal fish and wildlife management.

Navajo Technical College Vet Tech Program (\$123,000). This is a capacity building initiative. APHIS/USDA, other agencies and animal health organizations continue to need trained professionals and paraprofessionals to maintain healthy animals in order to aid in protecting the health, safety and welfare of humans. These specialists are being trained to assist veterinary, medical and epidemiologists in the surveillance, diagnoses and preventive medicine measures necessary to control such diseases. APHIS/VS and other agencies will gain trained specialists, skilled in disease recognition and control measures, to augment its current workforce.

National Goat Conference (\$5,000). The National Goat Conference is a collaborative effort of 1890 and 1862 land grants institutions. Producers, minority organization researchers, extension and teaching faculty are all beneficiaries of the conference. APHIS is a sponsor of this conference.

1890 Extension Administrators/Research Directors Conference Sponsorship (\$5,000). NIFA organizes a series of Small Farm Conferences to highlight successful programs that enhance income and improve the quality of life of small-scale farmers and ranchers. Beginning in 1996, a conference has been held every third year at a land-grant university in a different region of the country. APHIS is a sponsor of this conference.

Florida A&M University Outreach (\$50,000). Florida A&M University (FAMU) has a long and effective track record of coordination, collaboration and program implementation that supports underserved and limited resource and socially disadvantaged farmers and ranchers. FAMU's mission is to provide comprehensive support to limited and underserved clientele. APHIS will enter into a cooperative agreement with the Coalition for assistance in conducting outreach to small socially disadvantaged farmers and ranchers and regulatory review.

Council for Native American Farming and Ranching (\$17,500). The United States Department of Agriculture's Council for Native American Farming and Ranching (CNAFR) was created to advise the Secretary on ways to eliminate barriers to participation for Native American Farmers and Ranchers in USDA programs. The Council was established as part of the Keepseagle Settlement and is pursuant to the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C. App. 2. The CNAFR is composed of representatives with specific knowledge of Native American farming and ranching. All 565 federally recognized Tribes (number at the time of the request) were notified of requests for nomination as published in the Federal Register, as were all known intertribal organizations, non-profits, and community based organizations.

Strategies for FY 2015

- Complete implementation of the new online survey and updated interview guide/process for all agency compliance reviews.
- Focus on-site compliance reviews on critical equal opportunity and civil rights issues in the workplace.
- Expand OCRDI participation in the hiring process by working closely with program areas and APHIS Human Resources to increase diversity in the applicant pool for positions.
- Expand briefings on civil rights and equal opportunity to reach larger numbers of APHIS employees.
- Utilize Special Emphasis Program Managers to discuss underrepresentation in program units with managers, prepare workforce profiles identifying barriers to employment and advancement for members of assigned special emphasis group.
- Expand outreach capacities by participating in additional tribally sponsored meetings, developing the Animal Care (AC) Tribal Specific fact sheet, providing additional information on the APHIS Tribal Website

and making sure tribes know APHIS has and where the website is located, also efforts to make the website the first stop within APHIS for tribal related information.

- Partner with other USDA agencies tribal liaisons from the northwest to assist in strengthening our program delivery activities.
- Provide additional training opportunities for both APHIS employees and the tribes. We plan to offer Series 1: Tribal Consultation Awareness Training, Series 2: Tribal Consultation Documentation Requirements for Program Managers, Series 3: APHIS Native American Working Group Membership Training (ANAWG) on their new roles and responsibilities and expanding the Series 5: External Partners Training to include more tribal representatives.
- Increase the opportunities for tribal youth to gain exposure to agriculture and natural resource related activities by increasing the number of Safeguarding Natural Heritage Summer Programs students.
- Work with several new tribal colleges and universities (TCU) to explore other ways to enhance partnerships. ONTL will work with (3) TCU's from the southwest to explore the possibility of creating a partnership that will allow their students opportunities to gain experience within APHIS as interns.

MD-462 Report Summary Analysis

During FY 2014, there was no significant change in the number of formal complaints filed against APHIS. A total of 107 formal complaints were filed in FY 2014 compared to 108 filed in FY 2013. There was a decrease in the number of pre-complaints filed in FY 2014 compared to FY 2013. The 66 pre-complaints filed in FY 2014 represent a 30% decrease compared to the 93 pre-complaints file in FY 2013. As a result of the EEO Counselors knowledge and the information or guidance given to APHIS employees, 28% of the pre-complaints were resolved at the earliest possible stage of the process with 3 negotiated settlements and 14 withdrawals by the complainant. There were a total of 41 employees who filed formal complaints in FY 2014. The top issues and basis are captured in the table below:

Top 4 Issues	# of Complaints	# of Complainants
Harassment (Non- Sexual)	76	30
Terms/Conditions of Employment	52	19
Assignment of Duties	40	13
Training	19	7
Top 4 Bases	# of Complaints	# of Complainants
Reprisal	79	28
Age	45	15
Disability (physical)	28	12
Sex (female)	25	10

In FY 2014, there was one Order Entering Judgment on June 3, 2014, by the Equal Employment Opportunity Commission (EEOC) recommending a Finding of Discrimination. The relief ordered in the Decision was timely implemented and in accordance with DR 4300-010. The complaint file was provided to the USDA Office of Human Resource Management (OHRM) for assessment and determination of appropriate corrective and/or disciplinary action.

APHIS works in conjunction with the USDA, Office of Human Resource Management (OHRM) when preparing written assessments, which identify substantial misconduct as well as remedial actions to ensure the behavior, is not repeated. Assessments are initiated immediately; however, recommendations and determinations of final disciplinary actions vary based upon the complexity of the individual case. The agency has responded timely to all inquiries and communication from OHRM regarding case assessments for disciplinary action(s).

In our continuing effort to eliminate discrimination through education, APHIS OCRDI continues to educate not only managers and supervisors, but all agency employees in Equal Employment Opportunity issues through substantive, informative articles published in its quarterly Civil Rights Communicator, as well as through its Administrator's Annual Civil Rights and Diversity Training. The training presented this fiscal year focused on "The EEO Interactive Process with Reasonable Accommodation" and "Managing Differences and Building an Inclusive Workplace".

APHIS plans to continue to develop and implement programs, strategies, and initiatives designed to close, settle, or mediate active complaints and proactive in preventing new complaints. Provide training and information resources to managers and supervisors in an effort to reduce EEO complaints. As well as utilizing various ADR techniques to resolve EEO complaints at the earliest possible stage.

U.S. EQUAL EMPLOYMENT OPPORTUNITY COMMISSION

FEDERAL AGENCY ANNUAL EEO PROGRAM STATUS REPORT

CERTIFICATION of ESTABLISHMENT of CONTINUING
EQUAL EMPLOYMENT OPPORTUNITY PROGRAMS

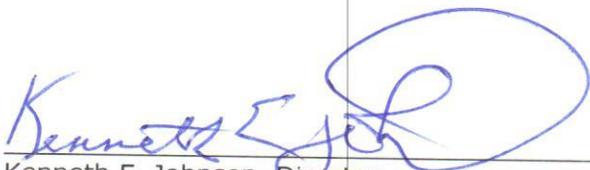

I, Kenneth E. Johnson, Equal Employment Manager, 0260-15 am the

Principal EEO Director for Animal and Plant Health Inspection Service, Office of Civil Rights Diversity and Inclusion

The annual self-assessment of Section 717 and Section 501 programs were reviewed against the essential elements prescribed by EEO MD-715. If an essential element did not meet the standards outlined in EEO MD-715, further evaluation was conducted and Plans for attaining the Essential Elements were included in with this report.

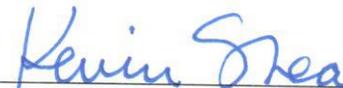

Work force profiles and barrier analyses focused on detecting the existence of management or personnel policies, procedures or practices that may be operating to the disadvantage of any group. EEO Plans to eliminate these barriers are also included in this report.

I certify that proper documentation of this assessment is in place and is being maintained for EEOC review upon request.

Kenneth E. Johnson, Director
Office of Civil Rights Diversity and Inclusion
Signature of Principal EEO Director
Certifies that this Federal Agency Annual EEO Program
Status Report is in compliance with EEO MD-715.

<p>Responsible Official(s):</p>	<p>Director, OCRDI Director, Human Resources Managers and Supervisors</p>																								
<p>Date Objective Initiated:</p>	<p>November 1, 2011</p>																								
<p>Target Date for Completion of Objective:</p>	<p>September 30, 2014</p>																								
<p>Planned Activities Toward Completion of Objective:</p>	<p>Promote and encourage the use of career development programs.</p> <p>Provide training for hiring and selecting officials regarding hiring authorities, recruitment and the new federal hiring reform process.</p> <p>Implement hiring reform with mechanisms to track improvements in the hiring process, including self-audits of the programs plan.</p> <p>Provide updates on recruitment activities and workshops, and collaborate on cost-saving events. Meetings will be held on a quarterly or more often, if needed.</p>																								

<p>Target Date(s):</p>	<p>September 30, 2015</p>
<p>Accomplishment of Objectives:</p>	<p>The HR Recruitment Specialist assists with the development of a comprehensive recruitment calendar for the Fiscal Year. Each event targets various targeted groups to address workforce deficiencies for underrepresented groups for identified positions.</p> <p>The HR recruitment specialist meets with the Office Civil Rights, Diversity and Inclusion and HR Operations each month to discuss upcoming and previously attended outreach and recruitment events and provide updates and summaries of the events. The recruitment specialist facilitates special workshops such as the Workforce Recruitment Program.</p> <p>The Recruitment Specialist also collaborates with the Office of Human Resources Management to develop a comprehensive list of events for each Agency to either participate in or sponsor with either low or no-cost registration. This information is shared through OHRM Recruitment office. The HR Recruitment Specialist meets on an as needs basis to solicit volunteers to staff booths, sponsor a particular recruitment events or provide materials for distribution from Agency programs for those who cannot attend. The HR Recruitment specialist also requests planned activities from Agency programs to determine if the event will be attended by other Agency programs and if they seek participation from outside of their programs. This measure is cost effective because it allows other programs within APHIS to solicit information about their respective program. Information that was distributed included job opportunities, current openings, and program specific activities.</p>
<p>Results:</p>	<p>Improved collaboration between HR Recruitment and hiring officials to ensure information is effectively disseminated during recruitment events. Managers are also aware of the various hiring authorities and are able to have a subject matter expert available during recruitment efforts.</p> <p>Note: During the summer of FY 2014, the HR Recruitment Specialist position became vacant. HR staff are filling in until a new HR Recruitment Specialist can be hired.</p>

FY 2013 (Continued for FY 2014) USDA Animal and Plant Health Inspection Service	
<p>Statement of Model Program Essential Element Deficiency:</p> <p>Objective:</p> <p>Responsible Official(s):</p> <p>Date Objective Initiated:</p> <p>Target Date for Completion of Objective:</p>	<p>The Agency is collecting race and gender information via the application process, but disability information is not being collected. Collecting disability information will allow the Agency to efficiently track applications received from persons with targeted disabilities. The Agency is also looking at ways to collect information at recruitment fairs. Develop and implement an adequate system that permits the tracking of recruitment efforts, including applications from persons with targeted disabilities.</p> <p>Director, OCRDI Director, Human Resources</p> <p>November 1, 2011</p> <p>September 30, 2015</p>
<p>Planned Activities Toward Completion of Objective:</p> <p>Target Date(s):</p>	<p>Human Resources will work with the Department to select the best tracking system to retrieve data during recruitment and outreach events for persons with targeted disabilities.</p> <p>Human Resources will examine different systems to determine which is the best option to ensure that disability information is collected.</p> <p>Implement a system in FY 2015.</p> <p>September 30, 2015</p>
<p>Accomplishment of Objectives:</p>	<p>Background: HR received approval from the Department to begin tracking race, sex, and national origin (RSNO) data for applicants in November, 2009. This capability was implemented on February 26, 2010. The Monster Hiring Management system could track RSNO data only; targeted disabilities data for applicants were not captured pursuant to a Departmental decision. Requests for RSNO were included as part of the Monster Hiring Management profile completed by each applicant. Responding to these questions were optional and at the discretion of the applicant.</p> <p>eRecruit relies on the RSNO data that is completed as part of the USAJOBS profile. Providing race and sex information is optional and at the discretion of the applicant. The applicant may choose to transfer their RSNO information along with any documentation stored on USAJOBS when they began the application process. Monster Hiring Management never collected disability information while we were using the system.</p>

	<p>In February 2014, a new OMB form was approved for the collection of applicant disability information. USAJOBS began collecting this disability information FY 2014 this past summer. The information now transfers to the eRecruit system when an individual applies. However, the disability information that is now collected on USAJOBS and flows to our back-end Staffing system does not match the disability fields for the MD-715. The system vendor as well as the USDA Department has reached out to OPM and EEOC on the discrepancies, but are awaiting a response.</p>
<p>Results:</p>	<p>Applicant flow data (race and sex only) for the FY14 MD-715 was pulled from the Monster Hiring Management staffing system. We begin transitioning to our new Staffing system, eRecruit, at the end of FY14 and have now fully implemented. All applicant flow data for FY15 will be pulled from eRecruit.</p>

TARGET DATE FOR COMPLETION OF OBJECTIVE:	September 30, 2015	
PLANNED ACTIVITIES TOWARD COMPLETION OF OBJECTIVE:	TARGET DATE (Must be specific)	
	Collaborate with the Department in moving forward with the One USDA initiative which includes the transition of all USDA agencies to one automated Staffing system.	
	Collaborate with USAJOBS which currently collects applicant RNO data and explore the possible collection of applicant disability information. The USAJOBS team indicated they are currently reviewing this enhancement with OPM's Policy office to determine how it can be implemented.	
REPORT OF ACCOMPLISHMENTS and MODIFICATIONS TO OBJECTIVE		
<p><i>Modification to objective: In February 2014, a new OMB form was approved for the collection of applicant disability information. USAJOBS began collecting this disability information FY 2014 this past summer. The information now transfers to the eRecruit system when an individual applies. However, the disability information that is now collected on USAJOBS and flows to the back-end Staffing system does not match the disability fields for the MD-715. The system vendor as well as the USDA Department are reaching out to OPM and EEOC to help correct the discrepancies, but are awaiting a response.</i></p>		
<ul style="list-style-type: none"> • The Selective Placement Program Coordinator (SPPC) participates in conference and consultation calls with APHIS management and program officials to educate stakeholders regarding: weekly strategic outreach efforts, effective recruitment and hiring resources for individuals with disabilities (IWD); Schedule A hiring authority/certification letter; retention of employees with disabilities through reassignments as an accommodation of last resort (RALR); reassignments under the ADA; reasonable accommodations for job applicants and employees; EEOC guidance; conduct job searches for vacant, funded and qualifying positions for employees under RALR; participates in monthly Departmental disability employment conference calls

EEO Plan to Eliminate Identified Barriers and FY 2014 List of Accomplishments

EEO Plan To Eliminate Identified Barrier

FY 2014
 USDA, Animal and Plant Health Inspection Service

STATEMENT OF CONDITION THAT WAS A TRIGGER FOR A POTENTIAL BARRIER:

Provide a brief narrative describing the condition at issue.

How was the condition recognized as a potential barrier?

Establish and Meet Hiring and Retention Goals for Employees with Targeted Disabilities

A review of the workforce statistics shows APHIS' total workforce at the end of FY 2014 was 8,013. Of this number 86 or 1.07% were persons with a Targeted Disability. APHIS does not meet the Federal Initiative goal of employing 4% of employees with a Targeted Disability. APHIS continues its commitment to hiring persons with Targeted Disabilities by continuing its hiring goal to increase the number of employees with a TD by 10 employees each year for the period of *FY 2014 – FY 2016*.

FY 2014 Employees with Targeted Disabilities 86 or 1.07%	3-Year Hiring Goal	Fiscal Year Increase
Fiscal Year 2014	96	+10
Fiscal Year 2015	106	+10
Fiscal Year 2016	116	+10

In Fiscal Year 2014, APHIS' separation rate for persons with a TD is 1.13% which is less than the APHIS overall separation rate of 5.42%.

In FY 2014, there were 86 APHIS employees with a TD. Of the 86 employees 75 or 87% were permanent employees; and 11 or 13% were temporary employees. The majority of permanent employees with a TD work for the Plant Protection and Quarantine (PPQ) program (29 or 34%), followed by 21 or 24% in the Veterinary Services program. Of the employees with a TD most are concentrated in Grades GS-5 through GS-8 (27 or 31%), followed by GS-9 through GS-12 (25 or 30%). The majority of the employees with a TD are in the GS pay plan, however, APHIS does employ 3 persons in the Wage Grade pay plan with targeted disabilities.

BARRIER ANALYSIS:

Provide a description of the steps taken and data analyzed to determine cause of the condition.

In FY 2014, the APHIS total permanent workforce decreased by -7 employees, reflecting a net change of -0.09%. During FY 2014, APHIS employed 86 persons with a TD, which was a decrease of -2 from FY 2013.

The FY 2014 analysis is based on 2010 CLF and APHIS is underrepresented in Hispanic females, White females, Black males and females, and American Indian/Alaska Native.

Hispanic Employees

Total employment for Hispanics in FY 2014 is 824 or 10.2 % of the total APHIS employment. Of the total employees with a TD, 13 are Hispanic, including 8 (6.15%) males and 5 (3.85%) females. There are 80 Hispanic employees with a Reported Disability, including 51 (6.38%) males and 29 (3.63%) females. Hispanic females are under -represented by (-1.2%) as compared to the CLF. There is no underrepresentation among Hispanic males.

African American Employees

Total employment for African Americans in FY 2014 is 677 or 8.4% of the total APHIS employment. Of the total employees with a TD, 5 are African American females. There are no African American males with a Targeted Disability. There are 62 African American employees with a Reported Disability, including 25 (0.4%) males and 37 (0.6%) females. African American females are underrepresented by -1.36% and African American Men by -2.21% as compared to the CLF.

Asian Employees

Total employment for Asians in FY 2014 is 476 or 5.9% of the total APHIS employment. Of the total employees with a TD, 2 are Asian males. There are no Asian females with a Targeted Disability. There are 32 Asian employees with a Reported Disability, including 20 (0.6%) males and 12 (0.4%) females. There is no underrepresentation among Asian males or females when compared to the CLF.

	<p><u>American Indian/Alaskan Native (AI/AN) Employees</u> Total employment for AI/AN in FY 2014 is 103 or 1.3% of the total APHIS employment. Of the total employees with a TD, 1 is female. There are no AI/AN males with a Targeted Disability. There are 12 AI/AN with a Reported Disability, including 7 (5.8%) males and 5 (4.2%) females. American Indians/Alaska Natives females are underrepresented by -.03% when compared to the CLF. There is no underrepresentation among American Indian/Alaska Native males.</p> <p><u>Native Hawaiian or Other Pacific Islander (NHOPI) Employees</u> Total employment for NHOPI in FY 2014 is 99 or 1.2%. Of that total there are no NHOPI employees with a Targeted or Reported Disability. There are 11 NHOPI employees with a Reported Disability, including 7 (6.4%) males and 4 (3.6%) females. There is no underrepresentation among NHOPI males or females when compared to the CLF.</p> <p><u>White Employees</u> Total employment for White males and females in FY 2014 is 5,726 or 71% of the total APHIS employment. Of the total employees with a TD, 63 are White, including 30 (47.6%) are males and 33 (52.4%) are females. There are 592 White employees with a Reported Disability, including 361 (6.1%) males and 231 (3.9%) females. White females are underrepresented by (-6.9%) as compared to the CLF. There is no underrepresentation among White males.</p> <p><u>Two or More Races</u> Total employment for Two or More Races in FY 2014 is 111 or 1.4% of the total APHIS employment. Of that total with a TD, 4 represent Two or More Races, including 3 (0.75%) males and 1 (0.25%) female. There are 28 Two or More Races employees with a Reported Disability, including 16 (5.7%) males and 12 (4.3%) females. There is no underrepresentation among Two or More Races.</p>

Part IV Identification and Elimination of Barriers	Agencies with 1,000 or more permanent employees MUST conduct a barrier analysis to address any barriers to increasing employment opportunities for employees and applicants with targeted disabilities using FORM 715-01 PART I . Agencies should review their recruitment, hiring, career development, promotion, and retention of individuals with targeted disabilities in order to determine whether there are any barriers.
Part V Goals for Targeted Disabilities	<p>Agencies with 1,000 or more permanent employees are to use the space provided below to describe the strategies and activities that will be undertaken during the coming fiscal year to maintain a special recruitment program for individuals with targeted disabilities and to establish specific goals for the employment and advancement of such individuals. For these purposes, targeted disabilities may be considered as a group. Agency goals should be set and accomplished in such a manner as will effect measurable progress from the preceding fiscal year. Agencies are encouraged to set a goal for the hiring of individuals with targeted disabilities that is at least as high as the anticipated losses from this group during the next reporting period, with the objective of avoiding a decrease in the total participation rate of employees with disabilities.</p> <p>Goals, objectives and strategies described below should focus on internal as well as external sources of candidates and include discussions of activities undertaken to identify individuals with targeted disabilities who can be (1) hired; (2) placed in such a way as to improve possibilities for career development; and (3) advanced to a position at a higher level or with greater potential than the position currently occupied.</p>
