

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0679-0038. The time required to complete this information collection is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

This report is required by law (7 U.S.C. 2143). Failure to report according to the regulations can result in an order to cease and desist and to be subject to penalties as provided for in Section 2150.

- 1.) Professionally acceptable standards governing the care, treatment, and use of animals, including appropriate use of anesthetic, analgesic, and tranquilizing drugs, prior to, during, and following actual research, teaching, testing, surgery, or experimentation were followed by this research facility.
- 2.) Each principal investigator has considered alternatives to painful procedures.
- 3.) This facility is adhering to the standards and regulations under the Act, and it has required that exceptions to the standards and regulations be specified and explained by the principal investigator and approved by the Institutional Animal Care and Use Committee (IACUC). A summary of all such exceptions is attached to this annual report. In addition to identifying the IACUC approved exceptions, this summary includes a brief explanation of the exceptions, as well as the species and number of animals affected.
- 4.) The attending veterinarian for this research facility has appropriate authority to ensure the provisions of adequate veterinary care and to oversee the adequacy of other aspects of animal care and use.

Dear Evelyn,

I received a letter from Dr. Gibbens reminding us that the Annual Report of Research Facility is due by December 1. Unfortunately, we have had a change in personnel and the annual report that was mailed to us is not able to be located at this time. Jodi French is no longer employed at Mg Biologics and I will be taking over her Animal Care related duties. Please amend the contact info for our firm accordingly. Also, please fax me a copy of the report and I will have it returned to you by December 1, 2010.

Thank you!

Dear Registrant:

Under the Animal Welfare Act (AWA) regulations, all active or inactive research facilities, or those cancelled during the fiscal year, must file an Annual Report of Research Facility (APHIS Form 7023 and 7023A) with the Animal Care Regional Office documenting their activities and animal usage for the Federal fiscal year (October 1 through September 30) by December 1 of that year. Research facilities, whose registrations were terminated during the fiscal year, must also fulfill this requirement. Failure to do so constitutes a violation of the AWA and its regulations.

We offer two methods for submission of the Annual Report (APHIS Form 7023); regular mail or electronic submissions via the Internet. The electronic submission can be accessed at the following web site (http://www.aphis.usda.gov/animal_welfare) which provides instructions for obtaining an E-Authentication account for access to submit via the Internet. If you submit via the internet, your passcode is (b)(6)

If you elect to submit via regular mail, please complete the enclosed APHIS Form 7023 and return the original to the address listed to the left. Detailed instructions are provided on the enclosed Annual Report Checklist. All research facilities should complete Items 4 through 13 if applicable. Negative reports are required. Also required is the date, signature and title of the Chief Executive Officer or other legally responsible official who attests to the accuracy of the report and to the assurance statements. We appreciate your prompt attention to this matter.

We appreciate your efforts in complying with the Animal Welfare Act. Contact this office at (970) 494-7478 if you have any questions regarding this letter or the Animal Welfare Act.

Sincerely,

Robert M. Gibbens, D V M

RE: NEW REGISTRATION APPROVAL

Dear Registrant:

We are pleased to enclose your Animal Welfare Act (AWA) registration certificate and a copy of APHIS Form 7011. As the information in the application packet we previously provided you indicates, the AWA requires that you update your registration every 3 years. We will notify you prior to the expiration date so that you have ample time to fulfill this requirement.

It is required that you notify us by certified mail of any changes of name, address, management, or substantial control of ownership in your business within 10 days of any such changes.

In addition, research facilities are required to submit an annual report on or before December 1 that documents all regulated activities that took place the previous fiscal year, which runs from October 1 to September 30. We will provide the necessary forms to file the annual report on or about September 15.

We appreciate your efforts in complying with the Animal Welfare Act. Contact this office at 970-494-7467 if you have any questions regarding this letter or the Animal Welfare Act.

Sincerely,

Robert M. Gibbens

Dear Applicant:

Thank you for your interest in obtaining a license from the U.S. Department of Agriculture (USDA) to conduct activities regulated under the Animal Welfare Act (AWA). As you requested, we have enclosed the appropriate information and forms, including copies of the AWA regulations and standards. As you will note, the different classes for licensing are outlined on Page 19 of the AWA regulations (9CFR, Part 1, Section 1.1). If your operation meets the definition of a Class A, B, or C license, please complete the enclosed application (APHIS Form 7003A) and return it to the above address, along with a \$10 check, money order or credit card authorization in payment of the non-refundable application fee. We cannot accept cash payments.

In addition, you must have your veterinarian complete and sign the enclosed program of veterinary care (PVC) form; you must also sign this form. Keep the completed PVC with your facility records, which will be reviewed by your USDA Inspector. Please do not send the completed PVC form to this office.

One of our field inspectors will contact you to schedule a pre-licensing inspection of your facility following receipt of your application and the \$10.00 fee. Once your facility and records are in compliance with all AWA regulations and standards, you will be asked to pay an annual license fee. We will issue a license after all the necessary documentation and inspections have been completed and the necessary fees paid.

The licensing process must be completed within 90 days after your initial pre-licensing inspection. If, after the initial inspection, your facility is not in compliance with the AWA regulations and standards, you will be allowed two additional inspections within the 90-day period. If your facility is still not in compliance by the 3rd inspection or the 90-day period has elapsed, your application will be denied and you must wait 6 months before reapplying.

We hope this information is helpful, and we look forward to hearing from you. Contact this office at 970-494-7478 if you have any questions regarding this letter or the Animal Welfare Act.

Sincerely,

Robert M. Gibbens

Dear Registrant:

This is a reminder that an Annual Report of Research Facility (APHIS Form 7023 and 7023A) documenting your facility activities and animal usage for the Federal Fiscal Year 2009 is due by December 1. Such reports are required under the Animal Welfare Act (AWA) Subchapter A, Section 2.36. As of the date of this reminder, we have not received a report from your facility.

Please ensure that your report is submitted by mail and received in the appropriate Regional Office by December 1.

We appreciate your efforts in complying with the Animal Welfare Act. Contact this office at (970) 494-7478 if you have any questions regarding this letter or the Animal Welfare Act.

Dear Registrant:

Under the Animal Welfare Act (AWA) regulations, all active or inactive research facilities, or those cancelled during the fiscal year, must file an Annual Report of Research Facility (APHIS Form 7023 and 7023A) with the Animal Care Regional Office documenting their activities and animal usage for the Federal fiscal year (October 1 through September 30) by December 1 of that year. Research facilities, whose registrations were terminated during the fiscal year, must also fulfill this requirement. Failure to do so constitutes a violation of the AWA and its regulations.

In past years we offered two methods for submission of the Annual Report (APHIS Form 7023); regular mail or electronic submissions via the Internet. However, this year, all annual reports must be mailed to the Regional Office.

Please complete the enclosed APHIS Form 7023 and return the original to the address listed to the left. Detailed instructions are provided on the enclosed Annual Report Checklist. All research facilities should complete Items 4 through 13 if applicable. Negative reports are required. Also required is the date, signature and title of the Chief Executive Officer or other legally responsible official who attests to the accuracy of the report and to the assurance statements. We appreciate your prompt attention to this matter.

We appreciate your efforts in complying with the Animal Welfare Act. Contact this office at (970) 494-7478 if you have any questions regarding this letter or the Animal Welfare Act.

ASSURANCE STATEMENTS

- 1) Professionally acceptable standards governing the care, treatment, and use of animals, including appropriate use of anesthetic, analgesic, and tranquilizing drugs, prior to, during, and following actual research, teaching, testing, surgery, or experimentation were followed by this research facility.
- 2) Each principal investigator has considered alternatives to painful procedures.
- 3) This facility is adhering to the standards and regulations under the Act, and it has required that exceptions to the standards and regulations be specified and explained by the principal investigator and approved by the Institutional Animal Care and Use Committee (IACUC). A summary of all the exceptions is attached to this annual report. In addition to identifying the IACUC-approved exceptions, this summary includes a brief explanation of the exceptions, as well as the species and number of animals affected.
- 4) The attending veterinarian for this research facility has appropriate authority to ensure the provision of adequate veterinary care and to oversee the adequacy of other aspects of animal care and use.

RE: ANNUAL REPORT REMINDER
CERTIFIED MAIL-RETURN RECEIPT

Dear Registrant:

This is a reminder that an Annual Report of Research Facility (APHIS Form 7023 and 7023A) documenting your facility activities and animal usage for the Federal Fiscal Year 2008 is due by December 1. Such reports are required under the Animal Welfare Act (AWA) Subchapter A, Section 2.36. As of the date of this reminder, we have not received a report from your facility.

Please ensure that your report is submitted via the internet or received in the appropriate regional office by December 1.

We appreciate your efforts in complying with the Animal Welfare Act. Contact this office at 970-494-7478 if you have any questions regarding this letter or the Animal Welfare Act.

Sincerely,

Robert M. Gibbens, D V M
Regional Director - Animal Care
Western Region

RE: ANNUAL REPORT

Dear Registrant:

Under the Animal Welfare Act (AWA) regulations, all active or inactive research facilities, or those cancelled during the fiscal year must file an Annual Report of Research Facility (APHIS Form 7023 and 7023A) with the Animal Care Regional Office documenting their activities and animal usage for the Federal fiscal year (October 1 through September 30) by December 1 of that year. Research facilities, whose registrations were terminated during the fiscal year, must also fulfill this requirement. Failure to do so constitutes a violation of the AWA and its regulations.

We offer two methods for submission of the Annual Report (APHIS Form 7023); regular mail or electronic submissions via the Internet. The electronic submission can be accessed at the Animal Care web site (http://www.aphis.usda.gov/animal_welfare) and the website provides instructions for Password Application and access to submit via the Internet. Please note: You must apply for a new password yearly.

If you elect to submit via regular mail, please complete the enclosed APHIS Form 7023 and return the original to the address listed to the left. Detailed instructions are provided on the enclosed Annual Report Checklist. All research facilities should complete Items 4 through 13 if applicable. Negative reports are required. Also required is the Date, Signature and Title of the Chief Executive Officer or other legally responsible official who attests to the accuracy of the report and to the assurance statements. We appreciate your prompt attention to this matter.

We appreciate your efforts in complying with the Animal Welfare Act. Contact this office at 970-494-7478 if you have any questions regarding this letter or the Animal Welfare Act.

Sincerely,

Robert M. Gibbens
Regional Director - Animal Care

Dear Ms. Bowman:

This is in response to your January 19, 2010, Freedom of Information Act (FOIA) request for all correspondence between MG Biologics and the USDA including facility inspections, efficacy studies and general product correspondence from May 2008 through December 2009. In addition, you request for all correspondence between Plasvac USA, Inc. and the USDA including facility inspections, efficacy studies and general product correspondence from January 2008, through December 2009. Your request was received in this office on January 26, 2010, and assigned case number FOIA 10-212.

Agency employees conducted a thorough search of their files and enclosed are 11 pages of responsive records pertaining to MG Biologics. However, information has been withheld under FOIA Exemption 6, 5 U.S.C. § 552(b)(6). This exemption protects information from disclosure when its release would cause a clearly unwarranted invasion of personal privacy.

Please note, that inspection reports are available on our Animal Welfare website at: <http://acisearch.aphis.usda.gov/LPASearch/faces/LPASearch.jspx>, therefore the inspection reports are not enclosed. In addition, Plasvac USA, Inc. was not found in our database, therefore we do not have any records on Plasvac USA, Inc. Also, we found no additional information in response to MG Biologics.

You may appeal our partial denial and findings of no additional information. If you choose to appeal, your appeal must be in writing and must be received within 45 days of the date of this letter to:

Administrator
Animal and Plant Health Inspection Service
Ag Box 3401
Washington, DC 20250-3401

Please refer to FOIA 10-212 in your appeal letter and add the words "FOIA Appeal" to the front of the envelope. To assist the Administrator in reviewing your appeal, provide specific reasons why you believe modification of the determination is warranted.
