Dear Mr. Perez:

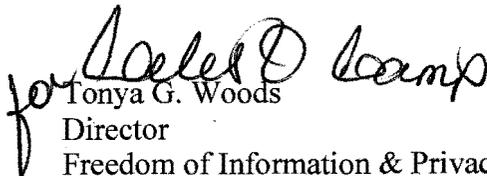

This is a response to your April 1, 2011, Freedom of Information Act (FOIA) request for inspection history for Paul Morell, license number 58-B-0263 for all available years before the year 2007 and all inspections older than three years from April 1, 2011. Your request was received in this office on April 4, 2011, and assigned case number FOIA 11-376.

Please note that copies of inspection reports for the last three years are now available on our Animal Care web site. To access all available APHIS inspection reports, please visit the APHIS homepage at <http://www.aphis.usda.gov> and click on **Animal Welfare**, (an item listed in the blue box on the left-hand portion of the screen). Then, click on **03/25/11 Animal Care has developed an expanded and improved (ACIS) Search Engine** (item listed under **Latest News in Animal Welfare**). Go to the bottom of the page and click on:
<http://acisearch.aphis.usda.gov/LPASearch/faces/Warning.jsp> ... There, you will be able to access a searchable database.

Agency employees conducted a thorough search of their files and located four additional pages of responsive records which are enclosed. These records are appropriate for release in their entirety, without redaction. Animal Care advised our office that Mr. Morell has not had any other license. His license was issued on February 14, 1997 and was subsequently canceled on February 16, 2011.

If you have any questions, please contact Ms. Deborah L. Leilich of my staff at (301) 734-3623.

Sincerely,

Tonya G. Woods
