RE: Official Canada Goose Removal Report

Dear [REDACTED]

On Wednesday June 17, 2009 USDA-Wildlife Services staff collected thirty-eight (38) juvenile and fifteen (15) adult Canada geese for a total fifty-three (53) geese from Wind Lake. All geese were collected under the authority of a depredation permit MB070457-0, issued to Wind Lake Management District by the U.S. Fish and Wildlife Service, and a Cooperative Service Agreement signed by you. These geese were processed and taken to a food pantry, wild animal sanctuary or a landfill. You will be required to report the collection of these geese under your depredation permit.

This letter serves as our official report for activities conducted by USDA-Wildlife Services in 2009.

We should start planning 2010 Canada goose management activities and permitting early in 2010. If you have any questions regarding any of this information, please do not hesitate to contact me.

RE: Official Canada Goose Removal Report

Dear [REDACTED]

On Wednesday July 1, 2009 USDA-Wildlife Services staff collected forty-three (43) juvenile and twenty-nine (29) adult Canada geese for a total of seventy-two (72) geese from the Lac La Belle Management District. All geese were collected under the authority of a depredation permit MB212947-0, issued to the Lac La Belle Management District by the U.S. Fish and Wildlife Service, and a Cooperative Service Agreement signed by you. These geese were processed and taken to a food pantry, wild animal sanctuary or a landfill. You will be required to report the collection of these geese under your depredation permit.

This letter serves as our official report for activities conducted by USDA-Wildlife Services in 2009.

We should start planning 2010 Canada goose management activities and permitting early in 2010. If you have any questions regarding any of this information, please do not hesitate to contact me.

Between

WIND LAKE MANAGEMENT DISTRICT

and the

UNITED STATES DEPARTMENT OF AGRICULTURE
ANIMAL AND PLANT HEALTH INSPECTION SERVICE (APHIS)
WILDLIFE SERVICES (WS)

ARTICLE 1

The purpose of this agreement is to cooperate in a wildlife damage management project, as described in the Work Plan on the next page.

ARTICLE 2

APHIS WS has statutory authority under the Act of March 2, 1931 (46 Stat. 1468; 7 U.S.C.426-426b) as amended, and the Act of December 22, 1987 (101Stat. 1329-331, 7 U.S.C. 426c), to cooperate with States, local jurisdictions, individuals, public and private agencies, organizations, and institutions while conducting a program of wildlife services involving mammal and bird species that are reservoirs for zoonotic diseases, or animal species that are injurious and/or a nuisance to, among other things, agriculture, horticulture, forestry, animal husbandry, wildlife, and human health and safety.

ARTICLE 3

APHIS-WS and the Cooperator agree:

- 1. APHIS-WS will provide the requested wildlife damage management services.
2. The Cooperator will provide the U.S. Department of Agriculture the sum of \$3000 to cover the costs as outlined in the Financial Plan. Payment will be made by check payable to "U.S. Department of Agriculture" by a mutually agreed upon date.
3. The Cooperator ensures and certifies that it is not currently debarred or suspended and is free of delinquent Federal debt.
4. The monies received by APHIS-WS will be used for wildlife damage management activities and upon termination of the agreement any unexpended funds will be retained by APHIS-WS and used on similar program activities.
5. All activities will be conducted in accordance with all applicable Federal, State, and local laws and regulations.
6. Nothing in this agreement shall prevent APHIS-WS from entering into separate agreements with any other organization or individual for the purpose of providing wildlife damage management services exclusive of those provided for under this agreement.
7. WIND LAKE MANAGEMENT DISTRICT certifies that APHIS WS has advised WIND LAKE MANAGEMENT DISTRICT that there may be private sector service providers available to provide wildlife management services that WIND LAKE MANAGEMENT DISTRICT is seeking from APHIS WS.
8. The performance of wildlife damage management actions by APHIS-WS under this agreement is contingent upon a determination by APHIS-WS that such actions are in compliance with the National Environmental Policy Act, Endangered Species Act, and any other applicable environmental statutes. APHIS-WS will not make a final decision to conduct requested wildlife damage management actions until it has made the determination of such compliance.

ARTICLE 4

Pursuant to Section 22, Title 41, United States Code, no member of or delegate to Congress shall be admitted to any share or part of this Agreement or to any benefit to arise therefrom.

ARTICLE 5

APHIS assumes no liability for any actions or activities conducted under this Cooperative Service Agreement except to the extent that recourse or remedies are provided by Congress under the Federal Tort Claims Act (FTCA), (28 U.S.C. 1346(b), 2401(b), and 2671-2680).

ARTICLE 6

The Agreement shall become effective on June 17, 2009 and will terminate once one (1) round-up has been completed and will expire on July 15, 2009. This Agreement may be amended or terminated at any time by mutual agreement of the parties in writing. Further, in the event the Cooperator does not provide necessary funds, APHIS-WS is relieved of the obligation to provide services under this agreement.

## WORK PLAN

Wildlife Species: Canada Geese (*Branta canadensis*).

Description of Damage: The resident Canada goose population at the cooperators location(s) has been increasing in numbers for several years posing unacceptable negative impacts by: 1) defecating on property and landscaping; 2) harassing people during the nesting and brood rearing season; 3) creating unhealthy conditions; and 4) creating an overall nuisance because of the large number using the cooperators site(s).

Location: Wind Lake Management District and surrounding properties in Norway Township, Racine County, Wisconsin

Services Provided: APHIS-WS was requested by the cooperator to conduct a Canada goose round up project to reduce the negative impacts with Canada geese on the cooperators site(s). In accordance with Wisconsin Department of Natural Resources (WDNR) and Department of Health and Family Services requirements and guidelines, Canada geese may also be tested for contaminants. APHIS-WS will conduct a Canada goose round-up under the authority of USFWS Depredation Permit issued to the cooperator or to APHIS-WS. APHIS-WS will dispose of all geese removed in accordance with Federal and State requirements. APHIS-WS will comply with all necessary recordkeeping requirements, including compliance with the National Environmental Policy Act.

The Cooperator and APHIS-WS Agree:

- All activities will be conducted according to Federal, State and local laws, regulations, permits and other authorities.
- The cooperator will be responsible for obtaining all necessary State and/or Federal permits in order to conduct a Canada goose round-up. If requested, APHIS-WS will assist with obtaining necessary permits.
- The cooperator will be responsible for providing 2-4 personnel with personal protective equipment to assist with the round-up activities.
- The cooperator will be responsible for keeping employees, personnel, visitors, and vehicles clear of areas where the round-up will take place.
- The cooperator will be responsible for any public relations campaign and will address all employee/resident and news media inquires, with technical assistance provided by APHIS-WS.
- The cooperator understands that contaminant testing is required by the WDNR to ensure that meat is safe for human consumption. Results from these contaminant tests will be received by APHIS-WS before processed meat is released and will be provided to the cooperator by APHIS-WS or WDNR.
- Canada geese will be handled and euthanized humanely, according to permit authorities. Geese will not be relocated elsewhere.
- APHIS-WS will be responsible for properly disposing of all geese removed, and will make every attempt to donate the meat to charitable organizations (e.g., Indian tribes, food pantries, zoo's and other animal sanctuaries, etc.).
- The cooperator agrees to pay for or waive any boat access or parking fees that may be required by APHIS-WS for launching boats or parking vehicles while conducting goose round-ups.
- The cooperator understands that if APHIS-WS shows up on site to collect Canada geese the cooperator is responsible for up to the full amount of this agreement regardless if Canada geese are on site and collected. The cooperator was notified in advance of this stipulation and was responsible for determination of the presence of Canada geese.
- APHIS-WS will make a single attempt to round-up and remove as many Canada geese as possible. It shall be understood that APHIS-WS may not capture all Canada geese on the property and that more geese may arrive after the round-up. An integrated wildlife damage management plan will best address the presence of Canada geese at the cooperators location now and in the future. It should be noted that if additional measures are not taken by the cooperator it is likely that Canada geese will continue to use the area, even if APHIS-WS removes all geese on the property during the round-up.

### FINANCIAL PLAN

Personnel Costs.....	\$1,353

- The cooperator will be responsible for keeping employees, personnel, visitors, and vehicles clear of areas where the round-up will take place.
- The cooperator will be responsible for any public relations campaign and will address all employee/resident and news media inquires, with technical assistance provided by APHIS-WS.
- The cooperator understands that contaminant testing is required by the WDNR to ensure that meat is safe for human consumption. Results from these contaminant tests will be received by APHIS-WS before processed meat is released and will be provided to the cooperator by APHIS-WS or WDNR.
- Canada geese will be handled and euthanized humanely, according to permit authorities. Geese will not be relocated elsewhere.
- APHIS-WS will be responsible for properly disposing of all geese removed, and will make every attempt to donate the meat to charitable organizations (e.g., Indian tribes, food pantries, zoo's and other animal sanctuaries, etc.).
- The cooperator agrees to pay for or waive any boat access or parking fees that may be required by APHIS-WS for launching boats or parking vehicles while conducting goose round-ups.
- The cooperator understands that if APHIS-WS shows up on site to collect Canada geese the cooperator is responsible for up to the full amount of this agreement regardless if Canada geese are on site and collected. The cooperator was notified in advance of this stipulation and was responsible for determination of the presence of Canada geese.
- APHIS-WS will make a single attempt to round-up and remove as many Canada geese as possible. It shall be understood that APHIS-WS may not capture all Canada geese on the property and that more geese may arrive after the round-up. An integrated wildlife damage management plan will best address the presence of Canada geese at the cooperators location now and in the future. It should be noted that if additional measures are not taken by the cooperator it is likely that Canada geese will continue to use the area, even if APHIS-WS removes all geese on the property during the round-up.

### FINANCIAL PLAN

Personnel Costs.....	\$1,353
Travel & Vehicle Usage.....	\$ 340
Supplies & Equipment.....	\$ 390
Services.....	\$ 500
Program Support.....	\$ 417
TOTAL .....	\$3,000

The distribution of the budget from this Financial Plan may vary as necessary to accomplish the purpose of this agreement, but may not exceed **\$3,000**.

WASHINGTON COUNTY GOLF COURSE
and the
UNITED STATES DEPARTMENT OF AGRICULTURE
ANIMAL AND PLANT HEALTH INSPECTION SERVICE (APHIS)
WILDLIFE SERVICES (WS)

ARTICLE 1

The purpose of this agreement is to cooperate in a wildlife damage management project, as described in the Work Plan on the next page.

ARTICLE 2

APHIS WS has statutory authority under the Act of March 2, 1931 (46 Stat. 1468; 7 U.S.C.426-426b) as amended, and the Act of December 22, 1987 (101Stat. 1329-331, 7 U.S.C. 426c), to cooperate with States, local jurisdictions, individuals, public and private agencies, organizations, and institutions while conducting a program of wildlife services involving mammal and bird species that are reservoirs for zoonotic diseases, or animal species that are injurious and/or a nuisance to, among other things, agriculture, horticulture, forestry, animal husbandry, wildlife, and human health and safety.

ARTICLE 3

APHIS-WS and the Cooperator agree:

- 1. APHIS-WS will provide the requested wildlife damage management services.
2. The Cooperator will provide the U.S. Department of Agriculture the sum of \$3000 to cover the costs as outlined in the Financial Plan. Payment will be made by check payable to "U.S. Department of Agriculture" by a mutually agreed upon date.
3. The Cooperator ensures and certifies that it is not currently debarred or suspended and is free of delinquent Federal debt.
4. The monies received by APHIS-WS will be used for wildlife damage management activities and upon termination of the agreement any unexpended funds will be retained by APHIS-WS and used on similar program activities.
5. All activities will be conducted in accordance with all applicable Federal, State, and local laws and regulations.
6. Nothing in this agreement shall prevent APHIS-WS from entering into separate agreements with any other organization or individual for the purpose of providing wildlife damage management services exclusive of those provided for under this agreement.
7. WASHINGTON COUNTY GOLF COURSE certifies that APHIS WS has advised WASHINGTON COUNTY GOLF COURSE that there may be private sector service providers available to provide wildlife management services that WASHINGTON COUNTY GOLF COURSE is seeking from APHIS WS.
8. The performance of wildlife damage management actions by APHIS-WS under this agreement is contingent upon a determination by APHIS-WS that such actions are in compliance with the National Environmental Policy Act, Endangered Species Act, and any other applicable environmental statutes. APHIS-WS will not make a final decision to conduct requested wildlife damage management actions until it has made the determination of such compliance.

ARTICLE 4

Pursuant to Section 22, Title 41, United States Code, no member of or delegate to Congress shall be admitted to any share or part of this Agreement or to any benefit to arise therefrom.

ARTICLE 5

APHIS assumes no liability for any actions or activities conducted under this Cooperative Service Agreement except to the extent that recourse or remedies are provided by Congress under the Federal Tort Claims Act (FTCA), (28 U.S.C. 1346(b), 2401(b), and 2671-2680).

ARTICLE 6

The Agreement shall become effective on June 17, 2009 and will terminate once one (1) round-up has been completed and will expire on July 15, 2009. This Agreement may be amended or terminated at any time by mutual agreement of the parties in writing. Further, in the event the Cooperator does not provide necessary funds, APHIS-WS is relieved of the obligation to provide services under this agreement.

## WORK PLAN

Wildlife Species: Canada Geese (*Branta canadensis*).

Description of Damage: The resident Canada goose population at the cooperators location(s) has been increasing in numbers for several years posing unacceptable negative impacts by: 1) defecating on property and landscaping; 2) harassing people during the nesting and brood rearing season; 3) creating unhealthy conditions; and 4) creating an overall nuisance because of the large number using the cooperators site(s).

Location: Washington County Golf Course, 6439 Clover Rd., Hartford, Washington County, Wisconsin

Services Provided: APHIS-WS was requested by the cooperator to conduct a Canada goose round up project to reduce the negative impacts with Canada geese on the cooperators site(s). In accordance with Wisconsin Department of Natural Resources (WDNR) and Department of Health and Family Services requirements and guidelines, Canada geese may also be tested for contaminants. APHIS-WS will conduct a Canada goose round-up under the authority of USFWS Depredation Permit issued to the cooperator or to APHIS-WS. APHIS-WS will dispose of all geese removed in accordance with Federal and State requirements. APHIS-WS will comply with all necessary recordkeeping requirements, including compliance with the National Environmental Policy Act.

The Cooperator and APHIS-WS Agree:

- All activities will be conducted according to Federal, State and local laws, regulations, permits and other authorities.
- The cooperator will be responsible for obtaining all necessary State and/or Federal permits in order to conduct a Canada goose round-up. If requested, APHIS-WS will assist with obtaining necessary permits.
- The cooperator will be responsible for providing 2-4 personnel with personal protective equipment to assist with the round-up activities.
- The cooperator will be responsible for keeping employees, personnel, visitors, and vehicles clear of areas where the round-up will take place.
- The cooperator will be responsible for any public relations campaign and will address all employee/resident and news media inquires, with technical assistance provided by APHIS-WS.
- The cooperator understands that contaminant testing is required by the WDNR to ensure that meat is safe for human consumption. Results from these contaminant tests will be received by APHIS-WS before processed meat is released and will be provided to the cooperator by APHIS-WS or WDNR.
- Canada geese will be handled and euthanized humanely, according to permit authorities. Geese will not be relocated elsewhere.
- APHIS-WS will be responsible for properly disposing of all geese removed, and will make every attempt to donate the meat to charitable organizations (e.g., Indian tribes, food pantries, zoo's and other animal sanctuaries, etc.).
- The cooperator agrees to pay for or waive any boat access or parking fees that may be required by APHIS-WS for launching boats or parking vehicles while conducting goose round-ups.

- All activities will be conducted according to Federal, State and local laws, regulations, permits and other authorities.
- The cooperator will be responsible for obtaining all necessary State and/or Federal permits in order to conduct a Canada goose round-up. If requested, APHIS-WS will assist with obtaining necessary permits.
- The cooperator will be responsible for providing 2-4 personnel with personal Protection equipment to assist with the round-up activities.
- The cooperator will be responsible for keeping employees, personnel, visitors, and vehicles clear of areas where the round-up will take place.
- The cooperator will be responsible for any public relations campaign and will address all employee/resident and news media inquires, with technical assistance provided by APHIS-WS.
- The cooperator understands that contaminant testing is required by the WDNR to ensure that meat is safe for human consumption. Results from these contaminant tests will be received by APHIS-WS before processed meat is released and will be provided to the cooperator by APHIS-WS or WDNR.
- Canada geese will be handled and euthanized humanely, according to permit authorities. Geese will not be relocated elsewhere.
- APHIS-WS will be responsible for properly disposing of all geese removed, and will make every attempt to donate the meat to charitable organizations (e.g., Indian tribes, food pantries, zoo's and other animal sanctuaries, etc.).
- The cooperator agrees to pay for or waive any boat access or parking fees that may be required by APHIS-WS for launching boats or parking vehicles while conducting goose round-ups.
- The cooperator understands that if APHIS-WS shows up on site to collect Canada geese the cooperator is responsible for up to the full amount of this agreement regardless if Canada geese are on site and collected. The cooperator was notified in advance of this stipulation and was responsible for determination of the presence of Canada geese.
- APHIS-WS will make a single attempt to round-up and remove as many Canada geese as possible. It shall be understood that APHIS-WS may not capture all Canada geese on the property and that more geese may arrive after the round-up. An integrated wildlife damage management plan will best address the presence of Canada geese at the cooperators location now and in the future. It should be noted that if additional measures are not taken by the cooperator it is likely that Canada geese will continue to use the area, even if APHIS-WS removes all geese on the property during the round-up.

Between  
**POTTER'S LAKE PROTECTION & REHABILITATION DISTRICT**  
and the  
**UNITED STATES DEPARTMENT OF AGRICULTURE**  
**ANIMAL AND PLANT HEALTH INSPECTION SERVICE (APHIS)**  
**WILDLIFE SERVICES (WS)**

ARTICLE 1

The purpose of this agreement is to cooperate in a wildlife damage management project, as described in the Work Plan on the next page.

ARTICLE 2

APHIS WS has statutory authority under the Act of March 2, 1931 (46 Stat. 1468; 7 U.S.C.426-426b) as amended, and the Act of December 22, 1987 (101Stat. 1329-331, 7 U.S.C. 426c), to cooperate with States, local jurisdictions, individuals, public and private agencies, organizations, and institutions while conducting a program of wildlife services involving mammal and bird species that are reservoirs for zoonotic diseases, or animal species that are injurious and/or a nuisance to, among other things, agriculture, horticulture, forestry, animal husbandry, wildlife, and human health and safety.

ARTICLE 3

APHIS-WS and the Cooperator agree:

1. APHIS-WS will provide the requested wildlife damage management services.
2. The Cooperator will provide the U.S. Department of Agriculture the sum of **\$4000** to cover the costs as outlined in the Financial Plan. Payment will be made by check **payable to "U.S. Department of Agriculture"** by a mutually agreed upon date.
3. The Cooperator ensures and certifies that it is not currently debarred or suspended and is free of delinquent Federal debt.
4. The monies received by APHIS-WS will be used for wildlife damage management activities and upon termination of the agreement any unexpended funds will be retained by APHIS-WS and used on similar program activities.
5. All activities will be conducted in accordance with all applicable Federal, State, and local laws and regulations.
6. Nothing in this agreement shall prevent APHIS-WS from entering into separate agreements with any other organization or individual for the purpose of providing wildlife damage management services exclusive of those provided for under this agreement.
7. **POTTER'S LAKE PROTECTION & REHABILITATION DISTRICT** certifies that APHIS WS has advised **POTTER'S LAKE PROTECTION & REHABILITATION DISTRICT** that there may be private sector service providers available to provide wildlife management services that **POTTER'S LAKE PROTECTION & REHABILITATION DISTRICT** is seeking from APHIS WS.
8. The performance of wildlife damage management actions by APHIS-WS under this agreement is contingent upon a determination by APHIS-WS that such actions are in compliance with the National Environmental Policy Act, Endangered Species Act, and any other applicable environmental statutes. APHIS-WS will not make a final decision to conduct requested wildlife damage management actions until it has made the determination of such compliance.

ARTICLE 4

Pursuant to Section 22, Title 41, United States Code, no member of or delegate to Congress shall be admitted to any share or part of this Agreement or to any benefit to arise therefrom.

ARTICLE 5

APHIS assumes no liability for any actions or activities conducted under this Cooperative Service Agreement except to the extent that recourse or remedies are provided by Congress under the Federal Tort Claims Act (FTCA), (28 U.S.C. 1346(b), 2401(b), and 2671-2680).

ARTICLE 6

The Agreement shall become effective on June 18, 2009 and will terminate once one (1) round-up has been completed and will expire on July 15, 2009. This Agreement may be amended or terminated at any time by mutual agreement of the parties in writing. Further, in the event the Cooperator does not provide necessary funds, APHIS-WS is relieved of the obligation to provide services under this agreement.

## WORK PLAN

Wildlife Species: Canada Geese (*Branta canadensis*).

Description of Damage: The resident Canada goose population at the cooperators location(s) has been increasing in numbers for several years posing unacceptable negative impacts by: 1) defecating on property and landscaping; 2) harassing people during the nesting and brood rearing season; 3) creating unhealthy conditions; and 4) creating an overall nuisance because of the large number using the cooperators site(s).

Location: Potter’s Lake Protection & Rehabilitation District Potters Lake, Brookfield, Waukesha County, Wisconsin

Services Provided: APHIS-WS was requested by the cooperator to conduct a Canada goose round up project to reduce the negative impacts with Canada geese on the cooperators site(s). In accordance with Wisconsin Department of Natural Resources (WDNR) and Department of Health and Family Services requirements and guidelines, Canada geese may also be tested for contaminants. APHIS-WS will conduct a Canada goose round-up under the authority of USFWS Depredation Permit issued to the cooperator or to APHIS-WS. APHIS-WS will dispose of all geese removed in accordance with Federal and State requirements. APHIS-WS will comply with all necessary recordkeeping requirements, including compliance with the National Environmental Policy Act.

The Cooperator and APHIS-WS Agree:

- All activities will be conducted according to Federal, State and local laws, regulations, permits and other authorities.
- The cooperator will be responsible for obtaining all necessary State and/or Federal permits in order to conduct a Canada goose round-up. If requested, APHIS-WS will assist with obtaining necessary permits.
- The cooperator will be responsible for providing 2-4 personnel with personal protective equipment to assist with the round-up activities.
- The cooperator will be responsible for keeping employees, personnel, visitors, and vehicles clear of areas where the round-up will take place.
- The cooperator will be responsible for any public relations campaign and will address all employee/resident and news media inquires, with technical assistance provided by APHIS-WS.
- The cooperator understands that contaminant testing is required by the WDNR to ensure that meat is safe for human consumption. Results from these contaminant tests will be received by APHIS-WS before processed meat is released and will be provided to the cooperator by APHIS-WS or WDNR.
- Canada geese will be handled and euthanized humanely, according to permit authorities. Geese will not be relocated elsewhere.
- APHIS-WS will be responsible for properly disposing of all geese removed, and will make every attempt to donate the meat to charitable organizations (e.g., Indian tribes, food pantries, zoo’s and other animal sanctuaries, etc.).
- The cooperator agrees to pay for or waive any boat access or parking fees that may be required by APHIS-WS for launching boats or parking vehicles while conducting goose round-ups.

- The cooperator will be responsible for any public relations campaign and will address all employee/resident and news media inquires, with technical assistance provided by APHIS-WS.
- The cooperator understands that contaminant testing is required by the WDNR to ensure that meat is safe for human consumption. Results from these contaminant tests will be received by APHIS-WS before processed meat is released and will be provided to the cooperator by APHIS-WS or WDNR.
- Canada geese will be handled and euthanized humanely, according to permit authorities. Geese will not be relocated elsewhere.
- APHIS-WS will be responsible for properly disposing of all geese removed, and will make every attempt to donate the meat to charitable organizations (e.g., Indian tribes, food pantries, zoo's and other animal sanctuaries, etc.).
- The cooperator agrees to pay for or waive any boat access or parking fees that may be required by APHIS-WS for launching boats or parking vehicles while conducting goose round-ups.
- The cooperator understands that if APHIS-WS shows up on site to collect Canada geese the cooperator is responsible for up to the full amount of this agreement regardless if Canada geese are on site and collected. The cooperator was notified in advance of this stipulation and was responsible for determination of the presence of Canada geese.
- APHIS-WS will make a single attempt to round-up and remove as many Canada geese as possible. It shall be understood that APHIS-WS may not capture all Canada geese on the property and that more geese may arrive after the round-up. An integrated wildlife damage management plan will best address the presence of Canada geese at the cooperators location now and in the future. It should be noted that if additional measures are not taken by the cooperator it is likely that Canada geese will continue to use the area, even if APHIS-WS removes all geese on the property during the round-up.

COOPERATIVE SERVICE AGREEMENT

Between

BIG MUSKEGO LAKE DISTRICT

and the

UNITED STATES DEPARTMENT OF AGRICULTURE
ANIMAL AND PLANT HEALTH INSPECTION SERVICE (APHIS)
WILDLIFE SERVICES (WS)

ARTICLE 1

The purpose of this agreement is to cooperate in a wildlife damage management project, as described in the Work Plan on the next page.

ARTICLE 2

APHIS WS has statutory authority under the Act of March 2, 1931 (46 Stat. 1468; 7 U.S.C.426-426b) as amended, and the Act of December 22, 1987 (101Stat. 1329-331, 7 U.S.C. 426c), to cooperate with States, local jurisdictions, individuals, public and private agencies, organizations, and institutions while conducting a program of wildlife services involving mammal and bird species that are reservoirs for zoonotic diseases, or animal species that are injurious and/or a nuisance to, among other things, agriculture, horticulture, forestry, animal husbandry, wildlife, and human health and safety.

ARTICLE 3

APHIS-WS and the Cooperator agree:

- 1. APHIS-WS will provide the requested wildlife damage management services.
2. The Cooperator will provide the U.S. Department of Agriculture the sum of \$3500 to cover the costs as outlined in the Financial Plan. Payment will be made by check payable to "U.S. Department of Agriculture" by a mutually agreed upon date.
3. The Cooperator ensures and certifies that it is not currently debarred or suspended and is free of delinquent Federal debt.
4. The monies received by APHIS-WS will be used for wildlife damage management activities and upon termination of the agreement any unexpended funds will be retained by APHIS-WS and used on similar program activities.
5. All activities will be conducted in accordance with all applicable Federal, State, and local laws and regulations.
6. Nothing in this agreement shall prevent APHIS-WS from entering into separate agreements with any other organization or individual for the purpose of providing wildlife damage management services exclusive of those provided for under this agreement.
7. BIG MUSKEGO LAKE DISTRICT certifies that APHIS WS has advised BIG MUSKEGO LAKE DISTRICT that there may be private sector service providers available to provide wildlife management services that BIG MUSKEGO LAKE DISTRICT is seeking from APHIS WS.
8. The performance of wildlife damage management actions by APHIS-WS under this agreement is contingent upon a determination by APHIS-WS that such actions are in compliance with the National Environmental Policy Act, Endangered Species Act, and any other applicable environmental statutes. APHIS-WS will not make a final decision to conduct requested wildlife damage management actions until it has made the determination of such compliance.

ARTICLE 4

Pursuant to Section 22, Title 41, United States Code, no member of or delegate to Congress shall be admitted to any share or part of this Agreement or to any benefit to arise therefrom.

ARTICLE 5

APHIS assumes no liability for any actions or activities conducted under this Cooperative Service Agreement except to the extent that recourse or remedies are provided by Congress under the Federal Tort Claims Act (FTCA), (28 U.S.C. 1346(b), 2401(b), and 2671-2680).

ARTICLE 6

The Agreement shall become effective on June 17, 2009 and will terminate once one (1) round-up has been completed and will expire on July 15, 2009. This Agreement may be amended or terminated at any time by mutual agreement of the parties in writing. Further, in the event the Cooperator does not provide necessary funds, APHIS-WS is relieved of the obligation to provide services under this agreement.

**WORK PLAN**

Wildlife Species: Canada Geese (*Branta canadensis*).

Description of Damage: The resident Canada goose population at the cooperators location(s) has been increasing in numbers for several years posing unacceptable negative impacts by: 1) defecating on property and landscaping; 2) harassing people during the nesting and brood rearing season; 3) creating unhealthy conditions; and 4) creating an overall nuisance because of the large number using the cooperators site(s).

Location: Big Muskego Lake and surrounding properties in the City of Muskego, Waukesha County, Wisconsin

Services Provided: APHIS-WS was requested by the cooperator to conduct a Canada goose round up project to reduce the negative impacts with Canada geese on the cooperators site(s). In accordance with Wisconsin Department of Natural Resources (WDNR) and Department of Health and Family Services requirements and guidelines, Canada geese may also be tested for contaminants. APHIS-WS will conduct a Canada goose round-up under the authority of USFWS Depredation Permit issued to the cooperator or to APHIS-WS. APHIS-WS will dispose of all geese removed in accordance with Federal and State requirements. APHIS-WS will comply with all necessary recordkeeping requirements, including compliance with the National Environmental Policy Act.

The Cooperator and APHIS-WS Agree:

- All activities will be conducted according to Federal, State and local laws, regulations, permits and other authorities.
- The cooperator will be responsible for obtaining all necessary State and/or Federal permits in order to conduct a Canada goose round-up. If requested, APHIS-WS will assist with obtaining necessary permits.
- The cooperator will be responsible for providing 2-4 personnel with personal protective equipment to assist with the round-up activities.
- The cooperator will be responsible for keeping employees, personnel, visitors, and vehicles clear of areas where the round-up will take place.
- The cooperator will be responsible for any public relations campaign and will address all employee/resident and news media inquires, with technical assistance provided by APHIS-WS.
- The cooperator understands that contaminant testing is required by the WDNR to ensure that meat is safe for human consumption. Results from these contaminant tests will be received by APHIS-WS before processed meat is released and will be provided to the cooperator by APHIS-WS or WDNR.
- Canada geese will be handled and euthanized humanely, according to permit authorities. Geese will not be relocated elsewhere.
- APHIS-WS will be responsible for properly disposing of all geese removed, and will make every attempt to donate the meat to charitable organizations (e.g., Indian tribes, food pantries, zoo’s and other animal sanctuaries, etc.).
- The cooperator agrees to pay for or waive any boat access or parking fees that may be required by APHIS-WS for launching boats or parking vehicles while conducting goose round-ups.
- The cooperator understands that if APHIS-WS shows up on site to collect Canada geese the cooperator is responsible for up to the full amount of this agreement regardless if Canada geese are on site and collected. The cooperator was notified in advance of this stipulation and was responsible for determination of the presence of Canada geese.

- The cooperator understands that contaminant testing is required by the WDNR to ensure that meat is safe for human consumption. Results from these contaminant tests will be received by APHIS-WS before processed meat is released and will be provided to the cooperator by APHIS-WS or WDNR.
- Canada geese will be handled and euthanized humanely, according to permit authorities. Geese will not be relocated elsewhere.
- APHIS-WS will be responsible for properly disposing of all geese removed, and will make every attempt to donate the meat to charitable organizations (e.g., Indian tribes, food pantries, zoo’s and other animal sanctuaries, etc.).
- The cooperator agrees to pay for or waive any boat access or parking fees that may be required by APHIS-WS for launching boats or parking vehicles while conducting goose round-ups.
- The cooperator understands that if APHIS-WS shows up on site to collect Canada geese the cooperator is responsible for up to the full amount of this agreement regardless if Canada geese are on site and collected. The cooperator was notified in advance of this stipulation and was responsible for determination of the presence of Canada geese.
- APHIS-WS will make a single attempt to round-up and remove as many Canada geese as possible. It shall be understood that APHIS-WS may not capture all Canada geese on the property and that more geese may arrive after the round-up. An integrated wildlife damage management plan will best address the presence of Canada geese at the cooperators location now and in the future. It should be noted that if additional measures are not taken by the cooperator it is likely that Canada geese will continue to use the area, even if APHIS-WS removes all geese on the property during the round-up.

COOPERATIVE SERVICE AGREEMENT

Between

LAKESHORE STATE PARK

and the

UNITED STATES DEPARTMENT OF AGRICULTURE

ANIMAL AND PLANT HEALTH INSPECTION SERVICE (APHIS)

WILDLIFE SERVICES (WS)

ARTICLE 1

The purpose of this agreement is to cooperate in a wildlife damage management project, as described in the Work Plan on the next page.

ARTICLE 2

APHIS WS has statutory authority under the Act of March 2, 1931 (46 Stat. 1468; 7 U.S.C.426-426b) as amended, and the Act of December 22, 1987 (101Stat. 1329-331, 7 U.S.C. 426c), to cooperate with States, local jurisdictions, individuals, public and private agencies, organizations, and institutions while conducting a program of wildlife services involving mammal and bird species that are reservoirs for zoonotic diseases, or animal species that are injurious and/or a nuisance to, among other things, agriculture, horticulture, forestry, animal husbandry, wildlife, and human health and safety.

ARTICLE 3

APHIS-WS and the Cooperator agree:

1. APHIS-WS will provide the requested wildlife damage management services.
2. The Cooperator will provide the U.S. Department of Agriculture the sum of **\$3000** to cover the costs as outlined in the Financial Plan. Payment will be made by check **payable to "U.S. Department of Agriculture"** by a mutually agreed upon date.
3. The Cooperator ensures and certifies that it is not currently debarred or suspended and is free of delinquent Federal debt.
4. The monies received by APHIS-WS will be used for wildlife damage management activities and upon termination of the agreement any unexpended funds will be retained by APHIS-WS and used on similar program activities.
5. All activities will be conducted in accordance with all applicable Federal, State, and local laws and regulations.
6. Nothing in this agreement shall prevent APHIS-WS from entering into separate agreements with any other organization or individual for the purpose of providing wildlife damage management services exclusive of those provided for under this agreement.
7. **LAKESHORE STATE PARK** certifies that APHIS WS has advised **LAKESHORE STATE PARK** that there may be private sector service providers available to provide wildlife management services that **LAKESHORE STATE PARK** is seeking from APHIS WS.
8. The performance of wildlife damage management actions by APHIS-WS under this agreement is contingent upon a determination by APHIS-WS that such actions are in compliance with the National Environmental Policy Act, Endangered Species Act, and any other applicable environmental statutes. APHIS-WS will not make a final decision to conduct requested wildlife damage management actions until it has made the determination of such compliance.

ARTICLE 4

Pursuant to Section 22, Title 41, United States Code, no member of or delegate to Congress shall be admitted to any share or part of this Agreement or to any benefit to arise therefrom.

ARTICLE 5

APHIS assumes no liability for any actions or activities conducted under this Cooperative Service Agreement except to the extent that recourse or remedies are provided by Congress under the Federal Tort Claims Act (FTCA), (28 U.S.C. 1346(b), 2401(b), and 2671-2680).

ARTICLE 6

The Agreement shall become effective on June 23, 2009 and will terminate once one (1) round-up has been completed and will expire on July 15, 2009. This Agreement may be amended or terminated at any time by mutual agreement of the parties in writing. Further, in the event the Cooperator does not provide necessary funds, APHIS-WS is relieved of the obligation to provide services under this agreement.

## WORK PLAN

Wildlife Species: Canada Geese (*Branta canadensis*).

Description of Damage: The resident Canada goose population at the cooperators location(s) has been increasing in numbers for several years posing unacceptable negative impacts by: 1) defecating on property and landscaping; 2) harassing people during the nesting and brood rearing season; 3) creating unhealthy conditions; and 4) creating an overall nuisance because of the large number using the cooperators site(s).

Location: Lakeshore State Park, 500 N Harbor Drive, Milwaukee, Milwaukee County, Wisconsin

Services Provided: APHIS-WS was requested by the cooperator to conduct a Canada goose round up project to reduce the negative impacts with Canada geese on the cooperators site(s). In accordance with Wisconsin Department of Natural Resources (WDNR) and Department of Health and Family Services requirements and guidelines, Canada geese may also be tested for contaminants. APHIS-WS will conduct a Canada goose round-up under the authority of USFWS Depredation Permit issued to the cooperator or to APHIS-WS. APHIS-WS will dispose of all geese removed in accordance with Federal and State requirements. APHIS-WS will comply with all necessary recordkeeping requirements, including compliance with the National Environmental Policy Act.

The Cooperator and APHIS-WS Agree:

- All activities will be conducted according to Federal, State and local laws, regulations, permits and other authorities.
- The cooperator will be responsible for obtaining all necessary State and/or Federal permits in order to conduct a Canada goose round-up. If requested, APHIS-WS will assist with obtaining necessary permits.
- The cooperator will be responsible for providing 2-4 personnel with personal protective equipment to assist with the round-up activities.
- The cooperator will be responsible for keeping employees, personnel, visitors, and vehicles clear of areas where the round-up will take place.
- The cooperator will be responsible for any public relations campaign and will address all employee/resident and news media inquires, with technical assistance provided by APHIS-WS.
- The cooperator understands that contaminant testing is required by the WDNR to ensure that meat is safe for human consumption. Results from these contaminant tests will be received by APHIS-WS before processed meat is released and will be provided to the cooperator by APHIS-WS or WDNR.
- Canada geese will be handled and euthanized humanely, according to permit authorities. Geese will not be relocated elsewhere.
- APHIS-WS will be responsible for properly disposing of all geese removed, and will make every attempt to donate the meat to charitable organizations (e.g., Indian tribes, food pantries, zoo's and other animal sanctuaries, etc.).
- The cooperator agrees to pay for or waive any boat access or parking fees that may be required by APHIS-WS for launching boats or parking vehicles while conducting goose round-ups.
- The cooperator understands that if APHIS-WS shows up on site to collect Canada geese the cooperator is responsible for up to the full amount of this agreement regardless if Canada geese are on site and collected. The cooperator was notified in advance of this stipulation and was responsible for determination of the presence of Canada geese.

- The cooperator understands that contaminant testing is required by the WDNR to ensure that meat is safe for human consumption. Results from these contaminant tests will be received by APHIS-WS before processed meat is released and will be provided to the cooperator by APHIS-WS or WDNR.
- Canada geese will be handled and euthanized humanely, according to permit authorities. Geese will not be relocated elsewhere.
- APHIS-WS will be responsible for properly disposing of all geese removed, and will make every attempt to donate the meat to charitable organizations (e.g., Indian tribes, food pantries, zoo’s and other animal sanctuaries, etc.).
- The cooperator agrees to pay for or waive any boat access or parking fees that may be required by APHIS-WS for launching boats or parking vehicles while conducting goose round-ups.
- The cooperator understands that if APHIS-WS shows up on site to collect Canada geese the cooperator is responsible for up to the full amount of this agreement regardless if Canada geese are on site and collected. The cooperator was notified in advance of this stipulation and was responsible for determination of the presence of Canada geese.
- APHIS-WS will make a single attempt to round-up and remove as many Canada geese as possible. It shall be understood that APHIS-WS may not capture all Canada geese on the property and that more geese may arrive after the round-up. An integrated wildlife damage management plan will best address the presence of Canada geese at the cooperators location now and in the future. It should be noted that if additional measures are not taken by the cooperator it is likely that Canada geese will continue to use the area, even if APHIS-WS removes all geese on the property during the round-up.

ARTICLE 1

The purpose of this agreement is to cooperate in a wildlife damage management project, as described in the Work Plan on the next page.

ARTICLE 2

APHIS WS has statutory authority under the Act of March 2, 1931 (46 Stat. 1468; 7 U.S.C.426-426b) as amended, and the Act of December 22, 1987 (101Stat. 1329-331, 7 U.S.C. 426c), to cooperate with States, local jurisdictions, individuals, public and private agencies, organizations, and institutions while conducting a program of wildlife services involving mammal and bird species that are reservoirs for zoonotic diseases, or animal species that are injurious and/or a nuisance to, among other things, agriculture, horticulture, forestry, animal husbandry, wildlife, and human health and safety.

ARTICLE 3

APHIS-WS and the Cooperator agree:

1. APHIS-WS will provide the requested wildlife damage management services.
2. The Cooperator will provide the U.S. Department of Agriculture the sum of **\$3000** to cover the costs as outlined in the Financial Plan. Payment will be made by check **payable to "U.S. Department of Agriculture"** by a mutually agreed upon date.
3. The Cooperator ensures and certifies that it is not currently debarred or suspended and is free of delinquent Federal debt.
4. The monies received by APHIS-WS will be used for wildlife damage management activities and upon termination of the agreement any unexpended funds will be retained by APHIS-WS and used on similar program activities.
5. All activities will be conducted in accordance with all applicable Federal, State, and local laws and regulations.
6. Nothing in this agreement shall prevent APHIS-WS from entering into separate agreements with any other organization or individual for the purpose of providing wildlife damage management services exclusive of those provided for under this agreement.
7. **WDNR-KETTLE MORaine STATE FOREST - PIKE LAKE UNIT** certifies that APHIS WS has advised **WDNR-KETTLE MORaine STATE FOREST - PIKE LAKE UNIT** that there may be private sector service providers available to provide wildlife management services that **WDNR-KETTLE MORaine STATE FOREST - PIKE LAKE UNIT** is seeking from APHIS WS.
8. The performance of wildlife damage management actions by APHIS-WS under this agreement is contingent upon a determination by APHIS-WS that such actions are in compliance with the National Environmental Policy Act, Endangered Species Act, and any other applicable environmental statutes. APHIS-WS will not make a final decision to conduct requested wildlife damage management actions until it has made the determination of such compliance.

ARTICLE 4

Pursuant to Section 22, Title 41, United States Code, no member of or delegate to Congress shall be admitted to any share or part of this Agreement or to any benefit to arise therefrom.

ARTICLE 5

APHIS assumes no liability for any actions or activities conducted under this Cooperative Service Agreement except to the extent that recourse or remedies are provided by Congress under the Federal Tort Claims Act (FTCA), (28 U.S.C. 1346(b), 2401(b), and 2671-2680).

ARTICLE 6

The Agreement shall become effective on June 17, 2009 and will terminate once one (1) round-up has been completed and will expire on July 15, 2009. This Agreement may be amended or terminated at any time by mutual agreement of the parties in writing. Further, in the event the Cooperator does not provide necessary funds, APHIS-WS is relieved of the obligation to provide services under this agreement.

## WORK PLAN

Wildlife Species: Canada Geese (*Branta canadensis*).

Description of Damage: The resident Canada goose population at the cooperators location(s) has been increasing in numbers for several years posing unacceptable negative impacts by: 1) defecating on property and landscaping; 2) harassing people during the nesting and brood rearing season; 3) creating unhealthy conditions; and 4) creating an overall nuisance because of the large number using the cooperators site(s).

Location: WDNR-Kettle Moraine State Forest - Pike Lake Unit, park grounds, Hartford, Washington County, Wisconsin

Services Provided: APHIS-WS was requested by the cooperator to conduct a Canada goose round up project to reduce the negative impacts with Canada geese on the cooperators site(s). In accordance with Wisconsin Department of Natural Resources (WDNR) and Department of Health and Family Services requirements and guidelines, Canada geese may also be tested for contaminants. APHIS-WS will conduct a Canada goose round-up under the authority of USFWS Depredation Permit issued to the cooperator or to APHIS-WS. APHIS-WS will dispose of all geese removed in accordance with Federal and State requirements. APHIS-WS will comply with all necessary recordkeeping requirements, including compliance with the National Environmental Policy Act.

The Cooperator and APHIS-WS Agree:

- All activities will be conducted according to Federal, State and local laws, regulations, permits and other authorities.
- The cooperator will be responsible for obtaining all necessary State and/or Federal permits in order to conduct a Canada goose round-up. If requested, APHIS-WS will assist with obtaining necessary permits.
- The cooperator will be responsible for providing 2-4 personnel with personal protective equipment to assist with the round-up activities.
- The cooperator will be responsible for keeping employees, personnel, visitors, and vehicles clear of areas where the round-up will take place.
- The cooperator will be responsible for any public relations campaign and will address all employee/resident and news media inquires, with technical assistance provided by APHIS-WS.
- The cooperator understands that contaminant testing is required by the WDNR to ensure that meat is safe for human consumption. Results from these contaminant tests will be received by APHIS-WS before processed meat is released and will be provided to the cooperator by APHIS-WS or WDNR.
- Canada geese will be handled and euthanized humanely, according to permit authorities. Geese will not be relocated elsewhere.
- APHIS-WS will be responsible for properly disposing of all geese removed, and will make every attempt to donate the meat to charitable organizations (e.g., Indian tribes, food pantries, zoo's and other animal sanctuaries, etc.).
- The cooperator agrees to pay for or waive any boat access or parking fees that may be required by APHIS-WS for launching boats or parking vehicles while conducting goose round-ups.
- The cooperator understands that if APHIS-WS shows up on site to collect Canada geese the cooperator is responsible for up to the full amount of this agreement regardless if Canada geese are on site and collected. The cooperator was notified in advance of this stipulation and was responsible for determination of the presence of Canada geese.

- The cooperator will be responsible for obtaining all necessary State and/or Federal permits in order to conduct a Canada goose round-up. If requested, APHIS-WS will assist with obtaining necessary permits.
- The cooperator will be responsible for providing 2-4 personnel with personal protective equipment to assist with the round-up activities.
- The cooperator will be responsible for keeping employees, personnel, visitors, and vehicles clear of areas where the round-up will take place.
- The cooperator will be responsible for any public relations campaign and will address all employee/resident and news media inquires, with technical assistance provided by APHIS-WS.
- The cooperator understands that contaminant testing is required by the WDNR to ensure that meat is safe for human consumption. Results from these contaminant tests will be received by APHIS-WS before processed meat is released and will be provided to the cooperator by APHIS-WS or WDNR.
- Canada geese will be handled and euthanized humanely, according to permit authorities. Geese will not be relocated elsewhere.
- APHIS-WS will be responsible for properly disposing of all geese removed, and will make every attempt to donate the meat to charitable organizations (e.g., Indian tribes, food pantries, zoo's and other animal sanctuaries, etc.).
- The cooperator agrees to pay for or waive any boat access or parking fees that may be required by APHIS-WS for launching boats or parking vehicles while conducting goose round-ups.
- The cooperator understands that if APHIS-WS shows up on site to collect Canada geese the cooperator is responsible for up to the full amount of this agreement regardless if Canada geese are on site and collected. The cooperator was notified in advance of this stipulation and was responsible for determination of the presence of Canada geese.
- APHIS-WS will make a single attempt to round-up and remove as many Canada geese as possible. It shall be understood that APHIS-WS may not capture all Canada geese on the property and that more geese may arrive after the round-up. An integrated wildlife damage management plan will best address the presence of Canada geese at the cooperators location now and in the future. It should be noted that if additional measures are not taken by the cooperator it is likely that Canada geese will continue to use the area, even if APHIS-WS removes all geese on the property during the round-up.

and the  
**UNITED STATES DEPARTMENT OF AGRICULTURE**  
**ANIMAL AND PLANT HEALTH INSPECTION SERVICE (APHIS)**  
**WILDLIFE SERVICES (WS)**

ARTICLE 1

The purpose of this agreement is to cooperate in a wildlife damage management project, as described in the Work Plan on the next page.

ARTICLE 2

APHIS WS has statutory authority under the Act of March 2, 1931 (46 Stat. 1468; 7 U.S.C.426-426b) as amended, and the Act of December 22, 1987 (101Stat. 1329-331, 7 U.S.C. 426c), to cooperate with States, local jurisdictions, individuals, public and private agencies, organizations, and institutions while conducting a program of wildlife services involving mammal and bird species that are reservoirs for zoonotic diseases, or animal species that are injurious and/or a nuisance to, among other things, agriculture, horticulture, forestry, animal husbandry, wildlife, and human health and safety.

ARTICLE 3

APHIS-WS and the Cooperator agree:

1. APHIS-WS will provide the requested wildlife damage management services.
2. The Cooperator will provide the U.S. Department of Agriculture the sum of **\$4000** to cover the costs as outlined in the Financial Plan. Payment will be made by check **payable to "U.S. Department of Agriculture"** by a mutually agreed upon date.
3. The Cooperator ensures and certifies that it is not currently debarred or suspended and is free of delinquent Federal debt.
4. The monies received by APHIS-WS will be used for wildlife damage management activities and upon termination of the agreement any unexpended funds will be retained by APHIS-WS and used on similar program activities.
5. All activities will be conducted in accordance with all applicable Federal, State, and local laws and regulations.
6. Nothing in this agreement shall prevent APHIS-WS from entering into separate agreements with any other organization or individual for the purpose of providing wildlife damage management services exclusive of those provided for under this agreement.
7. **GEORGE LAKE PROTECTION & REHABILITATION DISTRICT** certifies that APHIS WS has advised **GEORGE LAKE PROTECTION & REHABILITATION DISTRICT** that there may be private sector service providers available to provide wildlife management services that **GEORGE LAKE PROTECTION & REHABILITATION DISTRICT** is seeking from APHIS WS.
8. The performance of wildlife damage management actions by APHIS-WS under this agreement is contingent upon a determination by APHIS-WS that such actions are in compliance with the National Environmental Policy Act, Endangered Species Act, and any other applicable environmental statutes. APHIS-WS will not make a final decision to conduct requested wildlife damage management actions until it has made the determination of such compliance.

ARTICLE 4

Pursuant to Section 22, Title 41, United States Code, no member of or delegate to Congress shall be admitted to any share or part of this Agreement or to any benefit to arise therefrom.

ARTICLE 5

APHIS assumes no liability for any actions or activities conducted under this Cooperative Service Agreement except to the extent that recourse or remedies are provided by Congress under the Federal Tort Claims Act (FTCA), (28 U.S.C. 1346(b), 2401(b), and 2671-2680).

ARTICLE 6

The Agreement shall become effective on June 24, 2009 and will terminate once one (1) round-up has been completed and will expire on July 15, 2009. This Agreement may be amended or terminated at any time by mutual agreement of the parties in writing. Further, in the event the Cooperator does not provide necessary funds, APHIS-WS is relieved of the obligation to provide services under this agreement.

# WORK PLAN

Wildlife Species: Canada Geese (*Branta canadensis*).

Description of Damage: The resident Canada goose population at the cooperators location(s) has been increasing in numbers for several years posing unacceptable negative impacts by: 1) defecating on property and landscaping; 2) harassing people during the nesting and brood rearing season; 3) creating unhealthy conditions; and 4) creating an overall nuisance because of the large number using the cooperators site(s).

Location: George Lake, Bristol, WI Kenosha County, Wisconsin

Services Provided: APHIS-WS was requested by the cooperator to conduct a Canada goose round up project to reduce the negative impacts with Canada geese on the cooperators site(s). In accordance with Wisconsin Department of Natural Resources (WDNR) and Department of Health and Family Services requirements and guidelines, Canada geese may also be tested for contaminants. APHIS-WS will conduct a Canada goose round-up under the authority of USFWS Depredation Permit issued to the cooperator or to APHIS-WS. APHIS-WS will dispose of all geese removed in accordance with Federal and State requirements. APHIS-WS will comply with all necessary recordkeeping requirements, including compliance with the National Environmental Policy Act.

The Cooperator and APHIS-WS Agree:

- All activities will be conducted according to Federal, State and local laws, regulations, permits and other authorities.
- The cooperator will be responsible for obtaining all necessary State and/or Federal permits in order to conduct a Canada goose round-up. If requested, APHIS-WS will assist with obtaining necessary permits.
- The cooperator will be responsible for providing 2-4 personnel with personal protective equipment to assist with the round-up activities.
- The cooperator will be responsible for keeping employees, personnel, visitors, and vehicles clear of areas where the round-up will take place.
- The cooperator will be responsible for any public relations campaign and will address all employee/resident and news media inquires, with technical assistance provided by APHIS-WS.
- The cooperator understands that contaminant testing is required by the WDNR to ensure that meat is safe for human consumption. Results from these contaminant tests will be received by APHIS-WS before processed meat is released and will be provided to the cooperator by APHIS-WS or WDNR.
- Canada geese will be handled and euthanized humanely, according to permit authorities. Geese will not be relocated elsewhere.
- APHIS-WS will be responsible for properly disposing of all geese removed, and will make every attempt to donate the meat to charitable organizations (e.g., Indian tribes, food pantries, zoo’s and other animal sanctuaries, etc.).
- The cooperator agrees to pay for or waive any boat access or parking fees that may be required by APHIS-WS for launching boats or parking vehicles while conducting goose round-ups.
- The cooperator understands that if APHIS-WS shows up on site to collect Canada geese the cooperator is responsible for up to the full amount of this agreement regardless if Canada geese are on site and collected. The cooperator was notified in advance of this stipulation and was responsible for determination of the presence of Canada geese.

- The cooperator will be responsible for keeping employees, personnel, visitors, and vehicles clear of areas where the round-up will take place.
- The cooperator will be responsible for any public relations campaign and will address all employee/resident and news media inquires, with technical assistance provided by APHIS-WS.
- The cooperator understands that contaminant testing is required by the WDNR to ensure that meat is safe for human consumption. Results from these contaminant tests will be received by APHIS-WS before processed meat is released and will be provided to the cooperator by APHIS-WS or WDNR.
- Canada geese will be handled and euthanized humanely, according to permit authorities. Geese will not be relocated elsewhere.
- APHIS-WS will be responsible for properly disposing of all geese removed, and will make every attempt to donate the meat to charitable organizations (e.g., Indian tribes, food pantries, zoo's and other animal sanctuaries, etc.).
- The cooperator agrees to pay for or waive any boat access or parking fees that may be required by APHIS-WS for launching boats or parking vehicles while conducting goose round-ups.
- The cooperator understands that if APHIS-WS shows up on site to collect Canada geese the cooperator is responsible for up to the full amount of this agreement regardless if Canada geese are on site and collected. The cooperator was notified in advance of this stipulation and was responsible for determination of the presence of Canada geese.
- APHIS-WS will make a single attempt to round-up and remove as many Canada geese as possible. It shall be understood that APHIS-WS may not capture all Canada geese on the property and that more geese may arrive after the round-up. An integrated wildlife damage management plan will best address the presence of Canada geese at the cooperators location now and in the future. It should be noted that if additional measures are not taken by the cooperator it is likely that Canada geese will continue to use the area, even if APHIS-WS removes all geese on the property during the round-up.
- 

## FINANCIAL PLAN

Personnel Costs.....	\$1,353
Travel & Vehicle Usage.....	\$ 340
Supplies & Equipment.....	\$ 390
Services.....	\$ 500
Program Support.....	\$ 417
TOTAL .....	\$3,000

The distribution of the budget from this Financial Plan may vary as necessary to accomplish the purpose of this agreement, but may not exceed **\$3,000**.

COOPERATIVE SERVICE AGREEMENT

Between

BRANTWOOD LAKE CLUB

and the

UNITED STATES DEPARTMENT OF AGRICULTURE

ANIMAL AND PLANT HEALTH INSPECTION SERVICE (APHIS)

WILDLIFE SERVICES (WS)

ARTICLE 1

The purpose of this agreement is to cooperate in a wildlife damage management project, as described in the Work Plan on the next page.

ARTICLE 2

APHIS WS has statutory authority under the Act of March 2, 1931 (46 Stat. 1468; 7 U.S.C.426-426b) as amended, and the Act of December 22, 1987 (101Stat. 1329-331, 7 U.S.C. 426c), to cooperate with States, local jurisdictions, individuals, public and private agencies, organizations, and institutions while conducting a program of wildlife services involving mammal and bird species that are reservoirs for zoonotic diseases, or animal species that are injurious and/or a nuisance to, among other things, agriculture, horticulture, forestry, animal husbandry, wildlife, and human health and safety.

ARTICLE 3

APHIS-WS and the Cooperator agree:

1. APHIS-WS will provide the requested wildlife damage management services.
2. The Cooperator will provide the U.S. Department of Agriculture the sum of \$3000 to cover the costs as outlined in the Financial Plan. Payment will be made by check payable to "U.S. Department of Agriculture" by a mutually agreed upon date.
3. The Cooperator ensures and certifies that it is not currently debarred or suspended and is free of delinquent Federal debt.
4. The monies received by APHIS-WS will be used for wildlife damage management activities and upon termination of the agreement any unexpended funds will be retained by APHIS-WS and used on similar program activities.
5. All activities will be conducted in accordance with all applicable Federal, State, and local laws and regulations.
6. Nothing in this agreement shall prevent APHIS-WS from entering into separate agreements with any other organization or individual for the purpose of providing wildlife damage management services exclusive of those provided for under this agreement.
7. BRANTWOOD LAKE CLUB certifies that APHIS WS has advised BRANTWOOD LAKE CLUB that there may be private sector service providers available to provide wildlife management services that BRANTWOOD LAKE CLUB is seeking from APHIS WS.
8. The performance of wildlife damage management actions by APHIS-WS under this agreement is contingent upon a determination by APHIS-WS that such actions are in compliance with the National Environmental Policy Act, Endangered Species Act, and any other applicable environmental statutes. APHIS-WS will not make a final decision to conduct requested wildlife damage management actions until it has made the determination of such compliance.

ARTICLE 4

Pursuant to Section 22, Title 41, United States Code, no member of or delegate to Congress shall be admitted to any share or part of this Agreement or to any benefit to arise therefrom.

ARTICLE 5

APHIS assumes no liability for any actions or activities conducted under this Cooperative Service Agreement except to the extent that recourse or remedies are provided by Congress under the Federal Tort Claims Act (FTCA), (28 U.S.C. 1346(b), 2401(b), and 2671-2680).

ARTICLE 6

The Agreement shall become effective on June 17, 2009 and will terminate once one (1) round-up has been completed and will expire on July 15, 2009. This Agreement may be amended or terminated at any time by mutual agreement of the parties in writing. Further, in the event the Cooperator does not provide necessary funds, APHIS-WS is relieved of the obligation to provide services under this agreement.

# WORK PLAN

Wildlife Species: Canada Geese (*Branta canadensis*).

Description of Damage: The resident Canada goose population at the cooperators location(s) has been increasing in numbers for several years posing unacceptable negative impacts by: 1) defecating on property and landscaping; 2) harassing people during the nesting and brood rearing season; 3) creating unhealthy conditions; and 4) creating an overall nuisance because of the large number using the cooperators site(s).

Location: Brantwood Lake and four surrounding ponds; Lake Glen and surrounding properties; Windsor Place Condominiums 6555, 6565 & 6575 N Green Bay Avenue, all in Glendale, WI, Milwaukee County, Wisconsin

Services Provided: APHIS-WS was requested by the cooperator to conduct a Canada goose round up project to reduce the negative impacts with Canada geese on the cooperators site(s). In accordance with Wisconsin Department of Natural Resources (WDNR) and Department of Health and Family Services requirements and guidelines, Canada geese may also be tested for contaminants. APHIS-WS will conduct a Canada goose round-up under the authority of USFWS Depredation Permit issued to the cooperator or to APHIS-WS. APHIS-WS will dispose of all geese removed in accordance with Federal and State requirements. APHIS-WS will comply with all necessary recordkeeping requirements, including compliance with the National Environmental Policy Act.

The Cooperator and APHIS-WS Agree:

- All activities will be conducted according to Federal, State and local laws, regulations, permits and other authorities.
- The cooperator will be responsible for obtaining all necessary State and/or Federal permits in order to conduct a Canada goose round-up. If requested, APHIS-WS will assist with obtaining necessary permits.
- The cooperator will be responsible for providing 2-4 personnel with personal protective equipment to assist with the round-up activities.
- The cooperator will be responsible for keeping employees, personnel, visitors, and vehicles clear of areas where the round-up will take place.
- The cooperator will be responsible for any public relations campaign and will address all employee/resident and news media inquires, with technical assistance provided by APHIS-WS.
- The cooperator understands that contaminant testing is required by the WDNR to ensure that meat is safe for human consumption. Results from these contaminant tests will be received by APHIS-WS before processed meat is released and will be provided to the cooperator by APHIS-WS or WDNR.
- Canada geese will be handled and euthanized humanely, according to permit authorities. Geese will not be relocated elsewhere.
- APHIS-WS will be responsible for properly disposing of all geese removed, and will make every attempt to donate the meat to charitable organizations (e.g., Indian tribes, food pantries, zoo's and other animal sanctuaries, etc.).
- The cooperator agrees to pay for or waive any boat access or parking fees that may be required by APHIS-WS for launching boats or parking vehicles while conducting goose round-ups.
- The cooperator understands that if APHIS-WS shows up on site to collect Canada geese the cooperator is responsible for up to the full amount of this agreement regardless if Canada geese are on site and collected. The cooperator was notified in advance of this stipulation and was responsible for determination of the presence of Canada geese.
- APHIS-WS will make a single attempt to round-up and remove as many Canada geese as possible. It shall be understood that APHIS-WS may not capture all Canada geese on the property and that more geese may arrive after the round-up. An integrated wildlife damage management plan will best address the presence of Canada geese at the cooperators location now and in the future.
