Dear Ms. Johnson,

Pursuant to the Freedom of Information Act, I'd like to request all photos, videos, DVDs or CDs generated that are related to USDA-licensed commercial dog and cat breeders and brokers in the State of Minnesota, from January 1, 2007 through present (July 25, 2011).

This request pertains to all breeders/brokers during this period, whether they are active or have recently canceled their license.

This request pertains to all inspections, investigations or other interactions with these licensees.

If there is a fee over \$50, please notify me.

Also, please advise:

1. How far back (number of years) do you keep records such as this?
2. For similar requests related to APHIS and dog breeders, should I direct future requests to you, to Ms. Woods or to Dr. Goldentyer?

Thanks.

If you have any questions, I may be reached at this

Thank you for your assistance.

Sincerely,

Ann Olson  
Animal Folks MN
