Subject Re: FOIA Request - USDA license #41-B-0133

Thank you for your reply. I DO have the inspection reports. What I am asking for in my Sept. 11 request is all documentation relating to the inspection reports I have requested (see below). I would like animal count, any action taken for violations, etc.  
Thank you for your assistance.  
Nancy

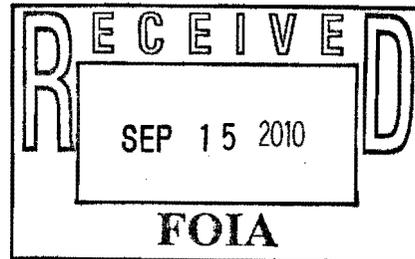

*Please send me all results of the inspections conducted in June, July and August 2010 of USDA license holder 41-B-0133 as soon as possible.*

*You can send them to or via email:*

*Nancy Minion*

*Thanks.*  
*Nancy*

Good afternoon,

Ms. Minion I was asked to contact you and let you know that the inspection reports you are requesting are online and you pull this information yourself and if you are not sure where to locate this information online I will add the information in this e-mail where you can locate the inspection reports.

The program office has updated their website and the list of licensed facilities that you were able to access in 2006 is no longer available in that format. However, you now have access to a searchable database that will allow you to search for a specific facility type. To access this information, please visit the APHIS homepage at <http://www.aphis.usda.gov> and click on **FOIA Reading Room** (a bullet item located in the light blue box on the right-hand portion of the screen). Then, click on **Lists of active licensed and registered facilities**, a bullet item located under a Frequently Requested Documents heading. Then, about halfway down that next page, click **Inspection Reports and License and Registration List**. Read the screen and click **I agree**. You will then be in the searchable database. In the **customer type** field click the down arrow and select the facility type of interest.

Thanks in advance,
