Re: Freedom of Information Act Request

AUG 26 2011

Dear Ms. Woods,

This is a request under the FOIA. Requested is the owner of record of animal (cattle) ear tag #3589. This ear tag number was recorded on an auto accident crash report that involved an automobile and a cow on SR 236 in Gainesville, Alachua County, Florida on 9/25/2010.

It is my understanding that the USDA maintains a database of livestock showing the owner and/or farm name corresponding to the ear tags used to identify cattle. Please provide the owner name and address of ear tag #3589. The cow is believed to have been owned by Roger W. Davis whose address is 2405 SE CR 245, Lake City Florida, or Lawrence Davis of 10706 NW County Road 236, Alachua FL.

I would greatly appreciate your expediting this request as promptly as possible. Please provide certified copies of any documents or records you may have in your files related to this request.

Please advise as to the cost of research and as to the cost of copies. An invoice can be sent to the below address. Please feel free to contact me for further information at the below address or phone number.

Sincerely,

A handwritten signature in black ink, appearing to read "T. Paul Bunnell", written in a cursive style.
