Subject Freedom of Information Act Request

I am an attorney in Miami Florida. I am representing a claimant in a civil case in Tampa Florida who has filed a civil action against an animal sanctuary in relation to its possession of a chimpanzee which my client claims a legal interest in. In order to assert our claim, we are in need of a copy of the 7020 form which was filed with the USDA by the possessors, Big Cat Habitat & Gulf Coast Sanctuary , located at 7101 Palmer Blvd. Sarasota Florida 34240. The chimp's name is Eli, and the transfer would have been either in 2008 or 2009. The source may have been a sanctuary located at 12338 Highway CC, Festus, Mo., 63028. If that document or any other proof of such transfer is within the possession of the USDA, I would hereby request a copy of said document/s be provided as soon as possible. Please feel free to call me at

. Thanks. Jason M. Wandner, Esq.
