Subject FOIA Request

Dear Sir Madam,

My name is Richard Foster and I work for Oxford Scientific Films, a Documentary production company. We are making a series for Animal Planet about people who keep dangerous animals as pets and in captivity and I would like to request any information you have on file for the late Judy Briscoe, owner of Spotted Acres zoo in Flora Illinois. Judy had a permit to exhibit dangerous animals and this was revoked in around 2004. In 2006 a worker was killed by a black bear, his name was Tom Phillips, after which the facility closed down completely.

Any information you can supply on this facility would be extremely helpful in telling the story of both the facility and the incident in which Tom Phillips needlessly died.

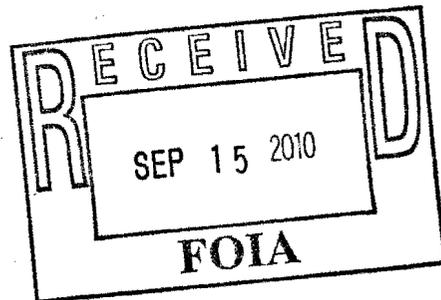

Thank you in advance for your assistance and I look forward to hearing from you in due course,

Kind Regards,

Richard
