Description of Information you are Requesting:

I have been referred to you by Thomas Linfield DVM USDA-APHIS-VS 208 N. Montana, Suite 101 Helena Mt. 59601 (406)449-2220 about information regarding the Testing and disposal of sheep (Wibaux, Montana) for Scrapies in 2002. ran her sheep on 80 acres of my property (no fence between her property line and my property)and there was a trash pit dug on my property with out my knowledge or permission and I believe that some of the dead sheep (prior to 2002) were put into this pit before they discovered that her herd my have Scrapies. This pit remains open to this date. I am requesting information about whether her herd of sheep had Scrapies or potential for Scrapies was present as they put down her entire flock.(2002) I need to know what the test results were for her sheep as this information may affect property sales and disclosure requirements.

Thanks,
Terry Weyer
