Subject Request: disaster plan for Miami Seaquarium

Hello Mr. Goldberg

I'm a [redacted] who is very concerned with the BP oil spill's inevitable effect on the sea animals held at the Miami Seaquarium, particularly Lolita, a 42 year old orca captured 40 years ago from waters around where I live, in Victoria BC on the Strait of Juan de Fuca / Georgia Strait / Salish Sea.

I am asking for

- 1) The APHIS file containing Miami Seaquarium's disaster contingency plan to provide emergency sources of water and/or arrangements for relocating marine mammals as is required by APHIS Regulation 9 CFR section 3.101(b).
- 2) Any proposed Disaster Plan submitted to APHIS regarding the pending contamination of the MSQ water supply by the gulf oil spill.
- 3) A copy of the Miami Seaquarium Hurricane preparedness plan

Please let me know when I will receive the information.

Thank you.

Diane McNally
