Subject: MISSING DOCUMENT
Importance: High

Ms. Woods.

A recently received document, dated June 19, 2006, from the Lower Virgin River Fire Council states,

"Work with Greg Abbott to get a copy of the work plan."

The "work plan" addresses the release of tamarisk leaf eating beetles in the City of St. George, UT. This document is not in the materials forwarded under your direction by APHIS in spite of being responsive to our FOIAs dated, October 28, 2008 and May 14, 2009.

DEC - 7 2009

Please forward a copy of this document ASAP.

Thank you. Robin Silver
