Dear Ms. Duple:

This is our final response to your November 18, 2010, Freedom of Information Act (FOIA) request for data regarding adverse events during 2009 for specific canine 5—way vaccines: DuraMune - Fort Dodge Animal Health, Vanguard 5 – Pfizer Animal Health, Galaxy 5 – Schering Plough, and Solojec - Boehringer Ingelheim and the number of doses produced in 2009. Your request was received in this office on November 18, 2010, and assigned case number FOIA 11-091. We apologize for the delay of this response.

Accordingly, please find enclosed a CD-ROM containing the remaining 154 pages of responsive records. However, information has been withheld under FOIA Exemption 6, 5 U.S.C. § 552(b)(6). This exemption protects information from disclosure when its release would cause a clearly unwarranted invasion of personal privacy.

You may appeal our partial denial of information. If you choose to appeal, your appeal must be in writing and must be received within 45 days of the date of this letter at the following address:

Administrator  
Animal and Plant Health Inspection Service  
Ag Box 3401  
Washington, DC 20250-3401

If you choose to appeal, please refer to FOIA 11-091 in your appeal letter and add the words "FOIA Appeal" to the front of the envelope. To assist the Administrator in reviewing your appeal, provide specific reasons why you believe modification of the determination is warranted.

Safeguarding American Agriculture  
APHIS is an agency of USDA's Marketing and Regulatory Programs

An Equal Opportunity Provider and Employer

Linda M. Duple  
FOIA 11-091

Also contained on the CD-ROM are copies of your request, this response letter, and Adobe® Acrobat® Reader™, which is needed to view the responsive records. By opening rp505enu.exe and following the on-screen instructions, you will install Adobe Reader. After the installation, the Adobe Reader should render the PDF files correctly.

If you have any questions, please contact Ms. Deborah L. Leilich of my staff at (301) 734-3623.

Sincerely,

*for* Tonya Woods
