Subject FOIA request

Attached is a FOIA request from Riverdale with regard to **Joe Schreibvogel, GW Exotic Animal Foundation, 73-C-0139**. Please note that new procedures for FOIAs now require a search of all "electronic media, such as computer hard drives, e-mail, electronic calendars, archives, servers, cds, thumb drives, etc." located in ANY USDA office, including inspectors.

Consequently, I'm forwarding this request so that you can forward me a copy of any and all information you have on (name) in your paper or electronic files that we would not have here in our office. I will send it to FOIA as a package with what I send them.

The deadline for me sending this information to the FOIA office is **12/15/10**, so if at all possible, I need immediate attention to this request.

Thanks for your help!
