Subject RE: Your recent FOIA request assigned case number FOIA 10-615

Hi Deborah,

I would like to review any investigation of Mr. Misner with the regards to the disposition of the horses he buys. It is my understanding that an investigation by Food and Ag was conducted in the last few years but not much came of it. I am currently investigating him again and would like to see what progress was gained by food and ag. Please let me know if I need to be more specific.

Beth

Subject: Your recent FOIA request assigned case number FOIA 10-615

Beth Les

I am writing to you to try to clarify your request.

Your request states that you are interested in information regarding David Eugene Misner of Ontario, California.

There is a general statement: " I am requesting information regarding the buying and selling of horses for the purpose of selling for slaughter in Mexico or Canada. "

What specific (types) documents are you asking for?
