

171 . 170

January 4, 2011

AC

To FOIA officer:

In August, 2010 I sent a letter requesting information under the Freedom of Information Act regarding case number W10-171. I received a letter in return, stating that the information was not ready and it would be mailed to me when it was available. I have not had any further correspondence, and would like to know the result of W10-171 regarding the ape deaths at the St. Louis Zoo.

I would also like information regarding the caging in the Primate House at the St. Louis Zoo. The caging in the basement is horrendous- it is referred to as the "death cage" by the keepers there.

Please send me that information as quickly as possible.

Thank you.
