Subject Isaac W. Bernheim Foundation, Customer No. 886.

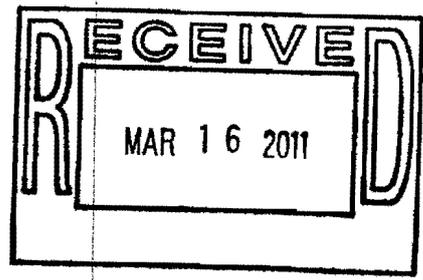

Dear FOIA Officer,

This requests a copy of the complaint report, including the results on a complaint and all related information and documents, from the inspections done in February 2011, on or about both February 16 and February 18, 2011, on the Isaac W. Bernheim Foundation. [I believe the complaint number is E11-080.] The Isaac W. Bernheim Foundation is no longer licensed with the USDA, but at the time the inspections were done in February 2011 the facility was licensed with the USDA.

If Melinda Hill is still a FOIA Officer then I would appreciate her handling this request as in the past she has handled previous requests like this one and would know the type of records I am requesting, plus she was always very reliable and professional.

Thanking you in advance,

Mrs. Elaine Matthews
